Notice to Johnson County Community

After school on Wednesday, September 7, 2022, a lockdown was implemented on the campuses of Johnson Central High School and Johnson County Middle School for extra curricular student practices and staff. The lockdown was initiated due to noises that sounded like gunfire in the area. Local law enforcement was unable to corroborate the reports of any gunfire, but we felt the need to be proactive as the safety of our students and staff are of utmost importance. Law enforcement and school administration did confirm that the noises were not on or near Johnson County Schools campus. Students and staff were never in any danger. Again, actions taken by administration were precautionary but, as always, in the best interest of student and staff safety.
