

Jo Ann Walters Elementary School 2020 - 2021

Accreditation

Jo Ann Walters Elementary School is accredited by the Division of Elementary and Secondary Education.

Mission Statement

Teachers, students, and other stakeholders at JAWES work together to provide the foundation for all children to grow into caring, productive citizens who are successful in an ever changing world.

D...Developing I...Independent E...Educated R...Responsible K...Kids S...Successfully

The faculty and administration of Jo Ann Walters Elementary School strongly believe in the ability of all children to learn given enough support and time. Based upon this belief, we make success for every child a priority. Together we will achieve growth for all students.

Dear Parent/Guardian,

In compliance with Act 104 of the 1993 Special Session, the Dierks School District's Student Discipline Policies and Parent Involvement Plan are available on the district website. If you need a printed copy, one will be provided upon written request through the school office. We ask that you use the handbook as a reference and return this letter with your signature and the requested information to indicate your awareness of where to access the documents. Please complete a separate sheet for each child attending our school, as we are required by law to keep these forms on file.

Please note that in addition to the standard form for corporal punishment, we are required to make you aware of our technology acceptable use policy and an amendment which gives parents the option to request that a student not be identified on the honor roll. These and other items are explained in further detail in the handbook.

Respectfully,
Jody Cowart, Superintendent

STUDENT'S NAME _____ GRADE _____
DATE OF BIRTH _____ TEACHER _____
SOCIAL SECURITY NUMBER (optional) _____

_____ I do wish to have my child identified on the school's honor roll and/or appear in news publications.
_____ I do **not** wish to have my child identified on the school's honor roll and/or appear in news publications.

Corporal punishment is discussed in detail in the handbook section titled "Items Related to Disciplinary Action." Please read and choose an option below as to whether your child may receive corporal punishment at school should the need arise. If you choose Option 2, the alternative is generally out-of-school suspension for up to three days. Parents/Guardians who wish to be notified must provide reliable contact information.

_____ Option 1...I expect my child to comply with the discipline policy as written - including use of corporal punishment.

_____ Option 2...I do **not** grant permission for my child to receive corporal punishment with the understanding that the alternative is to be sent home for up to three days (OSS).

I am aware the Dierks School District's Student Discipline Policies and Parent Involvement Plan are available on the district website, and a printed copy may be provided upon request. I have received a copy of the technology acceptable use policy, selected an option for corporal punishment, and given my preference for publication of my child's name and/or picture to appear in news publications and/or hallways.

*A Message from the Principal
August 2020*

Dear Parent or Guardian:

Welcome to a new school year. I remain honored to have the opportunity to work with you and our entire staff for your child's benefit. My primary goal is for us to work together to make the most of every day to help your child be successful.

Last year ended in a unique way that most people probably would not have preferred, but I am thankful for the way everyone pulled together to make the best of a challenging situation. This year will also be different, and remaining flexible will be key. As our school vision states, "Together we will achieve growth for all."

Familiarize yourself with the information in the handbook and reference it as needed. We are excited about our new website and hope you will download the Dierks School District app. You can now have all school news and updates at your fingertips.

Your child's homeroom teacher is your first resource, but we are a team and are all here for the best interest of our students. Please contact me with any questions or concerns you may have.

*Sincerely,
Lori Finley, Principal
Jo Ann Walters Elementary School*

Jo Ann Walters Elementary School
School Community Compact

Goals

We, the Jo Ann Walters Elementary School community, establish this School Community Compact so that:

Goal 1: Reading. Every student will learn to **read well, read often, and enjoy reading** through a focused alliance of family support and powerful classroom instruction.

Goal 2: Studying. Every student will **become a self-directed learner** through teaching that incorporates study skills, homework practices that build study habits, and parental guidance.

Goal 3: Respect & Responsibility. Every student will **develop a sense of responsibility and respect** for self and others through consistent direction and support from the family and the school.

Goal 4: Community. The **school will function as a community** of its constituents-parents, students, teachers, and other school personnel.

Responsibilities

Parent's and Family's Responsibilities - We will:

Goal 1: Reading

- Know what skills our child is learning in reading.
- Read with, or to, our child for 15 minutes each day, five days a week (K-3 grades).
- Ensure our child reads for 30 minutes each day, five days a week (grades 4-6).
- Provide a quiet place for our child to read.
- Know what progress our child is making in passing Accelerated Reading tests.
- Talk about reading with our child-what our child is reading and what we are reading.

Goal 2: Studying

- Ensure that our child completes all homework as assigned on a nightly basis.
- Establish a study place at home that is quiet, well-lit, and where our child can sit to study.
- Monitor our child's study time, offering praise and encouragement.

Goal 3: Respect and Responsibility

- Make sure that our child attends school regularly, is on time, and is prepared to learn with necessary supplies and homework completed.
- Expect our child to behave responsibly and treat other people with respect.
- Listen attentively to our child each day.

Goal 4: Community

- Attend parent-teacher conferences and Open House.
- Communicate frequently with our child's teacher, through notes and conversation, about how well our child is doing and what we can do to help.
- Participate in programs offered by the school for parents, including workshops and courses.

Student's Responsibilities - I will:

Goal 1: Reading

- Ask my family to read to me or with me for 15 minutes each day, five days a week (K-3 grades).
- Read to myself or with a family member for 30 minutes each day, five days a week (grades 4-6).
- Talk about reading with family members, friends, and teachers.
- Take Accelerated Reading tests in an effort to become a Super Reader.

Goal 2: Studying

- Complete my homework on time and in a thorough and neat way.
- Welcome help from my family on my homework and papers.
- Study in a quiet, well-lit place.

Goal 3: Respect and Responsibility

- Arrive at school on time and ready to learn.
- Pay attention to my teachers, family, and tutors and ask questions when I need help.
- Help other people (family members, teachers, friends) each day.
- Behave responsibly and treat other people with respect.

- Accept responsibility for my learning and persist until I get the job done.
- Demonstrate good citizenship in the classroom, school, home, and community.

Goal 4: Community

- Keep my parents informed about what I am learning and doing in school.

Teacher's Responsibilities - I will:

Goal 1: Reading

- Provide time for students to read and encourage discussion and writing about reading.
- Read to students at least twice each week.
- Require students to read each day.
- Encourage class discussion about reading.
- Provide time each day for my students to take Accelerated Reading tests.

Goal 2: Studying

- Assign homework regularly, including reading assignments, and collect, correct, and return homework.
- Grade homework and return it promptly to students, marking the work with comments particular to the student as often as possible.
- Teach students how to study.
- Teach students to monitor their own learning.

Goal 3: Respect and Responsibility

- Encourage students to behave responsibly and treat other people with respect.
- Teach and encourage attentive listening skills.
- Clearly apprise students of assignments to be completed and hold students responsible for meeting obligations.
- Teach and model responsible decision making.
- Model good citizenship and encourage students to demonstrate good citizenship in the classroom, school, home, and community.

Goal 4: Community

- Communicate frequently with parents about their children's progress and show them how they can help.
- Hold at least two parent-teacher conferences a year and Open House.

At Jo Ann Walters Elementary School-

We, the faculty and staff of Jo Ann Walters Elementary School, believe that education is the process of social, emotional, physical, and intellectual growth and development of each and every child. We believe that our school must recognize and provide for individual differences in the teaching of basic skills in order to develop self-reliant children with positive self-images. We further believe that the overall purpose of this school is to provide experiences that will enable each child to advance toward his or her potential in order that he or she might achieve optimum success and happiness.

Based upon these beliefs and our collective passion for impacting the lives of our children, we are committed to the following goals for the benefit of the students of Jo Ann Walters Elementary School.

1. **Provide an environment whereby each child will have successful experiences daily.**
2. **Provide a flexible instructional program that allows for individual differences.**
3. **Encourage each child to work independently, to use time wisely, to follow directions, and to develop a sense of responsibility and respect for self, others, and property.**
4. **Stimulate within each child the development toward social, emotional, physical, and intellectual potential.**
5. **Nurture within each child an intellectual curiosity and love for learning.**
6. **Provide guidance toward the development of attitudes, ideas, values, and interests that contribute to a positive self-image and to a tolerance and an understanding of others.**
7. **Ensure that each child acquires the necessary and basic skills that will enable him or her to live productively in a changing, modern, complex society.**
8. **Nurture each child's creative ability and provide acceptable means of self-expression.**
9. **Ensure that each child acquires "active concern for" and "respect of" the state of our natural environment.**
10. **Assist each child toward the development of good traits of citizenship and character so that he or she will become a productive citizen in our democratic society.**

PROCEDURES AT JO ANN WALTERS ELEMENTARY

The following are some of the procedures that are in place at Jo Ann Walters Elementary School to help ensure that the school environment is one that is beneficial to all students. School policies and rules will be found in the following section. We will always follow state guidelines and adjust to any waivers issued by DESE.

SCHOOL REPORTING OF STUDENT PROGRESS

Methods

The school will make every effort to communicate personally with parents of each student during the school year to discuss the student's academic progress. More frequent communication will be planned for parents of any students not performing at a proficient level as determined by our locally-designed curriculum. Our methods include the following:

1. A Title I meeting is scheduled at the beginning of each school year. This meeting will allow the principal to go over the programs that are in place to assist both parents and students throughout the year. We will also hold an open house to allow the teachers to relay to the parents our expectations as reflected in the grade level curriculum, to explain any new programs or activities, and to discuss the daily routine and procedures in an attempt to have a positive home-school connection.
2. Classroom teachers shall meet with the parents of each student at least once per semester through a **parent-teacher conference**, a telephone conference, or a home visit.
3. **Progress reports** will be sent to parents approximately four weeks prior to each reporting period. These forms, which are to reflect the student's progress toward mastery of the appropriate academic content standards, will require a parent's signature and must be returned to the school.
4. Students will receive a formal **report card** four times per year. Report cards are released to parents at the scheduled parent-teacher conferences or sent home with students, usually on the Friday following the end of the grading period.
5. Once a semester, parents will be notified in writing of the student's independent grade-level equivalency in reading.

Grading Scale

A...90-100	Superior Achievement
B...80-89	Above Average Achievement
C...70-79	Average Performance
D...60-69	Below Average Performance
F...0-59	Failing Effort

Grading Procedure

A student's grades reflect only his or her academic performance.

Teachers will use a variety of ongoing assessments to determine each student's mastery of the prescribed academic content and the ultimate grade to be provided at each grading period. These assessments will include...

- *test scores (both formal and informal check-ups)
- *class participation (both oral and written)
- *independent seat work (daily work)
- *independent activities and extended assignments (often based on rubric scoring)
- *performance assessments (when appropriate)
- *homework (at appropriate grade levels)

Grades will be posted in eschool on a regular basis. Parents may access their child(ren)'s grades by going to <https://hac24.eschoolplus.k12.ar.us/homeaccess24/>. At this site they will select Dierks District from the drop down menu. Enter their login name and password that will be given out at the first of the year or are available in the office.

In the event that a student does not receive a grade due to illness, excessive absences, incomplete work, etc., the situation must be resolved with the individual teacher involved within the time frame designated by that teacher. Otherwise, the student could face retention.

Interventions

All students will be assessed a minimum of three times per year to determine academic growth. Any K-2 student who is not showing appropriate growth will be placed on an Intensive Reading Intervention (IRI). IRI's will be discussed with families no later than fall parent-teacher conferences. Students in grades K – 2 will also be given DIBELS tests to help determine academic achievement. Students who score below grade level will be placed in intervention classes. These classes will be in addition to regular classes and be focused on the specific needs of each individual student. While in intervention classes, the students will be monitored closely for progress by their teacher and through additional assessments. Students who do not need an IRI may be placed in intervention groups as needed for reading and/or math when the student struggles with meeting learning targets. Students in 3-6 will be placed in intervention groups for extra support if they struggle with learning targets.

Summer School

A student in grades K–6 may be required to attend summer school (when available) before promotion for any of the following reasons:

- *has not maintained a 70% grade point average in either math or language arts
- *is reading below grade level in K-2 (ex:in first grade on a level 16 and in kindergarten on a level 4)
- *has accumulated excessive absences as designated by the district's policy. Chronic absenteeism (missing 10% or more of the year) is 18 days in a typical school year.

Promotion at the end of summer school will be contingent upon the successful completion of the prescribed course of study as determined by the summer school teacher and principal.

A student may be recommended for summer school only after these requirements have been met.

- *Parent and teacher have conferenced about the areas of weakness which are not critical but cause for concern.
- *Parent signs a commitment letter to ensure student(s) will be in attendance.

STUDENT SERVICES

The following student services are available to all students in addition to those that will appear in the policies section of this handbook.

Math interventions

Additional instruction is provided throughout the year for students who struggle to master essential academic content standards in math. This service will be made available to those students whose standardized test scores and/or classroom math performance warrant such assistance.

Reading interventions

Extra reading instruction will be made available to those students whose standardized test scores and/or classroom reading performance warrant such assistance.

Transportation

At the beginning of the school year, parents and children should know the name of the driver and the animal which identifies the bus the child will be riding. Pictures of the animals will be posted on the sides of the buses. The superintendent or designee shall annually establish the routes and may modify them as needed. Contact the office if you are uncertain about which bus your child should ride.

Cow Karla Bray
Duck Shannon Bailey
Elephant Greg Nuttall

Squirrel Mindy Efird, Jarrod Fannin
Dog Charles Shaw

Roadrunner Jeff Tipton
Rabbit Greg Janes

Please review 4.19 and 4.19D for transportation rules. School bus rules will be discussed with students, so they understand the expectations. Drivers will be asked to complete a brief report if a student commits an infraction. Depending upon the seriousness of the incident and the number of violations for a particular student, the consequences will range from parent notification/warning for first infraction to loss of bus privileges (minimum of one day to a maximum of one year).

EAST 2015

SCHOOL ROUTINE

Arrival and dismissal

Students should not arrive at school before 7:30 AM because of very limited supervision. Parents should be aware that our first duty teachers take their posts at that time. **First bell rings at 7:55 AM. Tardy bell rings at 8:00 AM.**

The established traffic flow is critical to the safety of all children, and violations by drivers of personal vehicles may be referred to law enforcement officers. Handicapped spaces are available in the east and south parking lots. All guests should enter through the east doors of the building, near the office.

Car riders are dropped off and picked up at the entry located in the south parking lot. The design of the drop-off and pick-up lane will allow for four vehicles to pull up at the same time without compromising the safety of the children. Avoid pulling around vehicles during loading and unloading; use extreme caution if going around becomes necessary.

Act 37 of 2011 states that the driver of a motor vehicle shall not use a handheld wireless telephone while operating a motor vehicle when passing a school building or school zone during school hours when children are present and outside the building, except for an emergency purpose.

Collection and Solicitation of Funds

School officials, teachers, and staff are not permitted to solicit contributions for the school without permission from the board of education. No collection or solicitation of money for non-school purposes of any kind is permitted in any of the Dierks Public Schools. The sale of articles for the purpose of raising funds for school activities by any person connected with the school must have prior permission from the principal.

Emergency School Closings

The Board authorizes the superintendent to delay the opening of school, to close school early, or to close school the entire day in the event of inclement weather or other emergencies which jeopardize the safety of students, school employees, and school property.

When a decision has been made to delay the opening of school or to close school for the entire day, the superintendent will send an appropriate announcement to the automated notification site which will notify all patrons, and he will contact local radio stations KDQN, Cossatot 88.5, and B 95 as soon as it is practical. Students and parents should refer to the school app or listen to these stations rather than call school personnel.

An Emergency Snow Route has been developed to help ensure the safety of all students in the case of inclement weather. There will be selected sites on the main roads where the buses will run to pick up or drop off students (please refer to the page labeled Emergency Snow Route to see the selected sites). The superintendent will send out notifications through the automated notification site and on radio stations when these routes are implemented.

Food

Students are allowed to bring food and drinks for their own snacks during recess periods. They are not allowed to share food with other students and should only bring water in clear containers for their drinks. Energy drinks are not permitted.

Homeroom Parents Organization

The Jo Ann Walters Elementary School Homeroom Parents Organization has been highly involved in the improvement of our school. All parents are urged to contact their child's teacher or the counselor about this organization and its functions.

Homework Policy

The Dierks School District maintains that homework can be an important activity to help students learn. Homework is flexible and is the individual responsibility of each teacher in the system. Purposeful homework varies from day to day and should be assigned based on the student's capacity, potential, and need. Whenever homework exists in the school system, it shall supplement, complement, and reinforce classroom instruction. Homework should not be used as a disciplinary or punitive measure.

Lost and Found

All clothing found on campus, regardless of its value, is placed in the lost and found box. At various times during the year, parents will be notified that articles of clothing have not been claimed and will be distributed to charitable organizations. Money, jewelry, or any other articles of value are turned in to the office. Students may claim them after proper identification.

Party Invitations

Party invitations are not to be handed out at school unless everyone in the class is invited. When selected students are left off the list, hurt feelings often arise. We know that no one wants this to happen, so we respectfully request that when you are unable to invite the entire classroom you send the invitations home in another method rather than through the school. If you have any questions, please contact the office.

Personal Items

The school will not be liable for damages to or loss of personal items students bring to school. Students are not permitted to sell or trade items.

Telephone Use

The school telephones are not to be used by students for outgoing or incoming calls except in the case of an emergency. Students must have an office pass from the teacher and permission from the principal or secretary to use the telephone.

Volunteers

We are very fortunate to have individuals in our community who are willing to donate their time to assist our classroom teachers. Mrs. Karla Bray coordinates a program through which interested volunteers contact her when they will be available. Volunteers will be matched to areas for the greatest benefit to students. Anyone interested in becoming a volunteer should contact Mrs. Bray at the school.

4.1—RESIDENCE REQUIREMENTS

Definitions:

“In loco parentis” means relating to the responsibility to undertake the care and control of another person in the absence of:

1. Supervision by the person's parent or legal guardian; and
2. Formal legal approval.

“Reside” means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

“Resident” means a student whose parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis reside in the school district.

“Residential address” means the physical location where the student’s parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis reside. A student may use the residential address of a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty one (21) years whose parents, legal guardians, persons having lawful control of the student, or person standing in loco parentis reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District’s schools separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person

standing in loco parentis, the student is required to reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools. A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.

Children whose parent or legal guardian relocates within the state due to a mobilization, deployment, or available military housing while on active duty in or serving in the reserve component of a branch of the United States Armed Forces or National Guard may continue attending school in the school district the children were attending prior to the relocation or attend school in the school district where the children have relocated. A child may complete all remaining school years at the enrolled school district regardless of mobilization, deployment, or military status of the parent or guardian.

4.2—ENTRANCE REQUIREMENTS

To enroll in a school in the District, the child must be a resident of the District as defined in District policy (4.1—RESIDENCE REQUIREMENTS), meet the criteria outlined in policy 4.40—HOMELESS STUDENTS or in policy 4.52—STUDENTS WHO ARE FOSTER CHILDREN, be accepted as a transfer student under the provisions of policy 4.4, or participate under a school choice option and submit the required paperwork as required by the choice option under Policy 4.5.

