STUDENT/PARENT CHROMEBOOK AGREEMENT 2020-2021

Students and parents are reminded that use of school technology is a privilege, and not a right. Everything done on a school-owned computer, network or electronic communication device may be monitored by school authorities. Inappropriate use of school technology can result in limited or banned computer use, disciplinary consequences, removal from courses, loss of credit and receiving a failing grade, and/or legal action as stated in the "Student Code of Conduct Handbook".

To understand the tech use expectations, students and parents are responsible for reviewing the Eight Mile School District's "Acceptable Use Policy".

Ownership of the Chromebook

All students in grades K-12 will be issued Google Chromebooks for educational use during school hours. Before a Chromebook can be issued to your child you must sign and return the Agreement form below and pay a \$10 technology fee. Trenton School retains sole right of possession of the Chromebook. Trenton School will lend the Chromebook to the students for educational purposes for the academic school year. Additionally, Trenton School administrative staff and faculty retain the right to collect and/or inspect Chromebooks at any time, including via electronic remote access and to alter, add, or delete installed software or hardware.

Returning your Chromebook

Before the last week of school, students will turn in their Chromebook's and all accessories. Failure to turn in Chromebook will result in the student being charged the full replacement cost. Additionally, a report of stolen property with the local law enforcement agency will be filed by the school or school.

Expectation of Privacy

Students have no expectation of confidentiality or privacy with respect to any usage of a Chromebook, regardless of whether that use is for school-related or personal purposes, other than as specifically provided by law. The school may, without prior notice or consent, log, supervise, access, view, monitor and record use of student Chromebooks at any time for any reason related to the operation of the school. By using a Chromebook, students agree to such access, monitoring, and recoding of the device.

Chromebook Care

Students are responsible for the general care of the Chromebook they have been issued by the school. Chromebooks that are broken or fail to work properly must be reported to a teacher or administrator as soon as possible so they can be taken care of properly. Students should never leave their Chromebook unattended except locked in their hallway locker. If the Chromebook is damaged, lost, or stolen, the student is responsible for the reasonable cost of repair or for its fair market value on the date of loss. Trenton School will not pay for loss or damage caused by or resulting from the following:
