**Hello Bulldog Families,**

**I hope this email finds you doing well and finding some ways to get outside and enjoy the beauty of springtime.**

**I wanted to take the opportunity to update you with some important information and dates about the end of the 2019-2020 school year. Our principals and teachers have been busy planning and outlining what the remaining days of the school year will look like. This email is meant to provide general information about the end of the year.**

**You will also be receiving more specific information from our principals about how each building will be handling the pickup/retrieval of personal belongings. We appreciate your patience as we formulate these plans--as you can imagine, there are many considerations and restrictions that must be in place and, as always, our top priority is the safety and health of everyone involved.**

**I also wanted to share the link, below, with you--it is a webpage with resources for our families that you will find useful during the school year and into the summer, especially the parts about wellness and activities.**

**In closing, I want to let you know that we will all miss the end of year celebrations, festivities and closure that we are used to and that we look forward to at the end of each school year. This is a very, very hard part of this situation--missing the traditions and things we are used to--and we're all feeling some loss in some way. Please know that even though we can't close the year out like we "normally" do, our students and families are always in our thoughts and we hope you are well. If there is anything that we can do to answer questions, address concerns, or provide resources, help or support, please don't hesitate to reach out to us.**

**Very sincerely,**

**Dr. Lindsey A. Hall**