Students may enter kindergarten if they will attain the age of five (5) on or before August 1 of the year in which they are seeking initial enrollment. Any student who has been enrolled in a state-accredited or state-approved kindergarten program in another state for at least sixty (60) days, will become five (5) years old during the year in which he/she is enrolled in kindergarten, and meets the basic residency requirement for school attendance may be enrolled in kindergarten upon written request to the District. Any student who was enrolled in a state-accredited or state-approved kindergarten program in another state or in a kindergarten program equivalent in another country, becomes a resident of this state as a direct result of active military orders or a court-ordered change of custody, will become five (5) years of age during the year in which he or she is enrolled in kindergarten, and meets the basic residency requirement for school attendance may be enrolled in kindergarten upon a written request to the District.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed a state-accredited kindergarten program shall be evaluated by the district and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child's parent or legal guardian agrees with placement in the first grade; otherwise the child shall be placed in kindergarten.

Any child may enter first grade in a District school if the child will attain the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state-accredited or state-approved elementary school in another state for a period of at least sixty (60) days, who will become age six (6) years during the school year in which he/she is enrolled in grade one (1), and who meets the basic residency requirements for school attendance may be enrolled in the first grade.

Students who move into the District from an accredited school shall be assigned to the same grade as they were attending in their previous school (mid-year transfers) or as they would have been assigned in their previous school. Private school students shall be evaluated by the District to determine their appropriate grade placement. Home school students enrolling or re-enrolling as a public school student shall be placed in accordance with policy 4.6—HOME SCHOOLING.

The district shall make no attempt to ascertain the immigration status, legal or illegal, of any student or his/her parent or legal guardian presenting for enrollment.

Prior to the child's admission to a District school:

1. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall furnish the child's social security number, or if they request, the district will assign the child a nine (9) digit number designated by the Division of Elementary and Secondary education.
2. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall provide the district with one (1) of the following documents indicating the child's age:
 - a. A birth certificate;
 - b. A statement by the local registrar or a county recorder certifying the child's date of birth;
 - c. An attested baptismal certificate;
 - d. A passport;
 - e. An affidavit of the date and place of birth by the child's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis;
 - f. United States military identification; or
 - g. Previous school records.
3. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall indicate on school registration forms whether the child has been expelled from school in any other school district or is a party to an expulsion proceeding. Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not to allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.
4. In accordance with Policy 4.57—IMMUNIZATIONS, the child shall be age appropriately immunized or have an exemption issued by the Arkansas Department of Health.
- 5.

Uniformed Services Member's Children

For the purposes of this policy:

“Activated reserve components” means members of the reserve component of the uniformed services who have received a notice of intent to deploy or mobilize under Title 10 of the United States Code, Title 32 of the United States Code, or state mobilization to active duty.

“Active duty” means full-time duty status in the active, uniformed services of the United States, including without limitation members of The National Guard and Reserve on active duty orders under 10 U.S.C. §§ 1209 and 1210.

“Deployment” means a period of time extending from six (6) months before a member of the uniformed services' departure from their home station on military orders through six (6) months after return to his or her home station.

“Eligible child” means the children of:

- Active duty members of the uniformed services;
- Members of the active and activated reserve components of the uniformed services;
- Members or veterans of the uniformed services who are severely injured and medically discharged or retired for a period of one (1) year after medical discharge or retirement; and
- Members of the uniformed services who die on active duty or as a result of injuries sustained on active duty for a period of one (1) year after death.

“Uniformed services”⁴ means the United States Army, United States Navy, United States Air Force, United States Marine Corps, United States Coast Guard, the National Oceanic and Atmospheric Administration Commissioned Officer Corps, the United States Commissioned Corps of the Public Health Services, and the state and federal reserve components of each of these bodies.

“Veteran” means an individual who served in the uniformed services and who was discharged or released from the uniformed services under conditions other than dishonorable.

The superintendent shall designate an individual as the District's military education coordinator, who shall serve as the primary point of contact for an eligible child and for the eligible child's parent, legal guardian, person having lawful control of the eligible child, or person standing in loco parentis. The individual the superintendent designates as the District's military education coordinator shall have specialized knowledge regarding the educational needs of children of military families and the obstacles that children of military families face in obtaining an education.⁵

An eligible child as defined in this policy shall:

1. Be allowed to continue his/her enrollment at the grade level commensurate with his/her grade level he/she was in at the time of transition from his/her previous school, regardless of age;
2. Be eligible for enrollment in the next highest grade level, regardless of age if the student has satisfactorily completed the prerequisite grade level in his/her previous school;
3. Enter the District's school on the validated level from his/her previous accredited school when transferring into the District after the start of the school year;
4. Be enrolled in courses and programs the same as or similar to the ones the student was enrolled in his/her previous school to the extent that space is available. This does not prohibit the District from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses/and/or programs;
5. Be provided services comparable to those the student with disabilities received in his/her previous school based on his/her previous Individualized Education Program (IEP). This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
6. Make reasonable accommodations and modifications to address the needs of an incoming student with disabilities, subject to an existing 504 or Title II Plan, necessary to provide the student with equal access to education. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
7. Be enrolled by an individual who has been given the special power of attorney for the student's guardianship. The individual shall have the power to take all other actions requiring parental participation and/or consent;
8. Be eligible to continue attending District schools if he/she has been placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty.

In the event that official copies of an eligible child's education records are not available at the time the eligible child is transferring, then the District shall:

- Pre-register and place an eligible child based on the eligible child's unofficial education records pending receipt of the eligible child's official records; and
- Request the eligible child's official education records from the sending district.

4.3—COMPULSORY ATTENDANCE REQUIREMENTS

Every parent, legal guardian, person having lawful control of the child, or person standing in loco parentis of any child age five (5) through seventeen (17) years on or before August 1 of that year who resides, as defined by policy (4.1—RESIDENCE REQUIREMENTS), within the District shall enroll and send the child to a District school with the following exceptions:

1. The child is enrolled in private or parochial school.
2. The child is being home-schooled and the conditions of policy (4.6—HOME SCHOOLING) have been met.
3. The child will not be age six (6) on or before August 1 of that particular school year and the parent, legal guardian, person having lawful control of the child, or person acting in loco parentis of the child elects not to have him/her attend kindergarten. A kindergarten waiver form prescribed by regulation of the Division of Elementary and Secondary Education must be signed and on file with the District administrative office.
4. The child has received a high school diploma or its equivalent as determined by the State Board of Education.
5. The child is age sixteen (16) or above and is enrolled in a post-secondary vocational-technical institution, a community college, or a two-year or four-year institution of higher education.
6. The child is age sixteen (16) or seventeen (17) and has met the requirements to enroll in an adult education program as defined by A.C.A. § 6-18-201 (b).

4.4—STUDENT TRANSFERS

The Dierks School District shall review and accept or reject requests for transfers, both into and out of the district, on a case by case basis at the July and December regularly scheduled board meetings.

The District may reject a nonresident’s application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Division of Elementary and Secondary Education (DESE) to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Any student transferring from a school that is not accredited by the DESE to a District school shall be evaluated by District staff to determine the student’s appropriate grade placement. A student transferring from home school will be placed in accordance with Policy 4.6—HOME SCHOOLING.

Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.³

Except as otherwise required or permitted by law, the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student’s parents. The District and the resident district may enter into a written agreement with the student or student’s parents to provide transportation to or from the District, or both.

4.4D – TRANSFERS

ACCREDITED SCHOOLS

Any student transferring to Dierks from a school accredited by the DESE shall be placed in the same grade the student would have been in had the student remained at the former school.

HOME SCHOOLING/STUDENTS TRANSFERRING IN FROM A NON-ACCREDITED SCHOOL

Students who enter Dierks Public Schools from non-accredited schools or have been schooled at home will be temporarily placed until a testing battery can determine accurate placement. Testing instruments used will be ones currently used for enrolled students or comparable ones. Should the student score below grade level, placement will be determined by the principal, counselor, and appropriate classroom teachers.

Act 400 of 1997 requires parents to register at home-school children only once a year with the superintendent of their resident district, and they may withdraw a student from school mid-year or anytime during the year and register to provide a home school then.

Home schooled children will be tested on the same schedule as public school students and the test will be administered by education service cooperatives; financial responsibility for the testing will be assumed by the Department of Education.

The Dierks School District will not grant transfers in or out of the district after September 15 of the fall semester and January 15 of the spring semester.

4.5—SCHOOL CHOICE

Standard School Choice

Exemption

The District is under an enforceable desegregation court order/court-approved desegregation plan that explicitly limits the transfer of students between school districts and has submitted the appropriate documentation to the Division of Elementary and Secondary Education (DESE). As a result of the desegregation order/desegregation plan, the District is exempt from the provisions of the Public School Choice Act of 2015 (Standard School Choice) and the Arkansas Opportunity Public School Choice Act (Opportunity School Choice). The District shall notify the superintendents of each of its geographically contiguous school districts of its exemption. The exemption prohibits the District from accepting any school choice applications from students wishing to transfer into or out of the District through standard School Choice or Opportunity School Choice.

Definition

"Sibling" means each of two (2) or more children having a ~~common~~ parent in common by blood, adoption, marriage, or foster care.

Transfers into the District

Capacity Determination and Public Pronouncement

The Board of Directors will adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District has a lack of capacity by the District having reached ninety percent (90%) of the maximum student population in a program, class, grade level, or school building authorized by the Standards or other State/Federal law.

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline; the requirements and procedures for participation in the program; and include contact information for the primary point of contact at the District for school choice questions. Such pronouncements shall be made in the spring, but in no case later than March 1.

Application Process

The student's parent shall submit a school choice application on a form approved by ADE to this District along with a copy to the student's resident district. Except for students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, the transfer application must be postmarked or hand delivered on or before May 1 of the year preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications the District receives as both the resident and nonresident district as they are received in the District's central office. Except for applications from students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, applications postmarked or hand delivered on or after May 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

Students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base may submit an application and transfer at any time if the student's application:

1. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
2. Includes the parent's or guardian's military transfer orders; and
3. Includes the parent's or guardian's proof of residency on the military base.

The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than three percent (3%) of its past year's student enrollment due to Standard School Choice. As such, any District approval of a choice application prior to July 1 is provisional pending a determination that the resident district's three percent (3%) cap has not been reached. The superintendent shall contact a student's resident district to determine if the resident district's three percent (3%) cap has been met.

The Superintendent will consider all properly submitted applications for School Choice. By July 1, the Superintendent shall notify the parent and the student's resident district, in writing, of the decision to accept or reject the application.

Accepted Applications

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating a reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.

A student, whose application has been accepted and who has enrolled in the District, is eligible to continue enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who fails to initially enroll under the timelines and provisions provided in this policy; chooses to return to his/her resident district; or enrolls in a home school or private school voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who enrolls in the District through Standard School Choice is eligible to remain in the District until completing his/her secondary education.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

Rejected Applications

The District may reject an application for a transfer into the District under Standard School Choice due to a lack of capacity. However, the decision to accept or reject an application may not be based on the student's previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.⁹

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the District.

An application may be provisionally rejected if the student's application was beyond the student's resident district's three percent (3%) cap. The student's resident district is responsible for notifying this District that it is no longer at its three percent (3%) cap. If a student's application was provisionally rejected due to the student's resident district having reached its three percent (3%) cap and the student's resident district notifies this District that it has dropped below its three percent (3%) cap prior to July 1, then the provisional rejection may be changed to a provisional acceptance and the student would have to meet the acceptance requirements to be eligible to enroll in the District.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. A student whose application was rejected may request a hearing before the State Board of Education to reconsider the application which must be done, in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Any applications that are denied due to the student's resident district reaching the three percent (3%) limitation cap shall be given priority for a choice transfer the following year in the order that the District received the original applications.

Transfers Out of the District

All Standard School Choice applications shall be granted unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than three percent (3%) of the average daily membership on October 1 of the immediately preceding year. By December 15 of each year, DESE shall determine and notify the District of the net number of allowable choice transfers. Students are not counted for the purpose of determining the three percent (3%) cap if the student transfers:

- Through Opportunity School Choice due to the school receiving a rating of "F" or a district classified as in need of Level 5 Intensive Support under A.C.A. § 6-18-227;
- Due to the district's identification of Facilities Distress under A.C.A. § 6-21-812; or
- Through the Foster Child School Choice under A.C.A. § 6-18-233.

If, prior to July 1, the District receives sufficient copies of requests from other districts for its students to transfer to other districts to trigger the three percent (3%) cap, it shall notify each district the District received Standard School Choice applications from that it has tentatively reached the limitation cap. The District will use confirmations of approved choice applications from receiving districts to make a final determination of which applications it received that exceeded the limitation cap and notify each district that was the recipient of an application to that effect. The District shall immediately notify all receiving districts if it should drop back below its three percent (3%) cap prior to July 1.

When the last successful application requesting to transfer out of the District before the District's three percent (3%) cap was triggered belonged to an individual who was a member of a group of siblings who applied to transfer out of the District, the district shall allow all members of the individual's sibling group to transfer out of the District even though these applications are beyond the District's transfer cap.

Facilities Distress School Choice Applications

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences:

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in facilities distress;
- The student is not required to meet the May 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

Opportunity School Choice

Transfers Into or Within the District

For the purposes of this section of the policy, a "lack of capacity" is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the DESE Rules for the Standards for Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

Unless there is a lack of capacity at the District's school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student may transfer from the student's assigned school to another school in the District or from the student's resident district into the District if:

- Either:
 - The student's resident district has been classified by the state board as in need of Level 5 — intensive support; or

- The student’s assigned school has a rating of "F"; and
- By May 1 of the year before the student intends to transfer, the student’s parent, guardian, or the student if the student is over eighteen (18) years of age has submitted an application of the student’s request to transfer to the:
 - DESE;
 - Sending school district; and
 - Receiving school district.

A student is not required to meet the May 1 application deadline if the student has a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base. The student may transfer at any time if the student’s application:

- a. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
- b. Includes the parent's or guardian's military transfer orders; and
- c. Includes the parent's or guardian's proof of residency on the military base.

Within thirty (30) days from receipt of an application from a student seeking admission under this section of the policy, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection. A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District’s decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

A student’s transfer under Opportunity School Choice is effective at the beginning of the next school year and the student’s enrollment is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity School Choice does not negate the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy.

The District may, but is not obligated to provide transportation to and from the transferring district.

Transfers out of, or within, the District

If a District school receives a rating of “F” or the District has been classified by the State Board as in need of Level 5 Intensive Support, the District shall timely notify parents, guardians, or students, if over eighteen (18) years of age, as soon as practicable after the school or district designation is made of all options available under Opportunity School Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen(18) years of age, an opportunity to submit an application to enroll the student in a school district that has not been classified by the State Board as in need of Level 5 Intensive Support or in a public school that does not have a rating of “F”.

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.

Unsafe School Choice Program

Any student that becomes the victim of a violent criminal offense while in or on the grounds of a District school or who is attending a school classified by DESE as a persistently dangerous public school shall be allowed to attend a safe public school within the District

4.6—HOME SCHOOLING

Enrollment in Home School

Parents or legal guardians desiring to provide a home school for their children shall give written notice to the Superintendent of their intent to home school. The notice shall be given:

1. At the beginning of each school year, but no later than August 15;
2. Fourteen (14) calendar days prior to withdrawing the child (provided the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive absences) and at the beginning of each school year thereafter; or
3. Within thirty (30) calendar days of the parent or legal guardian establishing residency within the district during the school year.

Written notice of the parent or legal guardian's intent to home school shall be delivered to the Superintendent through any of the following methods:

- Electronically, including without limitation:
 - Use of the Division of Elementary and Secondary Education's (DESE) online system;
 - Email; or
 - Facsimile
- By mail; or
- In person.

The notice shall include:

- a. The name, sex, date of birth, grade level, and the name and address of the school last attended, if any;
- b. The mailing address and telephone number of the home school;
- c. The name of the parent or legal guardian providing the home school;
- d. Indicate if the home-schooled student intends to participate in extracurricular activities during the school year;
- e. A statement of whether the home-schooled student plans to seek a high school equivalency diploma during the current school year;
- f. A statement that the parent or legal guardian agrees that the parent or legal guardian is responsible for the education of their children during the time the parents or legal guardians choose to home school; and
- g. A signature of the parent or legal guardian.

To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information that might indicate the need for special education services.

Enrollment or Re-Enrollment in Public School

A home-schooled student who wishes to enroll or re-enroll in a District school shall submit:

- A transcript listing all courses taken and semester grades from the home school;
- Score of at least the thirtieth percentile on a nationally recognized norm-referenced assessment taken in the past year; and
- A portfolio of indicators of the home-schooled student's academic progress, including without limitation:
 - Curricula used in the home school;
 - Tests taken and lessons completed by the home-schooled student; and
 - Other indicators of the home-schooled student's academic progress.

If a home-schooled student is unable to provide a nationally recognized norm-referenced score, the District may either assess the student using a nationally recognized norm-referenced assessment or waive the requirement for a nationally recognized norm-referenced assessment score.

A home-schooled student who enrolls or re-enrolls in the District will be placed at a grade level and academic course level equivalent to or higher than the home-schooled student's grade level and academic course level in the home school:

1. As indicated by the documentation submitted by the home-schooled student;
2. By mutual agreement between the public school and the home-schooled student's parent or legal guardian; or
3. If the home-schooled student fails to provide the documentation required by this policy, with the exception of the nationally recognized norm-referenced assessment score, the District may have sole authority to determine the home-schooled student's grade placement and course credits. The District will determine the home-schooled student's grade placement and course credits in the same manner the District uses when determining grade placement and course credits for students enrolling or re-enrolling in the District who attended another public or private school.

The District shall afford a home-schooled student who enrolls or re-enrolls in a public school the same rights and privileges enjoyed by the District's other students. The District shall not deny a home-schooled student who enrolls or re-enrolls in the District any of the following on the basis of the student having attended a home school:

- a. Award of course credits earned in the home school;
- b. Placement in the proper grade level and promotion to the next grade level;
- c. Participation in any academic or extracurricular activity;
- d. Membership in school-sponsored clubs, associations, or organizations;
- e. A diploma or graduation, so long as the student has enrolled or re-enrolled in the District to attend classes for at least the nine (9) months immediately prior to graduation; or
- f. Scholarships.

4.7—ABSENCES

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

Absences for students enrolled in digital courses shall be determined by the online attendance and time the student is working on the course rather than the student's physical presence at school. Students who are scheduled to have a dedicated period for a digital class shall not be considered absent if the student logs the correct amount of time and completes any required assignments; however, a student who fails to be physically present for an assigned period may be disciplined in accordance with the District's truancy policy.

