Parent Questionnaire

We are asking for your help in answering a few quick questions about reopening our schools. The purpose of this questionnaire is to obtain our parents' overall general perception of preferences for a reopening model. Please answer to the best of your knowledge or opinion, it will only take a few brief moments to complete the questionnaire.

On-line Registration Opens on July 15, 2020

On-line registration for the 20-21 school year will open in Skyward today, July 15, 2020. While we do not yet have a finalized reopening plan for our schools, it is very important that parents register all of their children for school for the coming school year. You are not committing to anything at this time, however registration does provide us with an idea of how many students are returning to our schools.

In closing, I would like to sincerely thank the many, many parents who have emailed the Board of Education or myself to express your thoughts, opinions and ideas about reopening school for the 20-21 school year. The volume of emails has been amazing--thank you! The large amount of emails also makes it very difficult to personally respond to all of them. Your time in communicating with the school district, whether it is to the Board of Education, individual board members, or myself and other administrators, is appreciated and your input is valued.

“Committed to Excellence”

There is no doubt that we are in the midst of very challenging times. The uncertainty of the future is uncomfortable and disconcerting for everyone. I want to continue to convey the district's thanks for the flexibility, patience and support that our Mahomet-Seymour parents have shown. We realize that you are needing and wanting to make plans for the coming school year, and without a reopening plan, that is difficult to do. Our work on a reopening plan continues on a daily basis, and we look forward to more discussion and decision making on the evening of July 20, 2020 at our Board of Education meeting.

Thank you!
