Subject: Local Policy FNF – Drug Testing Program for Students in Athletics

### **BACKGROUND INFORMATION**

Research indicates that the illegal use of drugs and alcohol contribute to a greater risk of injury for students participating in extracurricular activities. Students who participate in extra-curricular activities, and in this case, athletics, are held to high standards by staff, coaches and the community. Additionally, students need tools to deflect the pressures of society.

For the safety and well-being of all students, it is the responsibility of the District to ensure, to the extent possible, that students who participate in athletics do so in a drug/alcohol-free environment. The District seeks to provide a safe, drug-free school for all of its students due to the student body's respect of students participating in athletics.

### <u>ADMINISTRATIVE CONSIDERATION</u>

Local Policy FNF has been reviewed by the district administration to make additions that are in the best interest of the students and district.

### ADMINISTRATIVE RECOMMENDATION

The administration recommends that the Board approve policy FNF (LOCAL) as it prepares to incorporate this policy into the district's Localized Policy Manual.

### PROPOSED POLICY 07/11/17

INTERROGATIONS

BY SCHOOL OFFICIALS

Administrators, teachers, and other professional personnel may question a student regarding the student's own conduct or the conduct of other students. In the context of school discipline, students have no claim to the right not to incriminate themselves.

BY POLICE OR OTHER AUTHORITIES For provisions pertaining to student questioning by law enforcement officials or other lawful authorities, see GRA(LOCAL).

LOCKERS AND VEHICLES

Students have full responsibility for the security of their lockers, and for vehicles parked on school property. It is the student's responsibility to ensure that lockers and vehicles are locked and that the keys and combinations are not given to others. Students shall not place, keep, or maintain any article or material that is forbidden by District policy in lockers or in vehicles parked on school property.

School officials may search lockers or vehicles parked on school property if there is reasonable cause to believe that they contain articles or materials prohibited by District policy. Students shall be responsible for any prohibited items found in their lockers or in vehicles parked on school property.

If a vehicle subject to search is locked, the student shall be asked to unlock the vehicle. If the student refuses, the District shall contact the student's parents. If the parents also refuse to permit a search of the vehicle, the District may turn the matter over to local law enforcement officials.

USE OF TRAINED DOGS

The District shall use specially trained nonaggressive dogs to sniff out and alert officials to the current presence of concealed prohibited items, illicit substances defined in FNCF(LEGAL), and alcohol. This program is implemented in response to drug- and alcohol-related problems in District schools, with the objective of maintaining a safe school environment conducive to education.

Such visits to schools shall be unannounced. The dogs shall be used to sniff vacant classrooms, vacant common areas, the areas around student lockers, and the areas around vehicles parked on school property. The dogs shall not be used with students. If a dog alerts to a locker, a vehicle, or an item in a classroom, it may be searched by school officials. Searches of vehicles shall be conducted as described above.

**NOTICE** 

At the beginning of the school year, the District shall inform students of the District's policy on searches, as outlined above, and shall specifically notify students that:

FNF (LOCAL)

- 1. Lockers may be sniffed by trained dogs at any time.
- 2. Vehicles parked on school property may be sniffed by trained dogs at any time.
- 3. Classrooms and other common areas may be sniffed by trained dogs at any time when students are not present.
- If contraband of any kind is found, the possessing student shall be subject to appropriate disciplinary action in accordance with the Student Code of Conduct.

### PARENT NOTIFICATION

The student's parent or guardian shall be notified if any prohibited articles or materials are found in a student's locker, in a student's vehicle parked on school property, or on the student's person, as a result of a search conducted in accordance with this policy.

### MANDATORY DRUG-TESTING PROGRAM

The District requires drug testing of any student in grades 7–12 who chooses to participate in school-sponsored UIL athletic program.

**SCOPE** 

A student participating in an athletic program shall be randomly tested throughout the school year.

### **PURPOSE**

The purposes of the drug-testing program are to:

- 1. Prevent injury, illness, and harm resulting from the use of illegal and performance-enhancing drugs or alcohol;
- 2. Help enforce a drug-free educational environment;
- 3. Deter student use of illegal and performance-enhancing drugs or alcohol: and
- 4. Educate students regarding the harm caused by the use of illegal and performance-enhancing drugs or alcohol.
- 5. Offer student-athletes a credible means to resist peer pressure as it relates to the use of legal and illegal drugs, alcohol, and performance enhancing substances.

### USE OF RESULTS

The results of any drug test shall be used only to determine eligibility for participation in extracurricular secondary school-sponsored athletics activities. The District shall take no action against a student except as provided in this policy, and no academic penalty shall be incurred by a student as a result of participation in this program.

### TESTING LABORATORY

The Board shall contract with a certified drug-testing laboratory to conduct testing of students' urine samples.