Excused Absences

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings a written statement to the principal or designee upon his/her return to school from the parent or legal guardian stating such reason. A written statement presented for an absence having occurred more than five (5) school days prior to its presentation will **not** be accepted.

1. The student's illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.
2. Death or serious illness in their immediate family;
3. Observance of recognized holidays observed by the student's faith;
4. Attendance at an appointment with a government agency;
5. Attendance at a medical appointment;
6. Exceptional circumstances with prior approval of the principal;
7. Participation in an FFA, FHA, or 4-H sanctioned activity;

8. Participation in the election poll workers program for high school students.
9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.
10. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12).
11. Absences for students excluded from school by the Arkansas Department of Health during a disease outbreak because the student has an immunization waiver or whose immunizations are not up to date.

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

Unexcused Absences

Absences not defined above or not having an accompanying note from the parent; legal guardian; person having lawful control of the student; or standing in loco parentis, presented in the timeline required by this policy, shall be considered as unexcused absences. Students with 6 unexcused absences in a course in a semester may not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has 3 unexcused absences, his/her parents, legal guardians, persons with lawful control of the student, or persons standing in loco parentis shall be notified. Notification shall be by telephone by the end of the school day in which such absence occurred, delivered through school, or by regular mail with a return address sent no later than the following school day.

Whenever a student exceeds 6 unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, legal guardian, or person having lawful control of the student, or persons standing in loco parentis shall be subject to a civil penalty as prescribed by law.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, legal guardian, person with lawful control of the student, or person standing in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent; legal guardian; person having lawful control of the student; or person standing in loco parentis, and the school or district administrator or designee.

Students who attend in-school suspension shall not be counted absent for those days.

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the statute.

4.7D – ATTENDANCE

Members of the faculty have worked diligently on grade level teams to design an instructional program that meets the academic content standards as designated in our Arkansas frameworks and Common Core State Standards. We firmly believe that the educational experiences we provide will not only match, but will surpass those of many schools of similar

size. Direct involvement of the student in this sequential learning process through interaction with other participants is vital to attaining the quality education each child deserves.

For this reason the Dierks School District and Jo Ann Walters Elementary school hereby establish a minimum standard of attendance for each student of the district. Adherence to this standard will enable the student to discharge his or her minimum responsibility as a learner and the school to meet its obligation to the student, the community, and society. Students in grades K–6 must be in attendance to receive maximum benefit from the instructional program. Students who have a 504 Plan or an IEP may have exceptions to the excessive absence rule if the underlying condition requires more absences than the policy allows.

REGULATIONS

The primary responsibility for regular attendance and compliance with subsequently stated policy regulations rests with the student’s parents and then with the student. A student is expected to attend school at any time school is in session. All absences will be recorded in the Register of Daily Attendance as required by law.

WRITTEN EXCUSES

When a student is absent, he/she should present to the teacher on the first day he/she returns to school a written excuse signed by the parent or guardian stating the reason and the date(s) of the absence. **A written statement presented for an absence having occurred more than five (5) school days prior to its presentation will not be accepted.**

4.8—MAKE-UP WORK

Students who miss school due to an excused absence shall be allowed to make up the work they missed during their absence under the following rules:

1. Students are responsible for asking the teachers of the classes they missed what assignments they need to make up. Elementary students may require adult assistance.
2. Teachers are responsible for providing the missed assignments when asked by a returning student.
3. Students are required to ask for their assignments on their first day back at school or their first class day after their return.
4. Make-up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.
5. Students shall have one class day to make up their work for each class day they are absent.
6. Make-up work which is not turned in within the make-up schedule for that assignment shall receive a zero.
7. Students are responsible for turning in their make-up work without the teacher having to ask for it.
8. Students who are absent on the day their make-up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return.
9. As required/permitted by the student’s Individual Education Program or 504 Plan.

Work may not be made up for credit for unexcused absences **unless** the unexcused absences are part of a signed agreement as permitted by policy 4.7—ABSENCES.

Work for students serving an out-of-school suspension or expulsion shall be in accordance with the District’s programs, measures, or alternative means and methods to continue student engagement and access to education during the student’s period of suspension or expulsion, including offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

In lieu of the timeline above, assignments for students who are excluded from school by the Arkansas Department of Health during a disease outbreak are to be made up as set forth in Policy 4.57—IMMUNIZATIONS.

4.8D - MISSED TESTS AND CLASSROOM WORK

Missed assignments due to absence will be made up at the teacher's convenience, generally within a day or two upon the student's return. Students in grades 4-6 are responsible for finding out about assignments from teachers or classmates. If a student knows about an absence in advance, arrangements should be made before leaving so as not to get too far behind.

4.9—TARDIES

Promptness is an important character trait that District staff are encouraged to model and help develop in our schools' students. At the same time, promptness is the responsibility of each student. Students who are late to class show a disregard for both the teacher and their classmates which compromises potential student achievement.

4.9D - LATE ARRIVAL OR LEAVING CAMPUS

Children who are tardy or leave school early miss instruction, so it is to each child's advantage to be in class the entire instructional day. Parents should come to the office when a child arrives late or checks out early. A child will be counted with a half day's absence if he/she misses more than 3 ½ hours of a normal school day. A child is counted tardy when arriving after the tardy bell or missing any amount of time less than 3 ½ hours. A written record of tardies and early checkouts is kept on file in the school office. Excessive tardiness is similar to absenteeism and one factor considered for assigning summer school and determining the need for retention.

4.10—CLOSED CAMPUS

All schools in the District shall operate closed campuses. Students are required to stay on campus from their arrival until dismissal at the end of the regular school day unless given permission to leave the campus by a school official. Students must sign out in the office upon their departure.

4.11—EQUAL EDUCATIONAL OPPORTUNITY

No student in the Dierks School District shall, on the grounds of race, color, religion, national origin, sex, sexual orientation, gender identity, age, or disability be excluded from participation in, or denied the benefits of, or subjected to discrimination under any educational program or activity sponsored by the District. The District has a limited open forum granting equal access to the Boy Scouts of America and other youth groups.

Inquiries on non-discrimination may be directed to Jody Cowart, who may be reached at 870-286-2191 or by email at jody.cowart@dierksschools.org.

Any person may report sex discrimination, including sexual harassment, to the Title IX Coordinator in person or by using the mailing address, telephone number, or email address provided above. A report may be made at any time, including during non-business hours, and may be on the individual's own behalf or on behalf of another individual who is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment.

For further information on notice of non-discrimination or to file a complaint, visit <http://wdcrobcolp01.ed.gov/CFAPPS/OCR/contactus.cfm>; for the address and phone number of the office that serves your area, or call 1-800-421-3481.

4.13—PRIVACY OF STUDENTS' RECORDS/DIRECTORY INFORMATION

Except when a court order regarding a student has been presented to the district to the contrary, all students' education records are available for inspection and copying by the parent of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty five (45) days of the request. The district forwards education records, including disciplinary records, to schools

that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information (PII) from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is **not** considered an education record if it meets the following tests.

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

In addition to releasing PII to school officials without permission, the District may disclose PII from the education records of students in foster care placement to the student's caseworker or to the caseworker's representative without getting prior consent of the parent (or the student if the student is over eighteen (18)). For the District to release the student's PII without getting permission:

- The student must be in foster care;
- The individual to whom the PII will be released must have legal access to the student's case plan; and
- The Arkansas Department of Human Services, or a sub-agency of the Department, must be legally responsible for the care and protection of the student.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

For purposes of this policy, the Dierks School District does not distinguish between a custodial and noncustodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been presented to the district to the contrary, the fact of a person's status as parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order which directs that a parent not have access to a student or his/her records, the parent, guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, disciplinary rulings, disability placements, or other such determinations, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or his/her designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, "directory information" about a student may be made available to the public, military recruiters, post-secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements. "Directory information" includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance, his/her placement on the honor roll (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District. "Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user.

A student's name and photograph will only be displayed on the district or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed-opt out form for any student no longer in attendance at the district.

The right to opt out of the disclosure of directory information under Family Educational Rights and Privacy Act (FERPA) does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education (DOE) at

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

4.14—STUDENT MEDIA AND THE DISTRIBUTION OF LITERATURE

Student Media

All student media that are supported financially by the school or by use of school facilities, or are produced in conjunction with a class shall be considered school-sponsored media. School-sponsored media does not provide a forum for public expression. Student media, as well as the content of student expression in school-sponsored activities, shall be subject to the

editorial review of the District’s administration, whose actions shall be reasonably related to legitimate pedagogical concerns and adhere to the following limitations:

1. Advertising may be accepted for media that does not condone or promote products that are inappropriate for the age and maturity of the audience or that endorses such things as tobacco, alcohol, or drugs.
2. Media may be regulated to prohibit communications determined by the appropriate teacher, student media advisor, and/or administrator to be ungrammatical; poorly written; inadequately researched; biased or prejudiced; vulgar or profane; or unsuitable for immature audiences.
3. Media may be regulated to prohibit the dissemination of material that may reasonably be perceived to advocate drug or alcohol use; irresponsible sex; conduct that is otherwise inconsistent with the shared values of a civilized social order; or to associate the school with any position other than neutrality on matters of political controversy.
4. Prohibited media includes those that:
 - a. Are obscene as to minors;
 - b. Are libelous or slanderous, including material containing defamatory falsehoods about public figures or governmental officials, and made with knowledge of their falsity or a reckless disregard of the truth;
 - c. Constitute an unwarranted invasion of privacy as defined by state law;
 - d. Suggest or urge the commission of unlawful acts on the school premises;
 - e. Suggest or urge the violation of lawful school regulations;
 - f. Attacks ethnic, religious, or racial groups; or
 - g. Harass, threaten, or intimidate a student.

Student Media on School Web Pages

Student media that are displayed on school web pages shall follow the same guidelines as listed above and shall also:

1. Not contain any non-educational advertisements;
2. Adhere to the restrictions regarding use of Directory Information as prescribed in Policy 4.13 including not using a student’s photograph when associated with the student’s name unless written permission has been received from the student’s parent or student if over the age of 18;
3. State that the views expressed are not necessarily those of the School Board or the employees of the district.

Student Distribution of Non-school Literature, Publications, and Materials

A student or group of students who distribute ten (10) or fewer copies of the same non-school literature, publications, or materials (hereinafter “non-school materials”), shall do so in a time, place, and manner that does not cause a substantial disruption of the orderly education environment. A student or group of students wishing to distribute more than ten (10) copies of non-school materials shall have school authorities review their non-school materials at least three (3) school days in advance of their desired time of dissemination. School authorities shall review the non-school materials, prior to their distribution and will bar from distribution those non-school materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of the orderly operation of the school or educational environment will likely result from the distribution. Concerns related to any denial of distribution by the principal shall be heard by the superintendent, whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of non-school materials.

The regulations shall:

1. Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;
2. Be uniformly applied to all forms of non-school materials;
3. Allow no interference with classes or school activities;
4. Specify times, places, and manner where distribution may and may not occur; and
5. Not inhibit a person’s right to accept or reject any literature distributed in accordance with the regulations..

The Superintendent, along with the student media advisors, shall develop administrative regulations for the implementation of this policy. The regulations shall include definitions of terms and timelines for the review of materials.

4.15—CONTACT WITH STUDENTS WHILE AT SCHOOL

CONTACT BY PARENTS

Parents wishing to speak to their children during the school day shall register first with the office.

CONTACT BY NON-CUSTODIAL PARENTS

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or his/her designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal. Such contact is subject to the limitations outlined in Policy 4.16, Policy 6.5, and any other policies that may apply.

Unless prior arrangements have been made with the school's principal, Arkansas law provides that the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation.

CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis identified on student enrollment forms. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

Contact by Professional Licensure Standards Board Investigators

Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

4.16—STUDENT VISITORS

The board strongly believes that the purpose of school is for learning. Social visitors, generally, disrupt the classroom and interfere with learning that should be taking place. Therefore, visiting with students at school is strongly discouraged, unless approved by the principal and scheduled in advance. This includes visits made by former students, friends, and/or relatives of teachers or students. Any visitation to the classroom shall be allowed only with the permission of the school principal and all visitors must first register at the office.

4.16D – VISITORS

Parents, guardians, and authorized **adult** visitors are always welcome on our campus. We must discourage having other children visit in the classrooms without prior consent from the principal. All visitors should report to the office before entering the school building, and the classroom teacher may be notified of the visit via intercom. It is preferable to contact the office prior to the visit when possible to determine the most beneficial time for the visit. Any visit requiring a discussion or conference should be scheduled during the teacher’s plan time. Each teacher reserves the right to refuse admittance to any visitor who interferes with normal class instruction.

4.17—STUDENT DISCIPLINE

The Dierks Board of Education has a responsibility to protect the health, safety, and welfare of the District’s students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school sponsored function, activity, or event; and
- Going to and from school or a school activity.

The District’s administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student’s appropriate due process rights.

The District’s personnel policy committees shall annually review the District’s student discipline policies, including State and District student discipline data, and may recommend changes in the policies to the Dierks School Board. The Board has the responsibility of determining whether to approve any recommended changes to student discipline policies.

The District’s student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student’s parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall sign and return to the school an acknowledgement form documenting that they have received the policies.

The District shall develop and provide programs, measures, or alternative means and methods for continued student engagement and educational access during periods of suspension or expulsion.

The superintendent is authorized to modify the penalties set forth in the District’s student discipline policies on a case-by-case basis.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report

has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

The superintendent shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation: the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

4.18—PROHIBITED CONDUCT

Students and staff require a safe and orderly learning environment that is conducive to high student achievement. Certain student behaviors are unacceptable in such an environment and are hereby prohibited by the Board. Prohibited behaviors include, but shall not be limited to the following:

1. Disrespect for school employees and failing to comply with their reasonable directions or otherwise demonstrating insubordination;
2. Disruptive behavior that interferes with orderly school operations;
3. Willfully and intentionally assaulting or threatening to assault or physically abusing any student or school employee;
4. Possession of any weapon that can reasonably be considered capable of causing bodily harm to another individual;
5. Possession or use of tobacco in any form on any property owned or leased by any public school;
6. Willfully or intentionally damaging, destroying, or stealing school property;
7. Possession of any paging device, beeper, or similar electronic communication devices on the school campus during normal school hours unless specifically exempted by the administration for health or other compelling reasons;
8. Possession, selling, distributing, or being under the influence of an alcoholic beverage, any illegal drug, unauthorized inhalants, or the inappropriate use or sharing of prescription or over the counter drugs, or other intoxicants, or anything represented to be a drug;
9. Sharing, diverting, transferring, applying to others (such as needles or lancets), or in any way misusing medication or any medical supplies in their possession;
10. Inappropriate public displays of affection;
11. Cheating, copying, or claiming another person's work to be his/her own;
12. Gambling;
13. Inappropriate student dress;
14. Use of vulgar, profane, or obscene language or gestures;
15. Truancy;
16. Excessive tardiness;
17. Engaging in behavior designed to taunt, degrade, or ridicule another person on the basis of race, ethnicity, national origin, sex, sexual orientation, gender identity, or disability;
18. Possess, view, distribute or electronically transmit sexually explicit or vulgar images or representations, whether electronically, on a data storage device, or in hard copy form;
19. Hazing, or aiding in the hazing of another student;
20. Gangs or gang-related activities, including belonging to secret societies of any kind, are forbidden on school property. Gang insignias, clothing, "throwing signs" or other gestures associated with gangs are prohibited;
21. Sexual harassment;
22. Bullying; and
23. Operating a vehicle on school grounds while using a wireless communication device.

The Board directs each school in the District to develop implementation regulations for prohibited student conduct consistent with applicable Board policy, State and Federal laws, and judicial decisions.

4.18D - STUDENT CONDUCT NOT PERMITTED

School personnel are charged with the responsibility of supervising students and providing a safe, orderly learning environment. The primary goal for this section is to outline behavior expectations and consequences for infractions which range from a warning to expulsion, including notification of law enforcement where applicable. Every effort will be made to

assist students in becoming responsible for their behavior while making better choices moving forward; this may be accomplished through counseling and/or disciplinary means. To obtain the greatest benefit to the students, teachers, administrators, parents, Board of Education and the entire community, it is essential that all work together to insure everyone is treated equitably and with dignity in respect to their rights and responsibilities. Every attempt will be made to insure consistent steps in our discipline program.

Key participants' responsibilities follow.

Students have the responsibility to pursue their education in the Dierks School District in a manner that shows respect for other students, faculty members, parents, other citizens and themselves. Students should be aware that they have a responsibility to cooperate with and assist the school staff in the orderly and efficient conduct of the schools by abiding by rules and regulations established by the Board of Education and implemented by teachers and school administrators. Each student is responsible for his/her own conduct at all times.

Parents and guardians are responsible for exercising the required controls so that their children's behavior at school will be conducive to their own progress and not disruptive to the school's educational program. They are responsible for alerting school personnel when they have reason to believe that their children are experiencing difficulties at school or at home, and that by actively soliciting the help of the school, behavior standards may be maintained.

Teachers are responsible for the supervision of the behavior of all students in the school. This includes not only the students who are regularly assigned to the teacher, but all students with whom the teacher comes in contact. Each teacher is expected to maintain the kind of atmosphere and decorum which will promote the learning process and to utilize sound techniques appropriate for the situation. Those techniques include conferences with student and parents, referrals to counselor or referral to other supportive service personnel of the District. When the teacher is unable to assist the student in maintaining proper control of his/her behavior, the student is to be referred to the principal.

The **principal** of the school is expected to disseminate to all students at the beginning of the year, and to each new student upon registration, the rules and regulations currently in effect. The principal is expected to inform the parents or guardian of any student whose behavior is in serious conflict with established laws, rules and procedures.

The **superintendent** is responsible for exercising leadership in establishing all necessary procedures, rules and regulations to make effective the Board of Education policies relating to standards of student behavior.

The **Board of Education of the Dierks School System**, acting through the superintendent, holds all school employees responsible for the supervision of the behavior of the students while legally under the supervision of the school. The Board expects all employees to be concerned with student behavior and when and where unacceptable behavior occurs, to take appropriate action.

Dierks Public School students who are receiving special education services are subject to the following disciplinary guidelines:

1. Disabled students who engage in misbehavior are subject to normal school disciplinary rules and procedures so long as such treatment does not abridge their rights to free and appropriate education.
2. The Individualized Education Plan (IEP) team for a disabled student will consider whether particular discipline procedures should be adopted for that student and included in the IEP. Classroom teachers should be informed if a special plan is adopted.
3. Disabled students may be excluded from school only in emergencies and only for the duration of the emergency. In no case will a disabled student be excluded for more than ten (10) days in a school year for normal discipline problems.
4. After an emergency suspension is imposed on a disabled student, an immediate meeting of the student's IEP team will be held to determine the cause and effect of the suspension with a view toward assessing the effectiveness and appropriateness of the student's placement and toward minimizing the harm resulting from the exclusion.
5. The suspended student will be offered an alternate educational program for the duration of the exclusion.
6. Mrs. Jana Strode will be the grievance officer with the duty of enforcing ACT 504 for the elementary school and Mrs. Nancy Alsabrook for the high school.

