June 20, 2020

Hello Bulldog Families,

On Saturday June 20, I was made aware that a student in one of our summer programs at Mahomet-Seymour High School has tested positive for COVID-19. The exposure from this impacts a very limited number of individuals. This email is being sent out of an abundance of caution, so that everyone has accurate and factual information.

The families who need to be notified of this situation have been contacted by the high school administration. We are working with the Champaign Urbana Public Health District, as well as following our own protocols for responding to a situation such as this. All safety protocols for summer school and summer programming as conveyed to us by the Illinois State Board of Education and Illinois Department of Public Health earlier in June have been and will continue to be followed.

Thank you,

Dr. Lindsey A. Hall

Superintendent of Schools
