

2020-2021

The Dollarway School District is diligently working to ensure that our staff and students have a safe and enriching educational experience for the 2020-2021 school year. We continue to closely monitor all guidance from the Arkansas Department of Health and the Division of Elementary and Secondary Education. While there is still much uncertainty related to the COVID-19 pandemic situation, we (staff and students) are planning to return to school on **August 25th**. Changing back and forth between instructional delivery systems can be difficult for students and is discouraged. To make a change, families will need to communicate with the building counselor and follow the procedures for changing their student's placement.