The remainder of this section will address several of the possible rule infractions and potential consequences. Every attempt will be made on the part of the teachers and administration to insure consistent steps in our discipline program. All

consequences will be dependent upon the age or grade of the student(s) involved, the nature of the violation, and any reoccurrence of one or more violations. Our goal is to teach students behavior expectations along with self-discipline, empathy and accountability. Counseling, restorative discipline, and other similar approaches may be used with or in lieu of disciplinary action to modify behavior at the principal's discretion. Infractions not defined below are listed under their specific policy number later in the handbook.

Based on the situation bullying could fall into each category. Consequences for bullying range from warning to expulsion, depending on the age or grade of the student(s) involved and nature of the violation.

Consequences: Based on severity and reoccurrence, any of the following consequences may be applied at the discretion of the building principal for offenses: Warning, lunch detention, after-school detention, corporal punishment, loss of privileges (not including recess), assignment of duties, opportunity to correct problem (restorative practices), parent contact, parent conference, PBIS strategies, behavior plan, 1-10 days in-school suspension, 1-10 days out-of-school suspension, recommendation for expulsion, and/or other appropriate options as assigned by the principal. The elementary has a team certified in PCM (Professional Crisis Management) that may respond to crisis situations. Category 4 infractions carry consequences of 1-10 days OSS; expulsion may be recommended. (Student will be dismissed pending investigation.)

Category 1 Infractions: Academic dishonesty, cell phone/electronic device violation, disregard of directions or commands, disruption and interference with school, disruption on buses, dress code violation, excessive tardiness, public display of affection, violation of technology acceptable use policy

Category 2 Infractions: Damage to or destruction of school property (minor)*, forgery, gambling, immorality/pornography, profanity, tobacco use/possession, truancy or skipping class; horseplay; repetition of Category 1

Category 3 Infractions: Damage to or destruction of school property (major)*; fighting; fireworks; sexual harassment; theft or extortion; threats (less severe); repetition of Category 2

Category 4 Infractions: physical abuse or assault of school staff; physical abuse or assault by a student on another student; possession of any firearm or other weapon prohibited on school property; terroristic threats; using, offering for sale or selling beer, alcoholic beverages or other illicit drugs; selling or transfer of prescription medication, diet pill, or over-the-counter medication; severe or repeated damage or destruction of school property; repetition of Category 3

*Students (or student's parent/guardian) also may be responsible for restitution.

"Minor" refers to damage or destruction that is repairable by student. "Major" refers to damage or destruction beyond the student's ability to correct.

BULLYING

We define bullying as the intentional, repeated hurtful behaviors committed by one or more children against another. These behaviors are not provoked by the victims, but result from real or perceived imbalance of power between the bully and the victim. Let it be known by all that bullying as defined here will not be tolerated in class, while riding in school vehicles including school buses, at designated school bus stops, at school-sponsored activities, or at school-sanctioned events. (Cyber bullying is addressed beginning on page 42.)

Any school employee who has witnessed or has reliable information that a student has been a victim of bullying as defined here shall report the incident to the principal. Any person or persons who file a complaint will not be subject to retaliation or reprisal in any form. Any school employee who reports a violation under this policy shall be immune from any tort liability which may arise from the failure to remedy the reported incident.

COMMON PLAYGROUND RULES

- No throwing of rocks, sticks, pinecones, acorns, etc.
- Basketball court rotates by grade level.
- No pushing, twisting, running underneath the swings
- Slide rules – no standing on top, sliding backwards, or running up the slide
- No fighting

- No contact sports between girls/boys in grades 4-6
- No tackling
- Stay in designated areas.
- No one is allowed in the courtyard area where trailers are without adult supervision.
- Ask permission from the duty teacher to come inside to use the restroom.
- Do not enter a classroom while the teacher is not in the room.

CONSEQUENCES: Based on severity and frequency of misconduct, possible consequences include warning, corporal punishment, detention, 1-10 days in-school suspension, 1-10 days out of school suspension

DAMAGES TO OR DESTRUCTION OF SCHOOL PROPERTY

A student shall not cause or attempt to cause damage to school property (including textbooks) or steal or attempt to steal school property. The school district will attempt to recover damages from the student destroying the property or the student's parent/guardian. Police may be notified.

DISREGARD OF DIRECTIONS OR COMMANDS

A student shall comply with reasonable directions or commands of all school personnel or adults charged with the welfare of students. Any student who is antagonistic, insubordinate, disrespectful, or disobedient or who uses foul language (cursing) directed at or to any school personnel is subject to immediate disciplinary action.

DISRUPTIONS AND INTERFERENCE WITH SCHOOL

No student shall do the following: (1) intentionally make noises or act in a manner so as to interfere with the teacher's ability to conduct the class or other school activity, (2) use violence, force, noise, coercion, threat intimidation, hazing, harassment, fear, passive resistance, or any other conduct intentional to cause disruption or a fight, (3) refuse to identify himself or herself on request, (4) leave school or cut classes without direct permission from the teacher or principal, and (5) encourage other students to violate any rule or school board policy.

FIREWORKS

Fireworks (matches, lighters, firecrackers, and fireworks in general) represent a hazard to the health and welfare of the student body. Anyone caught with fireworks of any kind on the campus will face disciplinary action. Possession of firecrackers or fireworks in general on the campus or using or trying to use fireworks or firecrackers on campus is prohibited.

FORGERY/FALSIFICATION OF INFORMATION

Any forgery or misuse of hall passes, absentee slips, report cards, parents' notes, etc. will result in disciplinary action.

GAMBLING

A student shall not participate in any activity which may be termed gambling or wagering where the stakes are money or any other object or objects of value.

IMMORALITY

Students should abstain from rude gestures, as well as indecent and immoral acts. Pornographic materials will not be permitted.

INSULT OR ABUSE OF SCHOOL STAFF

A student who commits assault and/or battery upon a member of this faculty or staff of the Dierks School District will face immediate disciplinary action.

LEAVING CAMPUS WITHOUT PERMISSION

Before leaving campus, a student must be checked out through the principal's office by a parent, guardian, or other authorized adult.

PERSISTENT DISREGARD FOR THE RULES

A student who persists in acts of misconduct after reasonable efforts have been made by the school to secure the student's adherence to the established rules shall be recommended for expulsion. Efforts toward behavior modification will be made prior to recommendation for expulsion except when very serious offenses have been committed.

PROFANITY

Students shall not use foul language (cursing).

PUBLIC DISPLAY OF AFFECTION

Public display of affection is not appropriate behavior at school. Failure to comply with reasonable expectations of the school staff will lead to disciplinary action.

TARDINESS

Almost all tardiness is unnecessary. However, we would prefer to have a student tardy rather than absent for the entire day. While most tardiness at the elementary school is beyond the student's control, there are occasions of intentional delays in the restroom or cafeteria (breakfast). A student who appears in the classroom after the tardy bell rings at 8:05 must have an admit slip. A record of these tardies will be kept in the office.

THEFT AND EXTORTION

A student shall not steal or attempt to steal the property of another person, nor shall a student obtain or attempt to obtain something (of value) from another person by either physical force or threat. The school reserves the right to bring criminal charges against the student in addition to other discipline.

TRUANCY (HOOKY) OR SKIPPING CLASS

A student shall not be absent from school without the parent's and/or school authorities' prior knowledge and consent. After arrival on campus, a student who is absent from his or her assigned learning station without permission from school authorities will be considered truant.

SELLING OR TRANSFER OF ANY PRESCRIPTION MEDICATION, DIET PILL, OR OVER-THE-COUNTER MEDICATION

Students shall not sell or transfer (give) any prescription medication, diet pill, or over-the-counter medication to any other student. Medications may not be carried on buses for any reason.

The student may be suspended up to (10) school days and may be recommended for expulsion. The police may be called. Proof of professional help is required; and parental conference is required prior to readmission; community school service may be required; all-day detention may be used.

Any student suspended for the first violation, may be required to seek professional counseling prior to readmission to school. The student will receive full counseling services at his/her own expense. Upon readmission, continued enrollment shall be contingent upon completion of the alcohol/drug counseling program. Failure to complete the alcohol/drug counseling may be grounds for expulsion.

BEHAVIOR NOT COVERED ABOVE

The school district reserves the right to punish behavior which is not conducive to good order and discipline in the schools, even though such behavior is not specified in the preceding list of written rules. The type of punishment used will be left to the professional discretion of the teacher and/or principal.

ITEMS RELATED TO DISCIPLINARY ACTIONS

AFTER-SCHOOL DETENTION

As the need arises, the principal may schedule an after-school detention as a consequence for a rule infraction. The principal or a designee will supervise the assigned student(s) from 3:15 – 4:00 (time may lengthen to 4:30 for repeated offenses). Transportation will be the parent's responsibility.

CORPORAL PUNISHMENT

Act 51 of 1994 authorized any teacher or administrator the use of corporal punishment, provided only that the punishment is administered in accord with the district's written student discipline policy. Our policy states...

1. Before corporal punishment is administered, the student should be advised of the rule and infraction for which the student may be punished. The student should be allowed time to respond, and then the school administrator should take the action it deems most appropriate. A formal hearing is not required before administering corporal punishment
2. Corporal punishment shall be administered only in the presence of a school administrator or his or her designee, who shall be a teacher or administrator employed by the district. There shall also be another certified teacher or administrator to serve as a witness.
3. Corporal punishment shall not be administered in the presence of other students, with malice, or anger, or in excess.
4. Refusal to take corporal punishment may result in suspension or other disciplinary action.
5. The principal will file a written report when corporal punishment is administered.
6. Parents may choose an option as to whether their child is to receive corporal punishment. **SIGNATURE IS REQUIRED ON APPROPRIATE FORM AS PART OF THE REGISTRATION PROCESS.**

DUE PROCESS

Every student is entitled to due process in every instance of discipline for which he or she may be subjected to penalties of suspension. (Arkansas State Ann. 80-1516). The due process rights are as follows...

1. Prior to any suspension, the school principal (or his or her designee) shall advise the pupil in question of the particular misconduct or which he or she is accused, as well as the basis for such accusations.
2. The pupil shall be given an opportunity at that time to explain his or her version of the facts to the principal or designee.
3. Written notice of the suspension and the reason(s) for the suspension shall be given to the parent of the pupil.
4. Any parent, tutor, or legal guardian of a suspended pupil shall have the right to appeal to the superintendent of the school system.

Due process is afforded to students in disciplinary cases of some magnitude such as

1. Suspension
2. Expulsions
3. Statements removed from a student's records
4. Clearing one's reputation

IN-SCHOOL SUSPENSION

Students in grades K-1 will serve in-school suspension in half-day increments. They will be supervised by a school employee while they complete assignments provided by their classroom teacher. They will eat lunch in the ISS room and return to their regular room in time to get ready to leave for the day. Students in grades 2-6 may serve an all-day suspension under the same regulations as mentioned above.

OUT-OF-SCHOOL SUSPENSION

In cases of severe disruptions, or when a student may not receive corporal punishment, a student may be suspended for up to ten (10) school days, including the day upon which the suspension was initially imposed if he/she is:

- In sixth grade or
- A K-5 student who poses a physical risk to himself or herself or to others, causes a serious disruption that cannot be addressed through other means, or brings a firearm on school campus.

Prior to such suspension, the principal or designee shall inform the student and parent about the infraction.

4.19—CONDUCT TO AND FROM SCHOOL AND TRANSPORTATION ELIGIBILITY

The District's Student Code of conduct applies to students while traveling to and from school or to and from a school activity to the same extent as if the students were on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate the District's Student Code of Conduct.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices. The driver of a school bus shall not operate the school bus until every passenger is seated. In addition to other

disciplinary measures provided for violations of the District's Student Code of Conduct, the student's bus transportation privileges may be suspended or terminated for violations of the Student Code of Conduct related to bus behavior.

Students are eligible to receive district bus transportation if they meet the following requirements. The transportation to and from school of students who have lost their bus transportation privileges is the responsibility of the student's parent or guardian.

4.19D TRANSPORTATION

Bus transportation to and from school is a privilege that the district provides for the convenience of the parents. It is not to be abused. All students who ride school buses, either regularly or occasionally, should be familiar with the following rules:

1. Be at the bus stop at the scheduled time. Stand back about ten feet from the bus stop and wait until the door is opened before moving closer to the bus.
2. While entering or leaving the bus, be orderly and quick.
3. While riding the bus, students are under the supervision and authority of the driver. Obey the driver at all times.
4. Students are expected to conduct themselves in a manner such that they will not distract the attention of the driver or disturb other riders. Each rider should keep his hands to himself, attend to his own business, leave other children alone, and remain reasonably quiet.
5. No food or drink, except enclosed lunches, is to be brought aboard buses.
6. No knives, firearms, sharp objects of any kind, pets, other animals, etc. are allowed.
7. Do not tamper with the safety devices such as door latches or fire extinguishers. Remain seated at all times and keep hands and bodies inside the bus.
8. Do not deface the bus or damage the seats. Do not throw food, paper, or other objects on the floor of the bus. Keep the aisle free of books, bags, lunches, coats, feet, etc.
9. If a student must cross the road to board the bus, he should try to be on the correct side waiting for its arrival. Should he arrive at the bus stop as the bus approaches, he should wait until the bus has come to a complete stop and the driver has signaled before crossing in front of the bus.
10. If a student must cross the road after leaving the bus, he should go to a point on the shoulder of the road ten feet in front of the bus. Cross the road only after the driver has signaled to do so.
11. Students shall not sell or transfer (give) any prescription medication, diet pill, or over-the-counter medications to any other student.
12. Balloons and glass objects are not permitted on the bus.
13. If your child is to ride home with another student on the bus, a note is required that includes parent signature and details about the change.
14. When dropping students off or picking students up at a community bus stop, parents need to exercise caution by not moving their own vehicles until **all** students are safely loaded.
15. **Parents should try to arrange for students to follow the same pattern as much as possible. Requests for transportation changes during the school day result in confusion, so students should know plans before coming to school. If there is a change in transportation, a note with details should be sent to the teacher. Unless a note is received, students will follow their regular routine. Texts or Remind messages should not be sent as the teacher may not have an opportunity to view them until after school. We do understand that there will occasionally be times when a call to the office must be made, but these should be emergency situations only.**
16. Someone should be at home when small children are dropped off.

4.20—DISRUPTION OF SCHOOL

No student shall by the use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct, intentionally cause the disruption of any lawful mission, process, or function of the school, or engage in any such conduct for the purpose of causing disruption or obstruction of any lawful mission, process, or function. Nor shall any student encourage any other student to engage in such activities.

Disorderly activities by any student or group of students that adversely affect the school's orderly educational environment shall not be tolerated at any time on school grounds. Teachers may remove from class and send to the principal or principal's designee office a student whose behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher's

ability to teach the students, the class, or with the ability of the student’s classmates to learn. Students who refuse to leave the classroom voluntarily will be escorted from the classroom by the school administration.

4.21—STUDENT ASSAULT OR BATTERY

A student shall not threaten, physically abuse, attempt to physically abuse, or behave in such a way as to be perceived to threaten bodily harm to any other person (student, school employee, or school visitor). Any gestures; vulgar, abusive or insulting language; taunting, threatening, harassing, or intimidating remarks by a student toward another person that threatens their well-being is strictly forbidden. This includes, but is not limited to, fighting, racial, ethnic, religious, or sexual slurs.

Furthermore, it is unlawful, during regular school hours, and in a place where a public school employee is required to be in the course of his or her duties, for any person to address a public school employee using language which, in its common acceptance, is calculated to:

- a. Cause a breach of the peace;
- b. Materially and substantially interfere with the operation of the school; or
- c. Arouse the person to whom it is addressed to anger, to the extent likely to cause imminent retaliation.

Students guilty of such an offense may be subject to legal proceedings in addition to any student disciplinary measures.

4.22—WEAPONS AND DANGEROUS INSTRUMENTS

Definitions

“Firearm” means any device designed, made, or adapted to expel a projectile by the action of an explosive or any device readily convertible to that use.

“Possession” means having a weapon on the student’s body or in an area under the student’s control.

“Weapon” means any:

- Firearm;
- Knife;
- Razor;
- Ice pick;
- Dirk;
- Box cutter;
- Nunchucks;
- Pepper spray, mace, or other noxious spray;
- Explosive;
- Taser or other instrument that uses electrical current to cause neuromuscular incapacitation; or
- Any other instrument or substance capable of causing bodily harm.

No student, except for Military personnel (such as ROTC cadets) acting in the course of their official duties or as otherwise expressly permitted by this policy, shall possess a weapon, display what appears to be a weapon, or threaten to use a weapon before or after school while:

- In a school building;
- On or about school property;
- At any school sponsored activity or event;
- On route to or from school or any school sponsored activity; or
- Off the school grounds at any school bus stop.

If a student discovers prior to any questioning or search by any school personnel that he/she has accidentally brought a weapon, other than a firearm, to school on his/her person, in a book bag/purse, or in his/her vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a

weapon unless it is a firearm. The weapon shall be confiscated and held in the office until such time as the student's parent/legal guardian shall pick up the weapon from the school's office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm shall be recommended for expulsion for a period of one (1) year. The superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis.

Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a firearm policy violation shall also be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The mandatory expulsion requirement for possession of a firearm does not apply to a firearm brought to school for the purpose of participating in activities approved and authorized by the district that include the use of firearms. Such activities may include ROTC programs; hunting safety or military education; or before or after-school hunting or rifle clubs. Firearms brought to school for such purposes shall be brought to the school employee designated to receive such firearms. The designated employee shall store the firearms in a secure location until they are removed for use in the approved activity.

The district shall report any student who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement.

4.23—TOBACCO AND TOBACCO PRODUCTS

Smoking or use of tobacco or products containing tobacco in any form (including, but not limited to, cigarettes, cigars, chewing tobacco, and snuff) in or on any real property owned or leased by a District school, including school buses owned or leased by the District, is prohibited. Students who violate this policy may be subject to legal proceedings in addition to student disciplinary measures.

With the exception of recognized tobacco cessation products, this policy's prohibition includes any tobacco or nicotine delivery system or product. Specifically, the prohibition includes any product that is manufactured, distributed, marketed, or sold as e-cigarettes, e-cigars, e-pipes, or under any other name or descriptor.

