Unity High School understands that families have a lot of questions, regarding our return to school plans. With those questions come uncertainty, resulting in a wide array of emotions. We ask for your patience as we put together a plan that addresses many of your concerns and is rooted in the guidelines given to us by the Illinois State Board of Education and Illinois Department of Public Health. Your students safety is our number one concern. We also believe that nothing replaces the role of a great teacher. The heart of true learning lies in the classroom.

We want all of you to know that we don't believe that there are any "right" answers in this moment, but we do believe that there are "best" and "reasonable" answers in this moment. We are going to make our decisions based on what we know at this moment, but also want you to know that we are going to be quick to adjust as our knowledge changes.

Our plan coming out on July 31st will address many areas of concern but here are some of the main topics:

- **STUDENT & STAFF SAFETY**
- **IN-PERSON VS. REMOTE LEARNING OPTIONS FOR PARENTS**
- **ATTENDANCE—No Attendance Incentive Program**
- **BUSING**
- **ARRIVAL ON CAMPUS & PROCEDURES**
- **DAILY BELL SCHEDULES**
- **REDUCING CLASS SIZES**
- **BUILDING & CLASSROOM CLEANING**
- **BREAKFAST & LUNCHEs**
- **TECHNOLOGY - Moving 1:1 with every student receiving a chrome-book and hot spots as needed.**
- **EXTRA-CURRICULAR ACTIVITIES**
- **FINE ARTS**

Respectfully,
