

Policy 6008

Class Rank

Student class rank shall be determined by using a numeric grade point average derived from all classes graded on a numeric basis. To be included in the class ranking, a student must have received a numeric grade for each core curriculum class in which he/she was enrolled. For the purposes of this policy, core curriculum shall include all courses in the areas of language arts, mathematics, science, and social studies.

Students who transfer into the school district from an accredited school will be eligible to be included in class ranking after two semesters of attendance. Students who transfer into the school district from an accredited school in the middle of their senior year will be eligible to be included in class ranking, although a mid-year transfer will not displace the ranking of a student who has not transferred mid-year. In those circumstances there will be two students holding the relevant class ranking.

In order to be eligible to receive senior awards such as valedictorian and salutatorian, students transferring from an accredited school must have been enrolled in the district's high school by September 1st of their senior year. Students who transfer in from a home school and/or a non-accredited school must have completed four (4) semesters at Milford High School.