4.23D - TOBACCO USE

The possession or use of tobacco in any form in the building, on the school campus, or on the school buses is strictly prohibited. "An act to protect the rights of non-smokers by prohibiting smoking in public school; to provide a criminal penalty for violation thereof; and for other purposes." (Act 854, 1987; House Bill 1337)

4.24—DRUGS AND ALCOHOL

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the deleterious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the Dierks School District shall possess, attempt to possess, consume, use, distribute, sell, buy, attempt to sell, attempt to buy, give to any person, or be under the influence of any substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy. This policy applies to any student who: is on or about school property; is in attendance at school or any school sponsored activity; has left the school campus for any reason and returns to the campus; or is en route to or from school or any school sponsored activity.

Prohibited substances shall include, but are not limited to: alcohol, or any alcoholic beverage; inhalants or any ingestible matter that alter a student's ability to act, think, or respond; LSD, or any other hallucinogen; marijuana, cocaine, heroin, or any other narcotic drug; PCP; amphetamines; steroids; "designer drugs"; look-alike drugs; or any controlled substance.

The sale, distribution, or attempted sale or distribution of over-the-counter (OTC) medications, dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, or prescription drugs is prohibited. The possession or use of OTC medications, dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, or prescription drugs is prohibited except as permitted under Policy 4.35—STUDENT MEDICATIONS.

4.24D - USING OR OFFERING FOR SALE OR ACTUALLY SELLING BEER, ALCOHOLIC BEVERAGES, OR OTHER ILLICIT DRUGS BY STUDENTS OR ADULTS AT SCHOOL ACTIVITIES.

1. No student or adult shall possess, use, transmit, or be under the influence of any controlled substance or dangerous drug as defined by the law, including alcoholic beverages and other intoxicants, while attending any school-sponsored activity as defined in Act 590 of 1971 of the State of Arkansas as amended.
2. Controlled substances may be dispensed by the school nurse to a student with a prescription and if it remains in the container in which it was obtained from the pharmacy.
3. No student shall possess drug paraphernalia while attending any school sponsored activity.

FIRST OFFENSE: Student may be suspended off campus for up to 10 days. Police may be called and expulsion recommended. Re-admission would require proof of professional help and a parental conference, with the possibility of community/school service. Expenses for counseling services are the family's responsibility. All-day detention may be used.

SECOND OFFENSE: The student shall be recommended for expulsion. Police will be summoned.

SELLING OR TRANSFER OF ANY PRESCRIPTION MEDICATION, DIET PILL, OR OVER-THE-COUNTER MEDICATION

Students shall not sell or transfer (give) any prescription medication, diet pill, or over-the-counter medication to any other student. Medications may not be carried on buses for any reason.

4.25—STUDENT DRESS AND GROOMING

The Dierks Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the District has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary, unsafe, could cause property damage, or are offensive to common standards of decency.

Students are prohibited from wearing, while on the school grounds during the school day and at school-sponsored events, clothing that exposes underwear, buttocks, or the breast of a female. This prohibition does not apply, however to a costume or uniform worn by a student while participating in a school-sponsored activity or event.

The Superintendent shall establish student dress codes for the District's schools, to be included in the student handbook, and are consistent with the above criteria.

4.25D - STUDENT DRESS

Student dress and grooming shall be left primarily to the discretion of the student and his or her parents. The school officials, however, shall have the authority to require a student who is improperly dressed to change into more appropriate clothing. Improper dress shall be defined as any clothing which might interfere with the daily school routine as determined by local administration.

Clothing that depicts or refers to alcoholic beverages, drugs, or nudity; that which contains obscene slogans, other inappropriate slogans, or emblems; or that which contains any writing which may reasonably be expected to cause disruptions or interference with normal school operation is not permitted.

Hats or other headwear will not be worn indoors with the exception of school sponsored events at the discretion of the principal.

Undershirts, tank tops with straps less than two inches wide, see-through shirts or blouses, racer-back shirts, or clothing with spaghetti straps are not acceptable for school wear unless worn under or over other permissible clothing. Shirts, blouses, and dresses are to be closed (buttoned) to show modesty and appropriateness. Shirts and dresses should completely cover the back and the stomach especially during bending or reaching activities.

Shorts, skirts, and dresses are acceptable as long as the hem is no shorter than four inches from the bend of the knee. Shorts or leggings under skirts or dresses is recommended for younger students. Holes in pants/jeans may be no higher than four inches above the bend in the knee. Clothing may not sag in such a way as to expose undergarments. If leggings are worn as pants, clothing worn with them must come to no less than four inches above the knee.

Shoes must be worn at all times and should be chosen with consideration to safety and health, as well as to consideration for other (quietness). **Cleats are not to be worn at school.**

4.26—GANGS AND GANG ACTIVITY

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff. Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions.

The following actions are prohibited by students on school property or at school functions:

1. Wearing or possessing any clothing, bandanas, jewelry, symbol, or other sign associated with membership in, or representative of, any gang;
2. Engaging in any verbal or nonverbal act such as throwing signs, gestures, or handshakes representative of membership in any gang;
3. Recruiting, soliciting, or encouraging any person through duress or intimidation to become or remain a member of any gang; and/or
4. Extorting payment from any individual in return for protection from harm from any gang.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion.

Students arrested for gang related activities occurring off school grounds shall be subject to the same disciplinary actions as if they had occurred on school grounds.

4.27—STUDENT SEXUAL HARASSMENT

The Dierks School District is committed to providing an academic environment that treats all students with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

The District believes the best policy to create an educational environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age

appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to:

- the nature of sexual harassment;
- The District’s written procedures governing the formal complaint grievance process;
- The process for submitting a formal complaint of sexual harassment;
- That the district does not tolerate sexual harassment;
- That students can report inappropriate behavior of a sexual nature without fear of adverse consequences;
- The supports that are available to individuals suffering sexual harassment; and
- The potential discipline for perpetrating sexual harassment.

Definitions

“Complainant” means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Education program or activity” includes locations, events, or circumstances where the District exercised substantial control over both the respondent and the context in which the sexual harassment occurs.

“Formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting an investigation of the allegation of sexual harassment.

“Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual harassment” means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee:
 - a. Conditions the provision of an aid, benefit, or service of the District on an individual’s participation in sexual conduct; or
 - b. Uses the rejection of sexual conduct as the basis for academic decisions affecting that individual;
2. The conduct is:
 - a. Unwelcome; and
 - b. Determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District’s education program or activity; or
 - c. Constitutes:
 - d. Sexual assault;
 - e. Dating violence
 - f. Domestic violence; or
 - g. Stalking.

“Supportive measures” means individualized services that are offered to the complainant or the respondent designed to restore or preserve equal access to the District’s education program or activity without unreasonably burdening the other party. The supportive measures must be non-disciplinary and non-punitive in nature; offered before or after the filing of a formal complaint or where no formal complaint has been filed; and offered to either party as appropriate, as reasonably available, and without fee or charge. Examples of supportive measures include, but are not limited to: measures designed to protect the safety of all parties or the District’s educational environment, or deter sexual harassment; counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; campus escort services; mutual restrictions on contact between the parties; changes in work or class locations; leaves of absence; and increased security and monitoring of certain areas of the campus.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; and non-employees and students.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Telling sexual or crude jokes;
- Spreading rumors related to a person's alleged sexual activities;
- Discussions of sexual experiences;
- Rating other students as to sexual activity or performance;
- Circulating or showing e-mails or Web sites of a sexual nature;
- Intimidation by words, actions, insults, or name calling; and
- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual or transgender.

Students who believe they have been subjected to sexual harassment, or the parent/legal guardian/other responsible adult of a student who believes their student has been subjected to sexual harassment, are encouraged to bring their concerns to **any** District staff member, including a counselor, teacher, Title IX coordinator, or administrator. If the District staff member who received a report of alleged sexual harassment is not the Title IX Coordinator, then the District staff person shall inform the Title IX Coordinator of the alleged sexual harassment. As soon as reasonably possible after receiving a report of alleged sexual harassment from another District staff member or after receiving a report directly through any means, the Title IX Coordinator shall contact the complainant to:

- Discuss the availability of supportive measures;
- Consider the complainant's wishes with respect to supportive measures;
- Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and
- Explain to the complainant the process for filing a formal complaint.

Supportive Measures

The District shall offer supportive measures to both the complainant and respondent that are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party before or after the filing of a formal complaint or where no formal complaint has been filed. The District shall provide the individualized supportive measures to the complainant unless declined in writing by the complainant and shall provide individualized supportive measures that are non-disciplinary and non-punitive to the respondent. A complainant who initially declined the District's offer of supportive measures may request supportive measures at a later time and the District shall provide individualized supportive measures based on the circumstances when the subsequent request is received.

Formal Complaint

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email. Upon receipt of a formal complaint, a District shall simultaneously provide the following written notice to the parties who are known:

- Notice of the District's grievance process and a copy of the procedures governing the grievance process;
- Notice of the allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
 - The identities of the parties involved in the incident, if known;
 - The conduct allegedly constituting sexual harassment; and
 - The date and location of the alleged incident, if known;

- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- That the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;
- That the parties may inspect and review evidence relevant to the complaint of sexual harassment; and
- That the District’s code of conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the previous notice, the District shall simultaneously provide notice of the additional allegations to the parties whose identities are known.

The District may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent; or by more than one complainant against one or more respondents; or by one party against the other party. When the District has consolidated formal complaints so that the grievance process involves more than one complainant or more than one respondent, references to the singular “party”, “complainant”, or “respondent” include the plural, as applicable.

When investigating a formal complaint and throughout the grievance process, a District shall:

- Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the District and not on the parties;
- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or access, consider, disclose, or otherwise use a party’s records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional’s or paraprofessional’s capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party’s voluntary, written consent or that party’s voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process;
- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding;
- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation ; this includes evidence:
 - Whether obtained from a party or other source,;
 - The District does not intend to rely upon in reaching a determination regarding responsibility; and
 - That is either Inculpatory or exculpatory; and
- Create an investigative report that fairly summarizes relevant evidence.

At least ten (10) days prior to completion of the investigative report, the District shall send to each party and the party’s advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties shall have at least ten (10) days to submit a written response to the evidence. The investigator will consider the written responses prior to

completion of the investigative report. All evidence subject to inspection and review shall be available for the parties' inspection and review at any meeting to give each party equal opportunity to refer to such evidence during the meeting.

After the investigative report is sent to the parties, the decision-maker shall:

- Provide each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness;
- Provide each party with the answers;
- Allow for additional, limited follow-up questions from each party; and
- Provide an explanation to the party proposing the questions any decision to exclude a question as not relevant. Specifically, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Following the completion of the investigation period, the decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility. The written determination shall include—

1. Identification of the allegations potentially constituting sexual harassment;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including:
 - a. Any notifications to the parties;
 - b. Interviews with parties and witnesses;
 - c. Site visits;
 - d. Methods used to gather other evidence,; and
 - e. Hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the District's code of conduct to the facts;
5. A statement of, and rationale for, the result as to each allegation, including:
 - a. A determination regarding responsibility;
 - b. Any disciplinary sanctions imposed on the respondent; and
 - c. Whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
6. The procedures and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination regarding responsibility shall become final on the earlier of:

- If an appeal is not filed, the day after the period for an appeal to be filed expires; or
- If an appeal is filed, the date the written determination of the result of the appeal is provided to the parties.

The District shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved; did not occur in the District's education program or activity; or did not occur against a person in the United States, then the District shall dismiss the complaint as not meeting the definition of sexual harassment under this policy. A dismissal for these reasons does not preclude action under another provision of the District's code of conduct.

The District may dismiss the formal complaint or any allegations therein, if at any time during the grievance process:

- The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- The respondent is no longer enrolled at the District; or
- Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon the dismissal of a formal complaint for any reason, the District shall promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The District may hire an individual or individuals to conduct the investigation or to act as the determination-maker when necessary.

Appeals

Either party may appeal a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

- a. The existence of a procedural irregularity that affected the outcome of the matter;
- b. Discovery of new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- c. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or
- d. An appeal of the disciplinary sanctions from the initial determination.

For all appeals, the District shall:

1. Notify the other party in writing when an appeal is filed;
2. Simultaneously provide all parties a written copy of the District's procedures governing the appeal process;
3. Implement appeal procedures equally for both parties;
4. Ensure that the decision-maker⁵ for the appeal is not the same person as the decision-maker that reached the original determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator;
5. Provide all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
6. Issue a written decision describing the result of the appeal and the rationale for the result; and
7. Provide the written decision simultaneously to both parties.

Confidentiality

Reports of sexual harassment, both informal reports and formal complaints, will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to:

- individuals who are responsible for handling the District's investigation and determination of responsibility to the extent necessary to complete the District's grievance process;
- Submit a report to the child maltreatment hotline;
- Submit a report to the Professional Licensure Standards Board for reports alleging sexual harassment by an employee towards a student; or
- The extent necessary to provide either party due process during the grievance process.

Except as listed above, the District shall keep confidential the identity of:

- Any individual who has made a report or complaint of sex discrimination;
- Any individual who has made a report or filed a formal complaint of sexual harassment;
- Any complainant;
- Any individual who has been reported to be the perpetrator of sex discrimination;
- Any respondent; and
- Any witness.

Any supportive measures provided to the complainant or respondent shall be kept confidential to the extent that maintaining such confidentiality does not impair the ability of the District to provide the supportive measures.

Emergency removal

The District may remove a respondent from the District's education program or activity on an emergency basis only after the completion of an individualized safety and risk analysis that determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. A removed student will be provided with notice and an opportunity to challenge the removal decision immediately following the removal.

Retaliation Prohibited

Students, or the parents/legal guardians/ other responsible adult of a student, who submit a report or file a formal complaint of sexual harassment, testified; assisted; or participate or refused to participate in any manner in an investigation, proceeding, or hearing on sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats; intimidation; coercion; discrimination; or charges for code of conduct violations that do not involve sex discrimination or sexual harassment, arise out of the same facts or circumstances as a report or formal complaint of sex discrimination, and are made for the purpose of interfering with any right or privilege under this policy. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Disciplinary Sanctions

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment. Following the completion of the District's grievance process, any student who is found by the evidence to more likely than not have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion. No disciplinary sanction or other action that is not a supportive measure may be taken against a respondent until the conclusion of the grievance process.

Students who knowingly fabricate allegations of sexual harassment or purposely provide inaccurate facts shall be subject to disciplinary action up to and including expulsion. A determination that the allegations do not rise to the level of sexual harassment alone is not sufficient to conclude that any party made a false allegation or materially false statement in bad faith.

Records

The District shall maintain the following records for a minimum of seven (7) years:

- Each sexual harassment investigation including:
- Any determination regarding responsibility;
- Any disciplinary sanctions imposed on the respondent;
- Any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity;
- Any appeal and the result therefrom;
- All materials used to train Title IX Coordinators, investigators, and decision-makers;
- Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, which must include:
 - The basis for the District's conclusion that its response was not deliberately indifferent; and
 - Document:
 - If supportive measures were provided to the complainant, the supportive measures taken designed to restore or preserve equal access to the District's education program or activity; or
 - If no supportive measures were provided to a complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

4.28—LASER POINTERS

Students shall not possess any hand held laser pointer while in school; on or about school property, before or after school; in attendance at school or any school-sponsored activity; en route to or from school or any school-sponsored activity; off the school grounds at any school bus stop or at any school-sponsored activity or event. School personnel shall seize any laser pointer from the student possessing it and the student may reclaim it at the close of the school year, or when the student is no longer enrolled in the District.

4.29—INTERNET SAFETY and ELECTRONIC DEVICE USE POLICY

Definition

For the purposes of this policy, "electronic device" means anything that can be used to transmit or capture images, sound, or data.

The District makes electronic device(s) and/or electronic device Internet access available to students, to permit students to perform research and to allow students to learn how to use electronic device technology. Use of district electronic devices is for educational and/or instructional purposes only. Student use of electronic device(s) shall only be as directed or assigned by staff or teachers; students are advised that they enjoy no expectation of privacy in any aspect of their electronic device use, including email, and that monitoring of student electronic device use is continuous.

No student will be granted Internet access until and unless an Internet and electronic device -use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18]) is on file. The current version of the Internet and Electronic Device use agreement is incorporated by reference into board policy and is considered part of the student handbook.

Technology Protection Measures

The District is dedicated to protecting students from materials on the Internet or world wide web that are inappropriate, obscene, or otherwise harmful to minors¹; therefore, it is the policy of the District to protect each electronic device with Internet filtering software that is designed to prevent students from accessing such materials. For purposes of this policy, "harmful to minors" means any picture, image, graphic image file, or other visual depiction that:

- (A) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;
- (B) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
- (C) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

Internet Use and Safety

The District is dedicated to ensuring that students are capable of using the Internet in a safe and responsible manner. The District uses technology protection measures to aid in student safety and shall also educate students on appropriate online behavior and Internet use including, but not limited to:

- interacting with other individuals on social networking websites and in chat rooms;
- Cyberbullying awareness; and
- Cyberbullying response.

Misuse of Internet

The opportunity to use the District's technology to access the Internet is a privilege and not a right. Students who misuse electronic devices or Internet access in any way will face disciplinary action, as specified in the student handbook and/or Internet safety and electronic device use agreement. Misuse of the Internet includes:

- The disabling or bypassing of security procedures, compromising, attempting to compromise, or defeating the district's technology network security or Internet filtering software;
- The altering of data without authorization;
- Disclosing, using, or disseminating passwords, whether the passwords are the student's own or those of another student/faculty/community member, to other students;
- Divulging personally identifying information about himself/herself or anyone else either on the Internet or in an email unless it is a necessary and integral part of the student's academic endeavor. Personally identifying information includes full names, addresses, and phone numbers.
- Using electronic devices for any illegal activity, including electronic device hacking and copyright or intellectual property law violations;

- Using electronic devices to access or create sexually explicit or pornographic text or graphics;
- Using electronic devices to violate any other policy or is contrary to the Internet safety and electronic device use agreement.

4.29D - TECHNOLOGY ACCEPTABLE USE POLICY

The Dierks School District believes that technology is a tool for life-long learning, and that access to Local Area Network (LAN) and Wide Area Network (WAN) is one of the resources that promote educational and organizational excellence. We believe the responsible use of network resources will propel today's schools into the information age allowing students and staff to significantly expand their knowledge by accessing and using information resources, and by analyzing, collaborating and publishing information.

Students and staff should use network resources in a responsible, efficient, ethical, and legal manner in accordance with the mission of Dierks School District. The use of technology is a privilege, not a right, which may be revoked at any time for inappropriate behavior. Users assume responsibility for understanding the policy and guidelines as a condition of using available technology. Staff members are accountable to teach and use technology responsibly. Use of technology resources that are inconsistent with this policy may result in loss of access as well as other disciplinary or legal action. This will be at the discretion of the faculty and the administration of the Dierks School District.

