Audit Committee Charter

AUDIT COMMITTEE CHARTER

(Original September 2008 – Revised September 2017)

PURPOSE

To assist the Board of Trustees (Board) in fulfilling its oversight responsibilities for the financial reporting process, the system of internal control, and the audit process.

AUTHORITY

The audit committee has authority to conduct or authorize special tasks or projects within its scope of responsibility subject to the approval of the Board. To ensure proper oversight and continuity of the audit committee's functions, all special tasks or projects should be approved by majority vote of the audit committee before taking action. It is empowered to:

- Appoint, compensate, and oversee the work of any certified public accounting firm employed by the District.
- Resolve any disagreements between District management and the auditor regarding findings.
- Pre-approve all audit and non-attest services required to fulfill the responsibilities of the committee.
- Utilize counsel of the Board, accountants, or others to advise the committee or assist in the conduct of an investigation or special project.
- In the event of an authorized investigation, may seek any information it requires from employees (all of whom are directed to cooperate with the committee's requests) or external parties engaged by the committee.
- Meet with District officers, external auditors, or outside counsel, as necessary in the conduct of their responsibilities.
- Call upon the Board to provide monetary and nonmonetary resources to enable the committee to contract for external auditors, outside advisors, and ordinary business expenses.

COMPOSITION

The audit committee will consist of two members of the Board. The President of the Board will appoint committee members and the committee chair.

Each committee member will be both independent and financially knowledgeable. Every committee member must be free from any relationship that, in the opinion of the Board, would interfere with the exercise of independent judgment as a committee member.

MEETINGS

The committee will meet quarterly, with authority to convene additional meetings, as circumstances require. All committee members are expected to attend each meeting, in person or via tele- or video-conference. The committee will invite members of the District's management, auditors or others to attend meetings and provide pertinent information, as necessary.

Meeting agendas will be prepared (with the assistance of the internal audit services director) and provided in advance to members, along with appropriate briefing materials. Minutes will be prepared by the internal audit services director and approved at the next meeting. The committee must maintain records of meetings, including attendance.

RESPONSIBILITIES

The committee will report only to the Board and carry out the following responsibilities:

Financial Statements

- Review significant accounting and reporting issues, including complex or unusual transactions and highly judgmental areas, and recent professional and regulatory pronouncements, and understand their impact on the financial statements.
- Review with District management and the external auditors the results of the external audit, including any difficulties encountered.
- Review the annual financial statements, and consider whether they are complete, consistent
 with information known to committee members, and reflect appropriate accounting
 principles.
- Review other sections of the annual report and related regulatory filings before release and consider the accuracy and completeness of the information.
- Review with management and the external auditors all matters required to be communicated to the committee under *generally accepted auditing standards*.

Internal Control

- Assess potential risks and consider the effectiveness of the District's internal control system, including information technology security and control.
- Understand the scope of internal and external auditors' review of internal control over financial reporting, and obtain reports on significant findings and recommendations, together with District management's responses.

Internal Audit Services

• Responsible, with the concurrence of the Board, for the appointment, compensation, retention, and oversight of the work of the director of internal audit services, who shall report functionally to the audit committee and administratively (items such as vacation, sick leave, expense reports, etc.) to the District Superintendent.

- Review with management and the director of internal audit services the charter, plans, risk assessment, and activities.
- Review and recommend to the Board approval of the internal audit services department charter, audit committee charter, annual internal audit plan and major changes to the plan.
- Ensure there are no unjustified restrictions or limitations.
- At least once per year, review the performance of the director of internal audit services and concur with the annual compensation and salary adjustment. The committee will consult with the superintendent regarding work performance and salary adjustments prior to the performance review.
- Review the effectiveness of the internal audit services function.
- At least quarterly, meet separately with the director of internal audit services to discuss any matters that the committee or internal audit services believes should be discussed privately.

External Audit

- Responsible, with the concurrence of the Board, for the appointment, compensation, retention, and oversight of the work of the external auditors, who shall report directly to the audit committee for the purpose of issuing an audit report.
- Review and confirm the independence of the external auditors by obtaining statements from the auditors on relationships between the auditors and the District, including non-audit services, and discussing the relationships with the auditors.
- Review the performance of the external auditors.

