

Burkeville Independent School District

To Our Burkeville CommUNITY,

At Burkeville ISD we are committed to our students' and staff's well-being. We know that health and safety is a huge concern right now and we are doing everything we can to ensure that our learning environment is as safe as possible.

We have hired GermBlast, a professional Illness and Infection Prevention company, to come deep clean and sanitize our facilities and buses. This company will be coming this Friday, July 31st, to help us prepare for our upcoming school year. GermBlast has assembled a team of experts in epidemiology, microbiology, biochemistry, and statistics to create cutting edge technology that "Keeps the Fight Outside of the Body".

Their service includes:

- **Pretreatment:** All surfaces are sprayed to break down built up biofilm.
- **Spray:** All surfaces are sprayed with a rapid kill disinfectant that kills 99.999% of detectable pathogens. This spray is non-corrosive, non-toxic, and non-staining.
- **Steam:** A diverse assortment of microorganisms are eliminated within 5 seconds.
- **PCO:** This step purifies the air and disinfects over 60 harmful airborne pathogens.
- **H2O2:** Dry mist atomizes the disinfectant and distributes it from floor to ceiling. This process does not damage electronics or surfaces and breaks down into oxygen and water without leaving residue.
- **Shield:** A safe-to-touch polymer is released that adheres to surfaces to protect from the colonization of bacteria, virus, fungi, and mold.

In addition to this and in our effort to help keep our facilities as clean as possible, hand sanitizing stations will be found in all classrooms, signage will be placed frequently throughout the facilities in order to promote more frequent hygiene practices, work stations will be sanitized after each use, and high-touch areas will be wiped in between classes. Our buses will be sanitized between morning pick-ups and afternoon drop-offs.

Health and safety will continue to stay a top priority throughout the year. We are looking forward to a great 2020-2021 school year.

Sincerely,
Ann Gardner