Network Access

The following individuals are authorized to use the Dierks Public School Network (including, but not limited to e-mail and internet):

1. Dierks School employees are issued an individual network account.
2. High school students at Dierks High School (grades 7-12) may be issued an account with e-mail and internet privileges upon return of a contract signed by parent and student. This will depend upon the class and instructor.
3. Seventh and eighth grade students are issued network accounts without internet and e-mail access.
4. Elementary students have access to school network only under their teacher's direct supervision using a classroom account. Individual elementary students will be issued an account upon the discretion of the teachers and the administration.
5. Others may be issued **Guest Accounts** based on their need for doing network business. (Examples of such accounts would be adult education classes and college students needing to do research).

Acceptable Internet Use Guidelines

Staff members are expected to teach responsible use to students when students are accessing the Internet and to provide guidance and supervision of students using the internet in the following ways:

- Teachers and other supervising adults will discuss the appropriate use of technology resources with their students, monitor their use, and intervene if the resource is not being used appropriately.
- Computers that allow access to the Internet should only be placed in areas where adults are present.

Content filtering is provided by the state to help limit access to inappropriate material. Even with filtering, it is possible that students may find material on the Internet that parents consider objectionable. Although students may be supervised when they use the Internet, this does not guarantee that students will not access inappropriate materials. District guidelines for accessing Internet prohibit access to material that is inappropriate in the school environment. Students should report inappropriate access of material to a teacher, other staff persons, or their parents. Parents are encouraged to discuss responsible use of the Internet with their children and how this responsibility includes using the Internet at school, as well as from home.

Unacceptable use

The following uses of technology are unacceptable and may result in suspension or revocation of network privileges.

Unacceptable use is defined to include, but not be limited to, the following

- Violation of School Board Policy, District Administrative Rules, or any provision in the Student Handbook.
- Transmission of any material in violation of any local, state, or federal law. This includes, but is not limited to: copyrighted materials, threatening or obscene material, or material protected by trade secret.
- The use of profanity, obscenity or other language that may be offensive to another user

- Any form of vandalism, including but not limited to, damaging computers, computer systems, or networks, and/or disrupting the operation of the network.
- Copying and/or downloading commercial software or other material (e.g. music) in violation of federal copyright laws.
- Use of the network for financial gain, commercial activity, or illegal activity, e.g. hacking.
- Use of the network for political activity.
- Use of the network to access pornographic or obscene material.
- Creating and/or placing a computer virus on the network.
- Accessing another person's individual account without prior consent or accessing a restricted account without the prior consent of the responsible administrator or teacher. The person in whose name an account is issued is responsible at all times for its proper use. Passwords should never be shared with another person and should be changed frequently.

Electronic Bullying (Cyber bullying)

Electronic bullying is the act of transmitting a communication or image by means of an electronic device, including without limitation a telephone, wireless phone or other wireless communication device, computer, or pager that results in the substantial disruption of the orderly operation of the school or educational environment.

Electronic acts of bullying are prohibited whether or not the electronic act originated on school property or with school equipment, if the electronic act is directed specifically at students or school personnel and maliciously intended for the purpose of disrupting school, and has a high likelihood of succeeding in that purpose.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion. In determining the appropriate disciplinary action, consideration may be given to other violations of the student handbook which may have simultaneously occurred.

Privacy

Staff and student users of Dierks must be aware that information accessed, created, sent, received or stored on the network is not private. It is subject to review by network system administrators. System administrators may investigate complaints regarding e-mail that may contain inappropriate or illegal material.

Web Content

The content on the Dierks School District website shall be consistent with its purpose of supporting and enhancing learning and teaching that prepares students for success. Dierks' website includes information about the district and functions as a communication tool.

Staff members who publish pages on Dierks School District's website should use criteria appropriate to selecting material that enriches the learning environment. In addition to applying the principles used to establish a rich educational environment, web page content should be designed to reflect the following criteria.

The purposes of these guidelines are:

1. To inform school staff of the possible dangers of allowing students to publish identifying information on the Internet.
2. To recognize that there are potential advantages of allowing students to publish identifying information on the Internet.
3. To provide to schools a recommended set of guidelines governing how student identifying should be allowed in publishing on the Internet.

It is clear that there are significant risks, as well as significant advantages, involved with allowing students to be identified on the Internet. Therefore students should not be easily identifiable from materials they might publish on the Internet.

Guidelines

- Only first name shall be used in published student work
- Pictures that are a part of student publishing should not include identifying information
- Under no circumstances should a student's home address or phone number be included

- If replies to published student work are appropriate, the sponsoring teacher’s address should be the e-mail address displayed, not the student’s.
- In special circumstances with parent-signed release, identifying information can be added.

Guidelines: To make this determination the submitted students and the supervising staff member must carefully weigh the potential for risk against the perceived advantage of posting this identifying information. Students are required to seek guidance and approval from school staff and are encouraged to involve parents in instances where there is uncertainty before posting identifying information.

Copyright & Plagiarism

Adherence to federal copyright law is required in both the print and the electronic environments. All users of the Dierks network are expected to adhere to the provision of Public Law 94-553 and subsequent federal legislation and guidelines related to the duplication and/or use of copyrighted materials. District guidelines permit copying specifically allowed by copyright law, fair use guidelines, license agreements or proprietor’s permission. The following are not permitted:

- Using network resources to commit plagiarism
- Unauthorized use, copying, or forwarding of copyrighted material.
- Unauthorized installing, use, storage, or distribution of copyrighted software.

In following Public Law 106-554 and State Law A.C.A. 6-21-107 and 6-21-111, Dierks Schools will adhere to the Children’s Internet Protection Act.

4.30—SUSPENSION FROM SCHOOL

Students who are not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school-sponsored function, activity, or event; and
- Going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to, that:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

Out-of-school suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student’s behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or
- c. Is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student:

1. The student shall be given written notice or advised orally of the charges against him/her;
2. If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts; and

3. If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's re-admittance to class will be given to the parent(s), legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), person(s) having lawful control, person(s) standing in loco parentis, or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the responsibility of a student's parents, legal guardians, person having lawful control of the student, or person standing in loco parentis to provide current contact information to the district, which the school shall use to immediately notify the parent, legal guardian, person having lawful control of a student, or person standing in loco parentis upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:

- A primary call number;
 - The contact may be by voice, voice mail, or text message.
- An email address;
- A regular first class letter to the last known mailing address.

The district shall keep a log of contacts attempted and made to the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of OSS.

During the period of their suspension, students serving OSS are not permitted on campus except to attend a student/parent/administrator conference or when necessary as part of the District's engagement or access to education program.

During the period of their suspension, students serving in-school suspension shall not attend or participate in any school-sponsored activities during the imposed suspension.

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.

Suspensions initiated by the Superintendent may be appealed to the Board.

4.30D– IN-SCHOOL SUSPENSION

Students in grades K-1 will serve in-school suspension in half-day increments. They will be supervised by a school employee while they complete assignments provided by their classroom teacher. They will eat lunch in the ISS room, office or at the silent table depending on when they serve and return to their regular room in time to get ready to leave for the day. Students in grades 2-6 may serve an all-day suspension under the same regulations as mentioned above.

OUT-OF-SCHOOL SUSPENSION

In cases of severe disruptions, or when a student may not receive corporal punishment, a student may be suspended for up to ten (10) school days, including the day upon which the suspension was initially imposed if he/she is:

- In sixth grade or
- A K–5 student who poses a physical risk to himself or herself or to others, causes a serious disruption that cannot be addressed through other means, or brings a firearm on school campus.

Prior to such suspension, the principal or designee shall inform the student and parent about the infraction. Students will not be allowed to earn credit for work that is completed during their suspension.

4.31—EXPULSION

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct:

- Deemed to be of such gravity that suspension would be inappropriate;
- Where the student's continued attendance at school would disrupt the orderly learning environment; or
- Would pose an unreasonable danger to the welfare of other students or staff.

Expulsion shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or
- c. Is the act of bringing a firearm on school campus.

The Superintendent or his/her designee shall give written notice to the parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis (mailed to the address reflected on the District's records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, legal guardian, person having lawful control of the student, person standing in loco parentis, or student if age eighteen (18) or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses, that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted; however, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

Except as permitted by policy 4.22, the Superintendent shall recommend the expulsion of any student for a period of not less than one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of expulsion. The District's program shall include offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of

academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

4.32—SEARCH, SEIZURE, AND INTERROGATIONS

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable and individualized suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness; however, searches may be done at any time with or without notice or the student's consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

4.32D – DESK, BACKPACK, AND PERSONAL SEARCHES

School authorities may search a student's desk, backpack, or conduct a personal search and seize for any illegal or contraband materials. A search should be limited to a situation in which the administration has reasonable belief that the student is concealing evidence of an illegal act, contraband, or has violated a school rule. Dangerous items (such as firearms, weapons,

knives, controlled substances, and other items which may be used to disrupt substantially the educational process) will be removed from the student's possession and will be reported and transmitted to the proper authorities. Searches should be made under the following conditions:

1. Desk Searches

- a. Students should be informed of the conditions governing the use of desks when assignments are made.
- b. Searches should be made only by the building principal or an official duly authorized person for that purpose by the building principal with a witness present. The search of that particular desk should be made only upon a reasonable assumption that the student is secreting evidence of an illegal act or contraband materials.
- c. Blanket searches of every desk should not be permitted except in unusual circumstances, such as a bomb threat.

2. Personal Searches

A search of a student's person should be limited to a situation in which the administration has a reasonable belief that the student is concealing evidence of an illegal act, contraband, or has violated a school rule. Dangerous items (such as firearms, weapons, knives), controlled substances, or other items which may be used to substantially disrupt the educational process will be removed from the student's possession and will be reported and transmitted to proper authorities.

4.34—COMMUNICABLE DISEASES AND PARASITES

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to: Varicella (chicken pox), measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant *Staphylococcus aureus*), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis A, B, or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally).¹ A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's exposure control plan when dealing with any bloodborne, foodborne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

In accordance with 4.57—IMMUNIZATIONS, the District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up at the end of the school day. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

4.34D – HEAD LICE

According to the National Association of School Nurses and the American Academy of Pediatrics, a healthy child should not be restricted from attending school because of head lice or nits (eggs). The “no-nit” policy results in unnecessary absenteeism. Transmission mostly occurs through head-to-head. When a child is noticed to have head lice at school, parents will be called, and the school will need proof of treatment (example: the empty box for lice shampoo). The student will not be required to leave school but will be instructed discreetly on not sharing personal items such as combs, brushes, hats, and other articles of clothing. The student will also be instructed to avoid head-to-head contact.

HEALTH SERVICES

Rules and regulations of the Arkansas State Board of Health require the school personnel to refuse admittance to children with communicable diseases. Such diseases common to children include chicken pox, colds, diphtheria, measles, meningitis, mumps, poliomyelitis, scarlet fever, smallpox, typhoid fever, whooping cough, skin disease, pink eye, trench mouth, ring worm, and contagious catarrhal conjunctivitis.

Teachers should always be alert to symptoms of illness, and children who exhibit evidence of any communicable disease should be sent to the nurse or principal. If a child is to be sent home, the parents will be notified of the child’s condition. Any student who has been absent with a quarantinable disease must present a written release from the doctor before re-admittance to school.

It is the policy of the school that no drug or medicinal preparation, with the exception of those medicines or medications approved for first aid by the Arkansas School First Aid Guidelines, will be administered to a student on any school premises by school personnel unless the student requires the medications to attend school and unless a current valid doctor’s prescription and instructions, as well as a written request from the child’s parents, are received by the school. Students are not allowed to bring medicine to school on the bus.

4.35—STUDENT MEDICATIONS

Prior to the administration of any medication, including any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, to any student under the age of eighteen (18), written parental consent is required. The consent form shall include authorization to administer the medication and relieve the Board and its employees of civil liability for damages or injuries resulting from the administration of medication to students in accordance with this policy. All signed medication consent forms are to be maintained by the school nurse.

Unless authorized to self-administer or otherwise authorized by this policy, students are not allowed to carry any medications, including over-the-counter (OTC) medications or any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, while at school. The parent or legal guardian shall bring the student’s medication to the school nurse. The student may bring the medication if accompanied by a written authorization from the parent or legal guardian. When medications are brought to the school nurse, the nurse shall document, in the presence of the parent, the quantity of the medication(s). If the medications are brought by a student, the school nurse shall ask another school employee to verify, in the presence of the student the quantity of the medication(s). Each person present shall sign a form verifying the quantity of the medication(s).

Medications, including those for self-administration, must be in the original container and be properly labeled with the student’s name, the ordering provider’s name, the name of the medication, the dosage, frequency, and instructions for the administration of the medication (including times). Additional information accompanying the medication shall state the purpose for the medication, its possible side effects, and any other pertinent instructions (such as special storage requirements) or warnings. Schedule II medications that are permitted by this policy to be brought to school shall be stored in a double locked cabinet.

Students with an individualized health plan (IHP) may be given OTC medications to the extent giving such medications are included in the student's IHP.

The district's supervising registered nurse is responsible for creating procedures for the administration of medications on and off campus.

The school shall not keep outdated medications or any medications past the end of the school year. Parents shall be notified ten (10) days in advance of the school's intention to dispose of any medication. Medications not picked up by the parents or legal guardians within the ten (10) day period shall be disposed of by the school nurse in accordance with current law and rules.

Schedule II Medications

Students taking Schedule II medications methylphenidate (e.g. Ritalin or closely related medications as determined by the school nurse), Dextroamphetamine (Dexedrine), and amphetamine sulfate (e.g. Adderall or closely related medications as determined by the school nurse) shall be allowed to attend school.

Students taking Schedule II medications not included in the previous sentence shall be allowed to bring them to school under the provisions of this policy and shall be permitted to attend and participate in classes **only** to the extent the student's doctor has specifically authorized such attendance and participation. A doctor's prescription for a student's Schedule II medication is **not** an authorization. Attendance authorization shall specifically state the degree and potential danger of physical exertion the student is permitted to undertake in the student's classes and extracurricular activities. Without a doctor's written authorization, a student taking Schedule II medications, other than those specifically authorized in this policy, shall **not** be eligible to attend classes, but shall be eligible for homebound instruction if provided for in their IEP or 504 plans.

Self-Administration of Medication

Students who have written permission from their parent or guardian and a licensed health care practitioner on file with the District may:

- 1) Self-administer either a rescue inhaler or auto-injectable epinephrine;
- 2) Perform his/her own blood glucose checks;
- 3) Administer insulin through the insulin delivery system the student uses;
- 4) Treat the student's own hypoglycemia and hyperglycemia; or
- 5) Possess on his or her person:
 - a) A rescue inhaler or auto-injectable epinephrine; or
 - b) the necessary supplies and equipment to perform his/her own diabetes monitoring and treatment functions.

Students who have a current consent form on file shall be allowed to carry and self-administer such medication while:

- In school;
- At an on-site school sponsored activity;
- While traveling to or from school; or
- At an off-site school sponsored activity.

A student is prohibited from sharing, transferring, or in any way diverting his/her medications to any other person. The fact that a student with a completed consent form on file is allowed to carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, or combination does not require him/her to have such on his/her person. The parent or guardian of a student who qualifies under this policy to self-carry a rescue inhaler, auto-injectable epinephrine, diabetes medication, or any combination on his/her person shall provide the school with the appropriate medication, which shall be immediately available to the student in an emergency.

Students may possess and use a topical sunscreen that is approved by the United States Food and Drug Administration for OTC use to avoid overexposure to the sun without written authorization from a parent, legal guardian, or healthcare professional while the student is on school property or at a school-related event or activity. The parent or guardian of a student may provide written documentation authorizing specifically named District employee(s), in addition to the school

nurse, to assist a student in the application of sunscreen. The District employee(s) named in the parent or legal guardian's written authorization shall not be required to assist the student in the application of sunscreen.

Emergency Administration of Glucagon and Insulin

Students may be administered Glucagon, insulin, or both in emergency situations by the school nurse or, in the absence of the school nurse, a trained volunteer school employee designated as a care provider, provided the student has:

1. an IHP that provides for the administration of Glucagon, insulin, or both in emergency situations; and
2. a current, valid consent form on file from their parent or guardian.

When the nurse is unavailable, the trained volunteer school employee who is responsible for a student shall be released from other duties during:

- A. The time scheduled for a dose of insulin in the student's IHP; and
- B. Glucagon or non-scheduled insulin administration once other staff have relieved him/her from other duties until a parent, guardian, other responsible adult, or medical personnel has arrived.

A student shall have access to a private area to perform diabetes monitoring and treatment functions as outlined in the student's IHP.

Emergency Administration of Epinephrine

The school nurse or other school employees designated by the school nurse as a care provider who have been trained and certified by a licensed physician may administer an epinephrine auto-injector in emergency situations to students who have an IHP that provides for the administration of an epinephrine auto-injector in emergency situations.

The parent of a student who has an authorizing IHP, or the student if over the age of eighteen (18), shall annually complete and sign a written consent form provided by the student's school nurse authorizing the nurse or other school employee(s) certified to administer auto-injector epinephrine to administer auto-injector epinephrine to the student when the employee believes the student is having a life-threatening anaphylactic reaction.

Students with an order from and a licensed health care provider to self-administer auto-injectable epinephrine and who have written permission from their parent or guardian shall provide the school nurse an epinephrine auto-injector. This epinephrine will be used in the event the school nurse, or other school employee certified to administer auto-injector epinephrine, in good faith professionally believes the student is having a life-threatening anaphylactic reaction and the student is either not self-carrying his/her /epinephrine auto-injector or the nurse is unable to locate it.

The school nurse for each District school shall keep epinephrine auto-injectors on hand that are suitable for the students the school serves. The school nurse or other school employee designated by the school nurse as a care provider who has been trained and certified by a licensed physician may administer auto-injector epinephrine to those students who the school nurse, or other school employee certified to administer auto-injector epinephrine, in good faith professionally believes is having a life-threatening anaphylactic reaction.

Emergency Administration of Albuterol

The school nurse or other school employees designated by the school nurse as a care provider who have been trained and certified by a licensed physician, advanced practice registered nurse, or physician assistant may administer albuterol in emergency situations to students who have an IHP that provides for the administration of albuterol in emergency situations.

The parent of a student who has an authorizing IHP, or the student if over the age of eighteen (18), shall annually complete and sign a written consent form provided by the student's school nurse authorizing the nurse or other school employee(s) certified to administer albuterol to administer albuterol to the student when the employee believes the student is in perceived respiratory distress.

The school nurse for each District school shall keep albuterol on hand. The school nurse or other school employee designated by the school nurse as a care provider who has been trained and certified by a licensed physician, advanced practice registered nurse, or physician assistant may administer albuterol to those students who the school nurse, or other school employee certified to administer albuterol, in good faith professionally believes is in perceived respiratory distress.

Emergency Administration of Anti-opioid

The school nurse for each District school shall keep anti-opioid injectors on hand. The school nurse, other school employee, volunteer, or student may administer anti-opioid in accordance with the District's procedures to a student who the school nurse, or other observer, in good faith believes is having an opioid overdose.

