

## Idita-Read Race

**Start in Anchorage, and read all the way to the finish line in Nome, Alaska.**

Follow the Iditarod trail and go to each checkpoint. The way you move forward is to read for 20 minutes. (For every 20 minutes, you get to move forward one checkpoint).

**Kindergarten:** Your parents, or big brother or sister, or grand-parents, can read to you for 20 minutes.

**First Grade:** You can read with your parents, by you reading a page, and then they will read a page. Or, you read all the words you can and they can help you when you get stuck on a word.

**Second Grade:** You can read to a little brother or sister, or to your parents, or to your grandparents.

When you are at the finish line, bring in your map, and have your parents sign it, to show you made it all the way to Nome, and collect your prize!!!!