FNF (LOCAL)

Testing laboratories shall not release statistics regarding the rate of positive drug tests to any person or organization without consent of the District.

### SUBSTANCES FOR WHICH TESTS ARE CONDUCTED

Alcoholic beverages, and harmful substances, and synthetic substance including herbal incense/K2/Spice for the purpose of intoxication, narcotic drug, or other controlled substance of any form, except as prescribed by a licensed physician for legitimate medical purposes for the students medical condition or disease.

Drugs to be tested but not limited to: cocaine, opiates, cannabinoids, phencyclidine, benzodiazepines, amphetamine, methamphetamine, ecstasy, barbiturates, methadone, alcohol/ethylglucuronide, synthetic stimulants and or depressants, anobolic and androgenic Steroids, and inhalants

### COLLECTION PROCEDURES

Personnel from the drug testing laboratory shall collect urine samples under conditions that are no more intrusive than the conditions experience in a public restroom setting. When selected for testing, the selected student shall be escorted to the school's testing sight by a District employee and shall remain under District employee supervision until the student provides a suitable sample for testing. A certified professional collector from the drug testing laboratory of the same gender as the student shall monitor the collection of a suitable urine specimen. The student shall have due privacy at the urinal or within the bathroom stall. The collection shall not be a directly observed collection if the specimen produced is a suitable specimen within temperature range established by SAMHSA Urine Collection Guidelines. Any attempt to substitute or adulterate the specimen by the selected student shall result in a positive test result and be considered refusing to test.

### **RANDOM TESTING**

Random tests shall be conducted each six weeks throughout the school year.

No less than ten percent of the students participating in athletics shall be randomly selected for each random test date. The drugtesting laboratory shall use a random selection method to identify students chosen for random testing. Students shall not receive prior notice of the testing date or time.

### REFUSAL TO TEST OR TAMPERING

A student who refuses to be tested when selected or who is determined to have tampered with a sample shall be subject to the appropriate consequences, as outlined in the administrative procedures provided to parents and students.

### CONFIRMATION OF POSITIVE RESULTS

Upon receiving results of a positive drug test, the District shall schedule a meeting with the student and the student's parents/guardian to review the test results and discuss consequences.

FNF (LOCAL)

Prior to testing, the student or parent/guardian shall provide any information and documentation that may reveal a possible reason for a positive test result.

The student or parent/guardian shall have ten school days following the meeting to provide a medical explanation for a positive result.

### TRACE AMOUNTS

If a student tests positive for a trace amount of a drug for which tests are conducted, the following shall occur:

- For a first offense, the student shall be called into a conference with the athletic trainer, coach/sponsor, and the campus coordinator overseeing that sport. The following guidelines shall apply:
  - a. A verbal and written warning shall be given. The student shall be given until the following day to inform his or her parents or guardian.

Subject: Tyler ISD Medical Benefit Plan – Employee Premium Rate Changes for Plan

Year 2017-2018 for Plans A, B, & HD

### BACKGROUND INFORMATION

In a health care environment that has seen medical care inflation outpacing all other sectors of the United States economy, the Tyler ISD Medical Benefit Plan ("Plan") has continued to financially outperform TRS Active Care Plans, in which approximately 90% of the Texas Schools are participating. The Affordable Care Act, (ACA) of 2010 has continued to impact the cost of the Health Plan again this past year. The Plan has had to pay such fees as the Patient-Centered Outcomes Research Institute Fee and the Transitional Reinsurance Program Assessment Fee. The Transitional Reinsurance Program Assessment Fee will not be collected by the Federal Government this next Plan year but the Patient-Centered Outcome Fee will continue at least for the next Plan year.

Through analysis, it was determined that the continuing general healthcare inflation cost will impact the Plan in the future, especially in drug costs, as well as the ACA fees required to be paid by the Plan. To keep the Plan on solid financial footing for the upcoming 2017-2018 plan year, October 1, 2017 through September 30, 2018, an approximate five percent increase in the Tyler Health Plan premium rate is recommended. Even with the proposed rate increase, the Tyler ISD premium rates will be significantly below premium rates of TRS-Active Care Plans when compared to similar Tyler ISD medical benefit plans. The Tyler ISD Medical Benefit Plan will still be a positive recruiting advantage even with these premium rate changes.

### ADMINISTRATION CONSIDERATION

Tyler ISD Administration and the Insurance Committee have reviewed, analyzed and deliberated the implications of premium changes and have come to the conclusion that increasing premiums will be necessary for the upcoming plan year.

Since the majority of TISD contracted provider rates are tied to a factor of fixed Medicare rates that increase over the years, the TISD health plan costs also increase. Therefore a five percent premium rate increase seems appropriate.

The projected financial impact of the proposed premium rate increases for Plans A, B, & HD would generate approximately \$311,500 of new revenue for the Plan in 2017-2018.

Subject: District Telephone System Purchase

## **BACKGROUND INFORMATION**

Tyler ISD purchased a voice over IP (VoIP) telephone system for the district in August 2004. The current phone system is no longer supported and cannot be upgraded. The 2013 bond program began the process of converting to a new Cisco brand VoIP phone system with installations at the CTC and Three Lakes Middle School.

# **ADMINISTRATIVE CONSIDERATION**

An RFP was issued to provide a new phone system for all district facilities except for CTC and Three Lakes Middle School. The following proposals for the VoIP telephone systems were received and evaluated on the basis of price, quality, resources, financial stability, and K-12 experience.

TISD Technology staff reviewed the proposals. The proposals were then ranked and the vendor that offered the best value, support and implementation expertise was unanimously selected.

# <u>ADMINISTRATIVE RECOMMENDATION</u>

The administration recommends that the Board approve a contract for the VoIP telephone systems for the district in the amount of \$1,465,416.04 with Presidio Networked Solutions Group. Subject: Microsoft Volume License Agreement

## **BACKGROUND INFORMATION**

TISD utilizes Microsoft operating systems and software on all district computers and file servers. The district has first purchased a volume license agreement in June 2010 and has continually maintained it. The original volume license cost to the district in 2010 was \$159,000. The volume license agreement (VLA) enables the district to supply the most current version of Microsoft products to our students and staff.

#### ADMINISTRATIVE CONSIDERATION

The Microsoft VLA provides licenses for all of the widely used Microsoft products including MS Office Professional, Exchange E-mail Client Access, Virtual Desktop Access, and file server operating systems. The VLA provides continual upgrades for Microsoft products as they are released. A new 15 month Microsoft Volume License Agreement will align the end of the agreement with the start of a new fiscal year. Following the end of the proposed 15 month agreement the district will entertain a longer agreement for these products.

The new license agreement also provides a low cost employee purchase program for Microsoft Office Professional, no-cost access to Microsoft Office 365 for all TISD staff and students, and free online training for students and staff in the use of Microsoft products.

#### ADMINISTRATIVE RECOMMENDATION

The administration recommends that the Board approve the purchase of the Microsoft Volume License Agreement in the amount of \$177,073.10 from SHI Government Solutions – DIR Contract # DIR-SDD-2503. Funds provided by the regular budget.

Subject: Virtual Desktop Computers for Hubbard Middle School

#### BACKGROUND INFORMATION

The computers in the Hubbard Middle School labs have an average age of 12 years. While the units work well as a virtual desktop, their bulky CPUs and small monitors do not work well in a modern computing environment and replacement parts are expensive.

# ADMINISTRATIVE CONSIDERATION

The Technology Department has been replacing old PCs with Dell Wyse 5050 zero clients during the past school year. These all-in-one units feature a 24" flat panel and small footprint. They have worked very well and teachers reported that the students were excited and engaged with the new technology. A quote was prepared to replace 120 of the old PCs at Hubbard at a cost of \$47,880.00. The expected life cycle for a zero client is twelve to fifteen years as these are solid state devices with no moving parts to wear out.

# **ADMINISTRATIVE RECOMMENDATION**

The administration recommends that the Board approve the purchase of 120 Dell Wyse 5050 zero clients for Hubbard Middle School at a cost of \$47,880.00 from Dell, Inc. under DIR Contract # DIR-SDD-1951. Funding for the purchase is provided by the regular budget.

Subject: Purchase of Early Rising Readers and Vamos a Leer! classroom kits for all PreK classrooms

#### BACKGROUND INFORMATION

The Tyler ISD PreK—Grade 3 Literacy Plan is focused on improving student outcomes for all Tyler ISD students in the area of early literacy and providing all students with an evidence-based, aligned curriculum.

Curriculum alignment and resources are essential to developing a viable and guaranteed curriculum for all of our PreK students. As the district identifies literacy areas for enhancement, it is necessary to provide needed resources to teachers that will enhance and support current classroom resources.

## ADMINISTRATIVE CONSIDERATION

Benchmark Education Company offers English and Spanish literacy materials for Prekindergarten. The classroom kits, Early Rising Readers and Vamos a Leer! will support and enhance the PreK literacy curriculum alignment. Classroom kits assist teachers in teaching early reading concepts and foundational reading skills with leveled texts. The kit also provides PreK teachers with running records to assess student's progress toward reading goals. Teacher training on how to best implement and utilize the kits is included in the purchase with follow-up training available throughout the school year. Teacher training for utilizing the kits will be provided prior to August 31, 2017.

#### FISCAL IMPACT

Funds from the High Quality PreK Grant will be used to purchase the Early Rising Readers and Vamos a Leer! classroom kits for all prekindergarten classrooms (English and Spanish), as well as, a training kit for Curriculum and Instruction and the Special Education Department.