4.35D – STUDENT MEDICATIONS

The school nurse or designee will not administer any medications without a signed Medication Consent form. This form must include that the medication has been given before with no adverse reactions experienced. It must also include student's name, medication name, dose, what it will be given for, and parent's signature. **Medications must be in original bottles. No loose pills will be accepted in baggies, envelopes, unidentified bottles, or taped to a note.** This is for students' protection.

4.36—STUDENT ILLNESS/ACCIDENT

If a student becomes too ill to remain in class and/or could be contagious to other students, the principal or designee will attempt to notify the student's parent or legal guardian. The student will remain in the school's health room or a place where he/she can be supervised until the end of the school day or until the parent/legal guardian can check the student out of school. If a student becomes seriously ill or is injured while at school and the parent/legal guardian cannot be contacted, the failure to make such contact shall not unreasonably delay the school's expeditious transport of the student to an appropriate medical care facility. The school assumes no responsibility for treatment of the student. When available, current, and applicable, the student's emergency contact numbers and medical information will be utilized. Parents are strongly encouraged to keep this information up to date.

4.36D – STUDENT ILLNESS/ACCIDENT

The administration of first aid is permitted and expected. Although schools are not liable for injuries incurred on the school premises when proper supervision is provided, the teacher and other staff members are obligated to see that an injured child receives proper attention.

When an injury or illness of a serious nature occurs, the parent or guardian will be notified as quickly as possible. When the parent or guardian cannot be located, the school may refer the child to the physician authorized by the parent. The Dierks School District does not assume liability for doctor's fees or accidents/injuries occurring at school.

4.37—EMERGENCY DRILLS

All schools in the District shall conduct fire drills at least monthly. Tornado drills shall also be conducted no fewer than three (3) times per year with at least one each in the months of September, January, and February. Students who ride school buses, shall also participate in emergency evacuation drills at least twice each school year.

The District shall annually conduct an active shooter drill and school safety assessment for all District schools in collaboration with local law enforcement and emergency management personnel. The training will include a lockdown exercise with panic button alert system training. Students will be included in the drills to the extent that is developmentally appropriate for the age of both the students and grade configuration of the school.

Drills may be conducted during the instructional day or during non-instructional time periods.

Other types of emergency drills may also be conducted to test the implementation of the District's emergency plans in the event of violence, terrorist attack, natural disaster, other emergency, or the District's Panic Button Alert System. Students shall be included in the drills to the extent practicable.

4.38—PERMANENT RECORDS

Permanent school records, as required by the Division of Elementary and Secondary Education (DESE), shall be maintained for each student enrolled in the District until the student receives a high school diploma or its equivalent or is beyond the age of compulsory school attendance. A copy of the student's permanent record shall be provided to the receiving school district within ten (10) school days after the date a request from the receiving school district is received.

4.39—CORPORAL PUNISHMENT

The Dierks School Board authorizes the use of corporal punishment to be administered in accordance with this policy by the Superintendent or the superintendent's designated staff members who are required to have a state-issued license as a condition of their employment.

Prior to the administration of corporal punishment, the student receiving the corporal punishment shall be given an explanation of the reasons for the punishment and be given an opportunity to refute the charges.

All corporal punishment shall be administered privately, i.e. out of the sight and hearing of other students, shall not be excessive, or administered with malice, and shall be administered in the presence of another school administrator or designee who shall be a licensed staff member employed by the District.

Corporal punishment shall not be used as a form of discipline for a student who is intellectually disabled, non-ambulatory, non-verbal, or autistic.

4.39D - CORPORAL PUNISHMENT

Act 51 of 1994 authorized any teacher or administrator the use of corporal punishment, provided only that the punishment is administered in accord with the district's written student discipline policy. Our policy states...

1. Before corporal punishment is administered, the student should be advised of the rule and infraction for which the student may be punished. The student should be allowed time to respond, and then the school administrator should take the action it deems most appropriate. A formal hearing is not required before administering corporal punishment
2. Corporal punishment shall be administered only in the presence of a school administrator or his or her designee, who shall be a teacher or administrator employed by the district. There shall also be another certified teacher or administrator to serve as a witness.
3. Corporal punishment shall not be administered in the presence of other students, with malice, or anger, or in excess.
4. Refusal to take corporal punishment may result in suspension or other disciplinary action.
5. The principal will file a written report when corporal punishment is administered.
6. Parents may choose an option as to whether their child is to receive corporal punishment. **SIGNATURE IS REQUIRED ON APPROPRIATE FORM AS PART OF THE REGISTRATION PROCESS.**

4.40—HOMELESS STUDENTS

The Dierks School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational agency (LEA) liaison for homeless children and youth whose responsibilities shall include, but are not limited to:

- Receive appropriate time and training in order to carry out the duties required by law and this policy;
- Coordinate and collaborate with the State Coordinator, community, and school personnel responsible for education and related services to homeless children and youths;
- Ensure that school personnel receive Professional development and other support regarding their duties and responsibilities for homeless youths;

- Ensure that unaccompanied homeless youths:
 - Are enrolled in school;
 - Have opportunities to meet the same challenging State academic standards as other children and youths; and
 - Are informed of their status as independent students under the Higher Education Act of 1965 and that they may obtain assistance from the LEA liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid;
- Ensure that public notice of the educational rights of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youth, and unaccompanied homeless youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form that is easily understandable.

To the extent possible, the LEA liaison and the building principal shall work together to ensure no homeless child or youth is harmed due to conflicts with District policies solely because of the homeless child or youth's living situation; this is especially true for District policies governing fees, fines, and absences.

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute, including all appeals. It is the responsibility of the District's LEA liaison for homeless children and youth to carry out the dispute resolution process.

For the purposes of this policy "school of origin" means:

- The school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool; and
- The designated receiving school at the next grade level for all feeder schools when the child completes the final grade provided by the school of origin.

The District shall do one of the following according to what is in the best interests of a homeless child:

- Continue the child's or youth's education in the school of origin for the duration of homelessness:
 - In any case in which a family becomes homeless between academic years or during an academic year; and
 - For the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or
- Enroll the child or youth in any public school that nonhomeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

In determining the best interest of the child or youth, the District shall:

- Presume that keeping the child or youth in the school of origin is in the child's or youth's best interest, except when doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth;
- Consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth.

If the District determines that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, the District shall provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal. For an unaccompanied youth, the District shall ensure that the LEA liaison assists in placement or enrollment decisions, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

The homeless child or youth must be immediately enrolled in the selected school regardless of whether application or enrollment deadlines were missed during the period of homelessness.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the LEA Liaison), to and from the child's school of origin.

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and:

1. Are:

- Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;
- Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations;
- Living in emergency or transitional shelters;
- Abandoned in hospitals; or

2. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping

accommodation for human beings;

3. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

4. Are migratory children who are living in circumstances described in clauses (a) through (c).

In accordance with Federal law, information on a homeless child or youth's living situation is part of the student's education record and shall not be considered, or added, to the list of directory information in Policy 4.13.

4.41—PHYSICAL EXAMINATIONS OR SCREENINGS

The district conducts routine health screenings such as hearing, vision, and scoliosis due to the importance these health factors play in the ability of a student to succeed in school. The intent of the exams or screenings is to detect defects in hearing, vision, or other elements of health that would adversely affect the student's ability to achieve to his/her full potential.

The rights provided to parents under this policy transfer to the student when he/she turns 18 years old.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.41F or by providing certification from a physician that he/she has recently examined the student.

4.42—STUDENT HANDBOOK

It shall be the policy of the Dierks school district that the most recently adopted version of the Student Handbook be incorporated by reference into the policies of this district. In the event that there is a conflict between the student handbook and a general board policy or policies, the more recently adopted language will be considered binding and controlling on the matter provided the parent(s) of the student, or the student if 18 years of age or older have acknowledged receipt of the controlling language.

Principals shall review all changes to student policies and ensure that such changes are provided to students and parents, either in the Handbook or, if changes are made after the handbook is printed, as an addendum to the handbook.

Principals and counselors shall also review Policies 4.45—SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS and the current DESE Standards for Accreditation Rules to ensure that there is no conflict. If a conflict exists, the Principal and/or Counselor shall notify the Superintendent and Curriculum Coordinator immediately, so that corrections may be made and notice of the requirements given to students and parents.

4.43—BULLYING

Definitions

“Attribute” means an actual or perceived personal characteristic including without limitation race, color, religion, ancestry, national origin, socioeconomic status, academic status, disability, gender, gender identity, physical appearance, health condition, or sexual orientation;

“Bullying” means the intentional harassment, intimidation, humiliation, ridicule, defamation, or threat or incitement of violence by a student against another student or public school employee by a written, verbal, electronic, or physical act that may address an attribute of the other student, public school employee, or person with whom the other student or public school employee is associated and that causes or creates actual or reasonably foreseeable:

- Physical harm to a public school employee or student or damage to the public school employee's or student's property;
- Substantial interference with a student's education or with a public school employee's role in education;
- A hostile educational environment for one (1) or more students or public school employees due to the severity, persistence, or pervasiveness of the act; or
- Substantial disruption of the orderly operation of the school or educational environment;

Examples of "Bullying" include, but are not limited to, a pattern of behavior involving one or more of the following:

1. Cyberbullying;
2. Sarcastic comments "compliments" about another student's personal appearance or actual or perceived attributes,
3. Pointed questions intended to embarrass or humiliate,
4. Mocking, taunting or belittling,
5. Non-verbal threats and/or intimidation such as “fronting” or “chesting” a person,
6. Demeaning humor relating to a student's actual or perceived attributes,
7. Blackmail, extortion, demands for protection money or other involuntary donations or loans,
8. Blocking access to school property or facilities,
9. Deliberate physical contact or injury to person or property,
10. Stealing or hiding books or belongings,
11. Threats of harm to student(s), possessions, or others,
12. Sexual harassment, as governed by policy 4.27, is also a form of bullying, and/or
13. Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether the student self-identifies as homosexual or transgender (Examples: “Slut”, “You are so gay.”, “Fag”, “Queer”).

"Cyberbullying" means any form of communication by electronic act that is sent with the purpose to:

- Harass, intimidate, humiliate, ridicule, defame, or threaten a student, school employee, or person with whom the other student or school employee is associated; or
- Incite violence towards a student, school employee, or person with whom the other student or school employee is associated.

Cyberbullying of School Employees includes, but is not limited to:

- a. Building a fake profile or website of the employee;
- b. Posting or encouraging others to post on the Internet private, personal, or sexual information pertaining to a school employee;
- c. Posting an original or edited image of the school employee on the Internet;
- d. Accessing, altering, or erasing any computer network, computer data program, or computer software, including breaking into a password-protected account or stealing or otherwise accessing passwords of a school employee;
- e. Making repeated, continuing, or sustained electronic communications, including electronic mail or transmission, to a school employee;
- f. Making, or causing to be made, and disseminating an unauthorized copy of data pertaining to a school employee in any form, including without limitation the printed or electronic form of computer data, computer programs, or computer software residing in, communicated by, or produced by a computer or computer network;
- g. Signing up a school employee for a pornographic Internet site; or
- h. Without authorization of the school employee, signing up a school employee for electronic mailing lists or to receive junk electronic messages and instant messages.

Cyberbullying is prohibited whether or not the cyberbullying originated on school property or with school equipment, if the cyberbullying results in the substantial disruption of the orderly operation of the school or educational environment or is directed specifically at students or school personnel and maliciously intended for the purpose of disrupting school and has a high likelihood of succeeding in that purpose.

“Harassment” means a pattern of unwelcome verbal or physical conduct relating to another person's constitutionally or statutorily protected status that causes, or reasonably should be expected to cause, substantial interference with the other's performance in the school environment; and

“Substantial disruption” means without limitation that any one or more of the following occur as a result of the bullying:

- Necessary cessation of instruction or educational activities;
- Inability of students or educational staff to focus on learning or function as an educational unit because of a hostile environment;
- Severe or repetitive disciplinary measures are needed in the classroom or during educational activities; or
- Exhibition of other behaviors by students or educational staff that substantially interfere with the learning environment.

Respect for the dignity of others is a cornerstone of civil society. Bullying creates an atmosphere of fear and intimidation, robs a person of his/her dignity, detracts from the safe environment necessary to promote student learning, and will not be tolerated by the Board of Directors. Students who bully another person shall be held accountable for their actions whether they occur on school equipment or property; off school property at a school sponsored or approved function, activity, or event; going to or from school or a school activity in a school vehicle or school bus; or at designated school bus stops.

Students are encouraged to report behavior they consider to be bullying, including a single action which if allowed to continue would constitute bullying, to their teacher or the building principal. The report may be made anonymously. Teachers and other school employees who have witnessed, or are reliably informed that, a student has been a victim of behavior they consider to be bullying, including a single action which if allowed to continue would constitute bullying, shall report the incident(s) to the building principal, or designee, as soon as possible. Parents or legal guardians may submit written reports of incidents they feel constitute bullying, or if allowed to continue would constitute bullying, to the building principal, or designee.

The person or persons reporting behavior they consider to be bullying shall not be subject to retaliation or reprisal in any form.

A building principal, or designee, who receives a credible report or complaint of bullying shall:

1. As soon as reasonably practicable, but by no later than the end of the school day following the receipt of the credible report of bullying:
 - a. Report to a parent, legal guardian, person having lawful control of a student, or person standing in loco parentis of a student that their student is the victim in a credible report of bullying; and
 - b. Prepare a written report of the alleged incident of bullying;
2. Promptly investigate the credible report or complaint of bullying, which shall be completed by no later than the fifth (5th) school day following the completion of the written report.
3. Notify within five (5) days following the completion of the investigation the parent, legal guardian, person having lawful control of a student, or person standing in loco parentis of a student who was the alleged victim in a credible report of bullying whether the investigation found the credible report or complaint of bullying to be true and the availability of counseling and other intervention services.
4. Notify within five (5) days following the completion of the investigation the parent, legal guardian, person having lawful control of the student, or person acting in loco parentis of the student who is alleged to have been the perpetrator of the incident of bullying:
 - a. That a credible report or complaint of bullying against their student exists;
 - b. Whether the investigation found the credible report or complaint of bullying to be true;
 - c. Whether action was taken against their student upon the conclusion of the investigation of the alleged incident of bullying; and
 - d. Information regarding the reporting of another alleged incident of bullying, including potential consequences of continued incidents of bullying;
5. Make a written record of the investigation, which shall include:
 - a. A detailed description of the alleged incident of bullying, including without limitation a detailed summary of the statements from all material witnesses to the alleged incident of bullying;
 - b. Any action taken as a result of the investigation; and
6. Discuss, as appropriate, the availability of counseling and other intervention services with students involved in the

incident of bullying.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion. In determining the appropriate disciplinary action, consideration may be given to other violations of the student handbook which may have simultaneously occurred. In addition to any disciplinary actions, the District shall take appropriate steps to remedy the effects resulting from bullying.

Notice of what constitutes bullying, the District's prohibition against bullying, and the consequences for students who bully shall be conspicuously posted in every classroom, cafeteria, restroom, gymnasium, auditorium, and school bus. Parents, legal guardians, person having lawful control of a student, persons standing in loco parentis, students, school volunteers, and employees shall be given copies of the notice annually.

The superintendent shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation, the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

Copies of this policy shall be available upon request.

4.43D – BULLYING

We define bullying as the intentional, repeated hurtful behaviors committed by one or more children against another. These behaviors are not provoked by the victims, but result from real or perceived imbalance of power between the bully and the victim. Let it be known by all that bullying as defined here will not be tolerated in class, while riding in school vehicles including school buses, at designated school bus stops, at school-sponsored activities, or at school-sanctioned events.

Any school employee who has witnessed or has reliable information that a student has been a victim of bullying as defined here shall report the incident to the principal. Any person or persons who file a complaint will not be subject to retaliation or reprisal in any form. Any school employee who reports a violation under this policy shall be immune from any tort liability which may arise from the failure to remedy the reported incident.

Electronic Bullying (Cyber bullying)

Electronic bullying is the act of transmitting a communication or image by means of an electronic device, including without limitation a telephone, wireless phone or other wireless communication device, computer, or pager that results in the substantial disruption of the orderly operation of the school or educational environment.

Electronic acts of bullying are prohibited whether or not the electronic act originated on school property or with school equipment, if the electronic act is directed specifically at students or school personnel and maliciously intended for the purpose of disrupting school, and has a high likelihood of succeeding in that purpose.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion. In determining the appropriate disciplinary action, consideration may be given to other violations of the student handbook which may have simultaneously occurred.

4.45.1—SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a *Smart Core Waiver Form* to not participate. While Smart Core is the default option, a *Smart Core Information Sheet* and a *Smart Core Waiver Form* will be sent home with students prior to their enrolling in seventh (7th) grade, or when a seventh (7th) through twelfth (12th) grade student enrolls in the district for the first time and there is not a signed waiver form in the student's permanent record. This policy is to be included in student handbooks for grades six (6) through twelve (12) and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by

trained personnel shall be available to students and their parents or legal guardians prior to the deadline for them to sign and return the waiver form.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum **providing** they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents at least every other year to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children for all students who meet the definition of "eligible child" in Policy 4.2—ENTRANCE REQUIREMENTS including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.

GRADUATION REQUIREMENTS

The number of units students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of twenty-two (22) units is required for graduation for a student participating in either the Smart Core or Core curriculum. In addition to the twenty-two (22) units required for graduation by the Division of Elementary and Secondary Education (DESE), the district requires an additional two (2) units to graduate for a total of twenty-four (24) units. The additional required units are: ½ credit of financial literacy, ½ credit of investments and securities, and ½ credit of an elective or career focus. There are some distinctions made between Smart Core units and Graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements.

All students must receive a passing score on the Arkansas Civics Exam in order to graduate.

Students shall be trained in quality psychomotor skill bases in cardiopulmonary resuscitation and the use of automated external defibrillators in order to graduate.

Digital Learning Courses

The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format. In addition to the other graduation requirements contained in this policy, students are required to take at least one (1) digital learning course for credit while in high school.

Personal and Family Finance

All students shall cover the Personal and Family Finance Standards in order to graduate.

SMART CORE: Sixteen (16) units

English: four (4) units – 9th, 10th, 11th, and 12th

Oral Communications: one-half ($\frac{1}{2}$) unit

Mathematics: four (4) units (all students under Smart Core must take a mathematics course in grade 11 or 12 and complete Algebra II.)

1) Algebra I or Algebra A & B* which may be taken in grades 7-8 or 8-9;

2) Geometry or Investigating Geometry or Geometry A & B* which may be taken in grades 8-9 or 9-10;

*A two-year algebra equivalent or a two-year geometry equivalent may each be counted as two units of the four-unit requirement for the purpose of meeting the **graduation** requirement, but only serve as one unit each toward fulfilling the **Smart Core** requirement.

