

Good evening,

The Pre-Enrollment window using our online Guardian Portal continues this week for all new and current students in Tecumseh Public Schools. Please note that we are requesting that all student enrollments be finalized by the end of this week – Friday, July 31st.

For students who ended last school year with us, parents or guardians should have received an email and letter notification with login credentials for your child sometime early last week. Please follow the instructions in those messages to set up your Guardian Portal, and then submit your child’s enrollment information. Please note that this process needs to be completed for all students whether your child will attend in-person or through virtual instruction.

In addition to the enrollment information being requested in the Guardian Portal, if your child is enrolling in our virtual learning program to receive instruction from home, an additional online application to the virtual program is available on our website and should be completed. Please note also that an application for new students to the district who were not enrolled in our district at the end of last school year is also available on our school website.

As a reminder, our district website is <http://www.tecumseh.k12.ok.us>. Look for the Time for Enrollment section to access all of the current information about the enrollment process, and check back often for new information as it is released.

If you have questions about enrollment, please contact your child’s school site:

Once again, in order for us to finalize our back-to-school plans at each school site and create class lists and student schedules, we are asking that you please take time to finalize your child’s enrollment by the end of this week – Friday, July 31st. As always, thank you for your support of Tecumseh Public Schools.