## ADMINISTRATIVE RECOMMENDATION

The Administration recommends approval of the purchase of Early Rising Readers and Vamos a Leer! for all PreK classrooms in the amount of \$109,807.50.

Subject: Student Code of Conduct for the 2017-2018 school year

#### **BACKGROUND INFORMATION**

The Tyler Independent School District's Board of Trustees is committed to providing an excellent educational environment for students and staff. The Board will not tolerate acts by any student that may jeopardize the safety, health or educational opportunities of other students. The Texas Education Code Chapter 37, Section 37.001, mandates that each school district adopt a Student Code of Conduct for the district. The code of conduct outlines the expectations for student behavior and defines what consequences may be issued to students in accordance with Chapter 37 of the Texas Education Code.

#### ADMINISTRATIVE CONSIDERATION

The Tyler ISD Student code of conduct is revised annually with input from campus staff members, administrators and parents. Model information is provided by the Texas Association of School Board policy service. The Code of Conduct is made available to parents, in both English and Spanish, and can be accessed at each school's office, on the District website, and at the District Administration Office. Changes to the code for this year are inserted into this draft as a result of legislative updates. Deletions are marked through and highlighted in red while additions are highlighted in yellow.

#### ADMINISTRATIVE RECOMMENDATION

The administration recommends that the Board review the 2017-2018 Student Code of Conduct. A copy of the draft Student Code of Conduct is provided under separate cover

#### (LOCAL) Policy Comparison Packet

This packet is generated by an automated process that compares the updated policy to the district's current policy, as found in TASB Policy Service records.

In this packet, you will find:

- Policies being recommended for revision (annotated)
- New policies (not annotated)

Policies recommended for deletion are not included. If you want to include the text of these policies in the information given to the Board, you may download them from *Policy On Line*.

Annotations are shown as follows.

- Deletions are shown in a red strike-through font: deleted text.
- Additions are shown in a blue, bold font: new text.
- Blocks of text that have been moved without alteration are shown in green, with
  double underline and double strike-through formatting to distinguish the text's
  destination from its origin: moved text becomes moved text.
- Revision bars appear in the right margin, as above.

NOTE: While the annotation software competently identifies simple changes, large or complicated changes—as in an extensive rewrite—may be more difficult to follow. In addition, Policy Service's recent migration to Word 2013 causes some margin notes to appear as a tracked change where no change has taken place.

For further assistance in understanding policy changes, please refer to the explanatory notes in your Localized Policy Manual update packet or contact your policy consultant.

#### INSTRUCTIONAL RESOURCES

EF (LOCAL)

Note:

For information related to the selection process and accounting of instructional materials, as this term is defined by state law and rule, see CMD and EFA.

The District shall provide a wide range of instructional resources for students and faculty that present varying levels of difficulty, diversity of appeal, and a variety of points of view. Although professional staff members may select instructional resources for their use in accordance with District policy and administrative regulations, the ultimate authority for determining and approving the curriculum and instructional program of the District lies with the Board.

**OBJECTIVES** 

In this policy, "instructional resources" may include textbooks, library acquisitions, supplementary resources for class room use, and any other instructional resources, including electronic resources, used for formal or informal teaching and learning purposes. The primary objectives of instructional resources are to implement, enrich, and support the District's educational program.

The Board shall rely on District professional staff to select and acquire instructional resources that:

- Enrich and support the curriculum, taking into consideration students' varied interests, abilities, learning styles, and maturity levels.
- 2. Stimulate growth in factual knowledge, enjoyment of reading, literary appreciation, aesthetic values, and societal standards.
- Present various sides of controversial issues so that students have an opportunity to develop, under guidance, skills in critical analysis and in making informed judgments in their daily lives.
- Represent many ethnic, religious, and cultural groups and their contributions to the national heritage and world community.
- 5. Provide a wide range of background information that will enable students to make intelligent judgments in their daily lives.

SELECTION CRITERIA

In the selection of instructional resources, professional staff shall ensure that the resources:

Support and are consistent with the general educational goals
of the state and District and the aims and objectives of individual schools and specific courses consistent with the District
and campus improvement plans.

DATE ISSUED: 5/23/2017

Gifts of instructional resources shall be evaluated according to these criteria and accepted or rejected in accordance with CDC(LOCAL).

Selection of resources is an ongoing process that includes the removal of resources no longer appropriate and the periodic replacement or repair of resources that still have educational value.

## CONTROVERSIAL ISSUES

District professional staff shall endeavor to maintain a balanced collection representing various views when selecting instructional resources on controversial issues. Resources shall be chosen to clarify historical and contemporary forces by presenting and analyzing intergroup tension and conflict objectively, placing emphasis on recognizing and understanding social and economic problems. [See also EMB regarding instruction about controversial issues and EHAA regarding human sexuality instruction.]