Reporting Responsibilities

- At least quarterly, report to the Board about committee activities, issues, and related recommendations.
- Provide an open avenue of communication between internal audit services, the external auditors, and the Board.

Other Responsibilities

- Institute and oversee special tasks or projects as needed.
- Review and assess the adequacy of the committee charter annually, requesting Board
 approval for proposed changes, and ensure appropriate disclosure as may be required by
 law or regulation.
- Confirm annually that all responsibilities outlined in this charter have been carried out.
- Evaluate the committee's and individual members' performance on an annual basis.
- Report to the Board President, excessive absences to committee meetings, conflicts of interest, or dereliction of duties by committee members.

Subject: Tyler ISD Medical Benefit Plan - Plan Document and Benefit Changes for

Plan Year 2017-2018

BACKGROUND INFORMATION

The Tyler ISD Medical Benefit Plans A & B are Grandfathered under the Affordable Care Act of 2010, "ACA", and the High Deductible plan is not a Grandfathered plan under the ACA. The Tyler ISD Medical Benefit Plan Document is reviewed each year to see if changes are necessary due to plan performance, regulatory reform or clarification of benefits.

ADMINISTRATIVE CONSIDERATION

Administration and the Insurance Committee have reviewed, analyzed and discussed at length the implications of the benefit changes that have taken place as required by the ACA and any future ACA requirements. The Committee has also reviewed other factors, other than ACA, that might impact the upcoming Plan Year 2017-2018. These include the impact of benefit changes in relation to the 5% premium Increase for all Plans. The recommendation is not to reduce or increase any benefits for the coming plan year for any of the Tyler ISD plans.

Plans A, B & HD

Plans A & B and the HD Plan have made the changes required under ACA over the past several plan years. For the 2017-2018 plan year, there are no ACA required changes to implement.

<u>ADMINISTRATIVE RECOMMENDATION</u>

The administration recommends the Board approve the Tyler ISD Medical Plan Document with no benefit changes for Plans A, B and HD for the plan year of 2017-2018.

Subject: Tyler ISD Medical Benefit Plan - Stop-Loss Insurance Renewal

BACKGROUND INFORMATION

The Tyler ISD Medical Benefit Plan is self-funded and currently covers approximately 3,300 Tyler ISD employees and their dependents. The Plan purchases stop-loss insurance to protect against catastrophic losses in two ways. The first way is when an individual member has processed claims that total more than \$150,000. At that point, allowable costs for medical claims exceeding \$150,000 are reimbursed to the medical plan. The second protection against catastrophic loss is when the total of all allowable claims for the entire medical plan for all participants, exceed a specific amount called the aggregate stop-loss. This amount is also called the attachment point. The attachment point for the current year is approximately \$15,724,000. When the allowable claims reach the attachment point, the excess allowable claims over this amount is reimbursed to the medical plan. Current annual premium cost for both specific and aggregate stop-loss coverage is approximately \$1,098,000.

ADMINISTRATIVE CONSIDERATION

HealthFirst TPA, claims administrator, and George Michael & Associates, plan manager, went to the reinsurance stop-loss market and received five bids. Companion Life's quote is 3.82% higher than last year's premium but is lower by 6.46% to the next closest quote. The estimated monthly premium will be \$94,821. The premium will vary slightly as it is based on the number of employees on the plan in any one month. Companion Life has also lowered the aggregate attachment point by approximately \$37,923 for the upcoming plan year. Companion Life has provided good service for the past year to the Tyler ISD Health Plan. The quotes and performance were reviewed by TISD's administrative staff, George Michael & Associates, HealthFirst TPA, and the TISD Insurance Committee and recommend that Tyler ISD renew the stop-loss coverage with Companion Life for the plan year 2017-2018.

ADMINISTRATIVE RECOMMENDATION

The Administration recommends the Board approve the renewal from Companion Life Insurance Company to provide stop-loss insurance for the Tyler ISD Medical Benefit Plan for the plan year 2017-2018.

Subject: Expansion of Data Backup System

BACKGROUND INFORMATION

The district upgraded the off-site data backup system in June 2016. The system has performed very well, but is in need of expansion as the volume of data in use by the district has grown.

ADMINISTRATIVE CONSIDERATION

The Technology Department stores a copy of our data in an off-site system in order to protect this valuable asset. The backup system can be grown incrementally as needed to protect the growing volume of data in use by the district. The incremental approach allows the district to purchase only what is needed for the foreseeable future without wasting funds on storage that would sit idle.

ADMINISTRATIVE RECOMMENDATION

The administration recommends that the Board approve the purchase of a 4 Tb expansion of the EMC Avamar Data Domain DD2500 backup system from Avalon Technologies (DIR Contract # DIR-TSO-2634) in the amount of \$59,392.50. The purchase price includes three years of software and hardware maintenance.

Funding for this purchase comes from E-rate funds.

Subject: Antivirus Software Upgrade

BACKGROUND INFORMATION

The Tyler ISD Technology Services Department maintains a layered approach to security to protect our district's network infrastructure and data. In July 2014, the district purchased a three year license for antivirus software.

ADMINISTRATIVE CONSIDERATION

During the past school year, the Technology Services Department has been evaluating options for antivirus software. Based on those test results, the district recommends the Bitdefender GravityZone Security antivirus software for both the virtual and physical servers, desktop and laptop PCs and virtual desktop PCs.

In addition to the traditional viruses and malware, Bitdefender provides protection against ransomware attacks such as Wannacry and Petya that have caused worldwide network outages. Funds for the purchase are budgeted through the general fund.

ADMINISTRATIVE RECOMMENDATION

The administration recommends the Board approve the purchase of a three year software license for Bitdefender GravityZone Security from SHI Government Solutions (BuyBoard Contract #498-15) in the amount of \$95,060.00.

Consider Approval of a Temporary Easement and Right-of-Way to Oncor Electric Delivery Company LLC (Oncor) for Robert E. Lee High School

BACKGROUND INFORMATION

The District has been approached by Oncor requesting a temporary easement and right-of-way for a portion of the land owned by Tyler ISD located at 411 E Loop 323, Tyler, TX. The easement will provide a path for Oncor's primary electrical wire to feed the transformer for RELHS and will not impact the campus in any adverse way or be of a safety concern.

ADMINISTRATIVE CONSIDERATION

Legal Counsel has reviewed the request and found all to be in order. Copies of the easement and the location are included in the agenda.

ADMINISTRATIVE RECOMMENDATION

The administration recommends the Board of Trustees grant the temporary easement and right-of-way as requested by Oncor for a portion of the Robert E. Lee High School property.

Consider Approval of the Annual Service Contract with Integrity Turf for the District Landscaping Needs

BACKGROUND INFORMATION

The contract consists of weekly mowing, fertilizing, pre-emergent, post emergent, tree and shrub trimming as well as the mulching and weeding the flower beds just to mention a few. Roles and Responsibilities of the Bond Oversight Committee

- The charge of the Bond Oversight Committee shall be to monitor, evaluate and report to the Board of Trustees regarding the progress of the bond program and to offer advice for its most efficient implementation. The role of the Committee shall be advisory and shall in no way interfere with the authority of the Board of Trustees to govern and manage the affairs of the District.
- The Committee shall be composed of seven (7) members to be selected and appointed by the Board of Trustees. Members shall be recognized by the community as individuals of good faith who will assume the charge of the board with a sense of commitment and objectivity.
- The Committee shall be representative of the community in terms of demographics.
- Some members shall have some working knowledge of budgeting and accounting and experience with interpreting and analyzing financial statements.
- Some members shall have a working knowledge of construction, architecture design or engineering.
- The chief financial officer of the district shall develop a clear and concise reporting format which shall include the status of each project, a timeline for each major component and an accounting of all expenditures by project. The Committee may request other information as may be reasonably expected to meet its charge.
- ❖ The Committee shall function entirely independently of direction from the Board or administration and shall have access upon request to any reasonable support as may be required.
- All members of the Bond Oversight Committee are encouraged to contact the staff on a regular basis to offer suggestions and/or advice on any area of expertise or specific interest.
- ❖ The committee shall report to the Board of Trustees on a quarterly basis or as requested by either the Board or the committee.

It is the recommendation that the meetings are initially scheduled quarterly with the first meeting to be announced at a later date. If the Committee wants to meet more often after it is formed, we can do so. The meetings would include a financial report including the selling of bonds, bond utilization and cash flow reports. A performance report would also be provided by TISD staff, TISD Facility Services, representing architects and construction manager. The Committee would also be invited to make site visits once the construction phase has begun.