3) Algebra II; and

4) The fourth unit may be either:

- A math unit approved by DESE beyond Algebra II; or
- A computer science flex credit may be taken in the place of a fourth math credit.

Natural Science: three (3) units

a. DESE approved biology – 1 credit;

b. DESE approved physical science – 1 credit; and

c. A third unit that is either:

- An additional science credit approved by DESE; or
- A computer science flex credit may be taken in the place of a third science credit.

Social Studies: three (3) units

- Civics one-half ($\frac{1}{2}$) unit
- World History - one unit
- American History - one unit
- Other social studies course – one-half ($\frac{1}{2}$) unit

Physical Education: one-half ($\frac{1}{2}$) unit

Note: While one-half ($\frac{1}{2}$) unit is required for graduation, no more than one (1) unit may be applied toward fulfilling the necessary units to graduate.

Health and Safety: one-half ($\frac{1}{2}$) unit

Economics – one half ($\frac{1}{2}$) unit – dependent upon the licensure of the teacher teaching the course, this can count toward the required three (3) social studies credits or the six (6) required Career Focus elective credits.

Fine Arts: one-half ($\frac{1}{2}$) unit

CAREER FOCUS: - Six (6) units

All career focus unit requirements shall be established through guidance and counseling based on the student's contemplated work aspirations. Career focus courses shall conform to the curriculum policy of the district and reflect state curriculum frameworks through course sequencing and career course concentrations where appropriate.

A student who enlists in a branch of the United States Armed Forces or the National Guard through the military delayed entry program, the National Guard Split Training Option, or other similar early entry program and completes basic training before graduating from high school shall receive two (2) units of the Career Focus graduation requirements.

A student who completes at least seventy-five (75) clock hours of documented community service in grades nine (9) through twelve (12) at any certified service agency or a part of a service-learning school program shall receive one (1) Career Focus credit.

CORE: Sixteen (16) units

English: four (4) units – 9th 10th 11th and 12th

Oral Communications: one-half (½) unit

Mathematics: four (4) units

- Algebra or its equivalent* - 1 unit
- Geometry or its equivalent* - 1 unit
- All math units must build on the base of algebra and geometry knowledge and skills.
- (Comparable concurrent credit college courses may be substituted where applicable)
- A computer science flex credit may be taken in the place of a math credit beyond Algebra I and Geometry

*A two-year algebra equivalent or a two-year geometry equivalent may each be counted as two units of the four (4) unit requirement.

Science: three (3) units

- a. DESE approved biology – 1 credit;
- b. DESE approved physical science – 1 credit; and
- c. A third unit that is either:
 - An additional science credit approved by DESE; or
 - A computer science flex credit may be taken in the place of a third science credit.

Social Studies: three (3) units

- Civics one-half (½) unit
- World history, one (1) unit
- American History, one (1) unit
- Other social studies course – one-half (½) unit

Physical Education: one-half (½) unit

Note: While one-half (½) unit is required for graduation, no more than one (1) unit may be applied toward fulfilling the necessary units to graduate.

Health and Safety: one-half (½) unit

Economics – one half (½) unit – dependent upon the licensure of the teacher teaching the course, this can count toward the required three (3) social studies credits or the six (6) required Career Focus elective credits.⁹

Fine Arts: one-half (½) unit

CAREER FOCUS: - Six (6) units

All career focus unit requirements shall be established through guidance and counseling based on the student’s contemplated work aspirations. Career focus courses shall conform to the curriculum policy of the district and reflect state curriculum frameworks through course sequencing and career course concentrations where appropriate.

A student who enlists in a branch of the United States Armed Forces or the National Guard through the military delayed entry program, the National Guard Split Training Option, or other similar early entry program and completes basic training before graduating from high school shall receive two (2) units of the Career Focus graduation requirements.

A student who completes at least seventy-five (75) clock hours of documented community service in grades nine (9) through twelve (12) at any certified service agency or a part of a service-learning school program shall receive one (1) Career Focus credit.

4.46—PLEDGE OF ALLEGIANCE

The Pledge of Allegiance shall be recited during the first class period of each school day. Those students choosing to participate shall do so by facing the flag with their right hands over their hearts, or in an appropriate salute if in uniform, while reciting the Pledge. Students choosing not to participate shall be quiet while either standing or sitting at their desks.

Students shall not be compelled to recite the Pledge, but students who choose not to recite the Pledge shall not disrupt those students choosing to recite the Pledge.

Students choosing not to recite the Pledge shall not be subject to any comments, retaliation, or disciplinary action.

4.47— POSSESSION AND USE OF CELL PHONES AND OTHER ELECTRONIC DEVICES

Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden.

To protect the security of statewide assessments, no electronic device, as defined in this policy, shall be accessible by a student at any time during assessment administration unless specifically permitted by a student's individualized education program (IEP) or individual health plan; this means that when a student is taking an AESAA assessment, the student shall not have his/her electronic device in his/her possession. Any student violating this provision shall be subject to this policy's disciplinary provisions. The prohibition in this policy does not extend to the electronic device the District provides the student for the student's use during assessment administration to the extent the student is using the District provided device to complete the assessment.

As used in this policy, "electronic devices" means anything that can be used to transmit or capture images, sound, or data.

Misuse of electronic devices includes, but is not limited to:

1. Using electronic devices during class time in any manner other than specifically permitted by the classroom instructor;
2. Permitting any audible sound to come from the device when not being used for reason #1 above;
3. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
4. Using the device to record audio or video or to take photographs in areas where a general expectation of personal privacy exists, including but not limited to locker rooms and/or bathrooms;
5. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person.

Use of an electronic device is permitted to the extent it is approved in a student's IEP or it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Before and after normal school hours, possession of electronic devices is permitted on the school campus. The use of such devices at school sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by the event or activity the student is attending.

A parent shall obtain approval from the student's building principal *before* operating a student-tracking safety device at school or at a school-sponsored event if the device has recording or listen-in capability. The District requires the device's recording and listen-in technology to be disabled while the device is on the campus or at the school-sponsored event because of student privacy concerns. The District prohibits unauthorized audio or visual recordings or transmission of audio or images of other students. The student's parent shall agree in writing to the requirement for the device's recording and listening-in technology to be disabled and that the District may prohibit future use of the device on campus or at a school-sponsored activity if it is determined that the device's recording or listening-in capabilities were used in violation of this policy before the student safety tracking device may be on campus or at a school-sponsored event.

The student and/or the student's parents or guardians expressly assume any risk associated with students owning or possessing electronic devices. Students misusing electronic devices shall have them confiscated. Confiscated devices may be picked up at the school's administration office by the student's parents or guardians. Students have no right of privacy as to the content contained on any electronic devices that have been confiscated. A search of a confiscated device shall meet the reasonable individualized suspicion requirements of Policy 4.32—SEARCH, SEIZURE, AND INTERROGATIONS.

Students who use school issued cell phones and/or computers for non-school purposes, except as permitted by the district's Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion. Students are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including expulsion.

No student shall use any wireless communication device for the purposes of browsing the internet; composing or reading emails and text messages; or making or answering phone calls while driving a motor vehicle that is in motion and on school property. Violation may result in disciplinary action up to and including suspension.

4.47D - CELL PHONES AND ELECTRONIC DEVICES

Cell phones and/or electronic devices (iPods, mp3s, gaming systems, etc) are discouraged from being brought to school. If they are brought, they must be turned off and turned in to the classroom teachers during school hours. These devices are not to be used while on campus or a field trip sponsored by the elementary school. The school is not responsible for damages and/or lost items. Laser pointers have been outlawed and are not to ever be brought to school.

4.48—VIDEO SURVEILLANCE AND OTHER STUDENT MONITORING

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras, automatic identification technology, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of bodily privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras and other technologies authorized in this policy.

The district shall retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with a new recording. Other than video recordings being retained under the provisions of this policy's following paragraph, the district's video recordings may be erased any time greater than 30 days after they were created.

Videos, automatic identification, or data compilations containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or student handbook; any release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment, automatic identification, or data compilation devices shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

4.49—SPECIAL EDUCATION

The district shall provide a free appropriate public education and necessary related services to all children with disabilities residing within the district, as required under the Individuals With Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act, and Arkansas Statutes.

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the state and federal statutes governing special education. Implementation of an Individualized Education Program (IEP) in accordance with the IDEA satisfies the district's obligation to provide a free and appropriate education under Section 504.

The Board directs the superintendent to ensure procedures are in place for the implementation of special education services and that programs are developed to conform to the requirements of state and federal legislation. The superintendent is responsible for appointing a district coordinator for overseeing district fulfillment of its responsibilities regarding students with disabilities. Among the coordinator's responsibilities shall be ensuring district enforcement of the due process rights of students with disabilities and their parents.

4.49D - SPECIAL EDUCATION

Students with disabilities being served under the IDEA in the resource room under the prescribed continuum of services to ensure the least restrictive environment will receive educational services and grades commensurate with the level of work assigned as indicated in the student's IEP. Students will receive services in the regular education classroom with the required accommodations found in the IEP.

All policies and procedures as found in the IDEA will be strictly followed.

4.50—SCHOOL MEAL MODIFICATIONS

The district only provides modified meal components on menus to accommodate students with a disability. A parent/guardian wishing to request dietary accommodations for their student with a disability must submit to the district's Director of Child Nutrition a medical statement completed by a State licensed healthcare professional, which includes:

- Physicians, including those licensed by:
 - The Arkansas State Medical Board;
 - The Arkansas State Board of Chiropractic Examiners (Chiropractors);
 - The Arkansas Board of Podiatric Medicine (Podiatrists);
- Nurse Practitioners (APRNs in family or pediatric practice with prescriptive authority);
- Physician Assistants (PAs who work in collaborative practice with a physician); and
- Dentists.

The medical statement should include:

1. A description of the student's disability that is sufficient to understand how the disability restricts the student's diet;
2. An explanation of what must be done to accommodate the disability, which may include:
 - a. Food(s) to avoid or restrict;
 - b. Food(s) to substitute;
 - c. Caloric modifications; or
 - d. The substitution of a liquid nutritive formula.

If the information provided in the medical statement is unclear, or lacks sufficient detail, the district's Director of Child Nutrition shall request additional information so that a proper and safe meal can be provided.

When choosing an appropriate approach to accommodate a student's disability, the District will consider the expense and efficiency of the requested accommodations. The District will offer a reasonable modification that effectively accommodates the child's disability and provides equal opportunity to participate in or benefit from the program, which may include a generic version of a product.

Parents may file a grievance regarding the request for accommodations with the District's 504 Coordinator, who will schedule a hearing on the grievance to be held as soon as possible. The 504 coordinator shall provide a copy of the procedures governing the hearing, including that the parent has the right to be accompanied by counsel, and the appeal process upon request.

The district will not prepare meals outside the normal menu to accommodate a family's religious or personal health beliefs.

4.51— FOOD SERVICE PREPAYMENT

Meal Charges

The district does not provide credit for students to charge for meals, a la carte, or other food and beverage items available for purchase in the school food service areas. Meals, a la carte, or other food and beverage items may be purchased by either providing payment for the items at the time of receipt or by having a prepaid account with the District that may be charged for the items. Parents, or students choosing to do so, may pay in advance for meals, a la carte, or other food and beverage items through any of the following methods:

- Submitting cash or check payment to the child's homeroom teacher;
- Depositing funds through the District's online service (myschoolbucks.com);

A student's parents will be contacted by authorized District personnel regarding a student's prepaid account balance at the following times:

Unpaid Meal Access

In accordance with Arkansas law, the District allows students whose accounts do not have enough funds to purchase a meal to receive an unpaid reimbursable meal at no charge. The District will notify a student's parents

- When the student's prepaid account balance has dropped to the point that the student will begin receiving unpaid meals;
- Each time the student receives the first unpaid meal after money has been deposited into the student's prepaid account; and
- After the student has received five (5) unpaid meals.

Students who have submitted proper documentation to receive a meal modification in accordance with Policy 4.50—SCHOOL MEAL MODIFICATIONS shall receive the same type of modification for an unpaid meal.

4.51D- FOOD SERVICES

Parents may pay for lunches and/or check how much money students have prepaid on lunches at <https://www.myschoolbucks.com>. The students each have an identification number that will be needed to view this information. While most students know their individual numbers, this information can be obtained at the school office as needed.

*Free and reduced-price meals are available for those children who need such assistance, and milk is served under the National School Lunch, School Breakfast, and Special Milk Program. Applications for such assistance may be obtained from the principal's office. The information provided on the application will be used for the purpose of determining eligibility and may be verified at any time during the school year by the school or other program officials. To apply for free and reduced-price meals, an adult household member must fill out the application and return it to school.

4.52—STUDENTS WHO ARE FOSTER CHILDREN

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services (“DHS”), the Division of Elementary and Secondary Education (DESE), and individuals involved with each foster child to ensure that the foster child is able to maintain his/her continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise or DHS grants a request to transfer under Foster Child School Choice, ensure that the foster child remains in his/her school of origin, even if a change in the foster child’s placement results in a residency that is outside the district. In such a situation, the District will work with DHS to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.

Upon notification to the District’s foster care liaison by a foster child’s caseworker that a foster child’s school enrollment is being changed to one of the District’s schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.

A foster child’s grades shall not be lowered due to absence from school that is caused by a change in the child’s school enrollment, the child’s attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.

If a foster child was enrolled in a District school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

Foster Child School Choice

If DHS approves a request from a foster parent, or the foster child if the foster child is eighteen (18) years of age, to transfer to another school in the District or into the district as being in the best interest of the foster child, the District shall allow the foster child to transfer to another school in the District or into the District if the foster parent, or the foster child if the foster child is eighteen (18) years of age, submits a request to transfer on a form approved by DESE that is postmarked by no later than May 1 of the year the student seeks to begin the fall semester at another school in the District or in the District.

By July 1 of the school year in which the student seeks to transfer under this section, the superintendent shall notify the foster parent, or the foster child if the foster child is eighteen (18) years of age, in writing whether the application has been accepted or rejected. If the application is accepted, the superintendent shall state in the notification letter a reasonable deadline for the foster child to enroll in the new school or the District and that failure to enroll by the date shall void the school choice acceptance. If the application is rejected, the superintendent shall state in the notification letter the reason for the rejection and that the foster parent, or the foster child if the foster child is eighteen (18) years of age, may submit a written appeal of the rejection to the State board within ten (10) days of receiving the notification letter.

The District shall only reject a Foster Child School Choice application if:

1. The public school or District has reached the maximum student-to-teacher ratio allowed under federal law, state law, rules for standards of accreditation, or other applicable rule or regulation; or
2. Approving the transfer would conflict with a provision of an enforceable desegregation court order or a public school district’s court-approved desegregation plan regarding the effects of past racial segregation in student assignment.

A foster child whose application is rejected by the District may submit a written request within ten (10) days following the receipt of the rejection letter from the superintendent to the State Board of Education for the State Board to reconsider the transfer.

A Foster Child School Choice transfer shall remain in effect until the foster child:

- Graduates from high school; or
- Transfers to another school or school district under:
 - The Foster Child School Choice Act;
 - Opportunity Public School Choice Act of 2004;
 - The Public School Choice Act of 2015; or
 - Any other law that allows a transfer.

The District shall accept credits toward graduation that were awarded by another public school district.

When a foster child transfers from the foster child’s school of origin to another school in the District or into the District, the foster child or the foster parent is responsible for the foster child’s transportation to and from the school the foster child transferred to. The District and the foster parent, or the foster child if the foster child is eighteen (18) years of age, may enter into a written agreement for the District to provide the transportation to and from the school the foster child transferred to.

4.53— PLACEMENT OF MULTIPLE BIRTH SIBLINGS

The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 6 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14th calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling’s grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.

The school may change the classroom placement of one or more of the multiple birth siblings if:

- There have been a minimum of 30 instructional days since the start of the school year; and
 - After consulting with each classroom teacher in which the siblings were placed, the school determines the parent’s classroom placement request is:
 - Detrimental to the educational achievement of one or more of the siblings;
 - Disruptive to the siblings’ assigned classroom learning environment; or
 - Disruptive to the school’s educational or disciplinary environment.

If a parent believes the school has not followed the requirements of this policy, the parent may appeal the multiple birth siblings’ classroom placement to the Superintendent. The Superintendent’s decision regarding the appeal shall be final.

4.54 - STUDENT ACCELERATION

The Board believes that acceleration is an effective and research-based intervention for the academic growth of students who are ready for an advanced or faster-paced curriculum. It can allow a student to move through the traditional educational setting more rapidly, based on assessed readiness, capability and motivation. At the same time, the Board understands that acceleration is not a replacement for gifted education services or programs.

Generally, acceleration can occur through one of two broad categories: content based and grade based. Grade based acceleration shortens the number of years a student would otherwise spend in K-12 education, while content based acceleration occurs within the normal K-12 time span. Either form of acceleration can be triggered by either a parent/guardian, student, or community member's request or by the referral of school personnel. In either case, the process of determining the appropriateness of the request shall be under the direction of the district/school¹ Gifted and Talented Program Coordinator who shall convene the individuals necessary to make an informed decision which shall include the student's parents or guardians.

While the needs of the student should dictate when acceleration decisions are considered, the Board believes the optimal time for referrals is in the spring which gives adequate time for working through the determination process and for preparing those concerned for a smooth transition to the acceleration beginning in the following school-year.

The District's Gifted and Talented (GT) Program Coordinator will create a written format to govern the referral and determination process which shall be made available to any parent or staff member upon request.

The parents/guardians of any student whose request for acceleration has been denied may appeal the decision, in writing to the District's GT Coordinator. The District's GT Coordinator and the Acceleration Placement Committee will again thoroughly review the case study that was completed on the student. Upon completion of the review, the Committee will either request additional new testing be conducted to help the Committee make its determination or it will uphold the initial decision. The Committee's decision may not be further appealed.

4.55—STUDENT PROMOTION AND RETENTION

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

At least once each semester, the parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis, and teacher(s) of a student in kindergarten through eighth (8th) grade shall be notified in writing of the student's independent grade-level-equivalency in reading.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the listed criteria. If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

- a. The building principal or designee;
- b. The student's teacher(s);
- c. School counselor;
- d. A 504/special education representative (if applicable); and
- e. The student's parents, legal guardians, persons with lawful control of the student, or persons standing in loco parentis.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Each student shall have a student success plan (SSP) developed by school personnel in collaboration with the student's parents and the student that is reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student's SSP shall:

- Guide the student along pathways to graduation;
- Address accelerated learning opportunities;
- Address academic deficits and interventions; and
- Include college and career planning components.

Based on a student's score on the college and career assessment:

- The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:

1. By no later than the end of the school year for a student in grade eight (8) or below who enrolls in the District during the school year; or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.

A student's individualized education program (IEP) may act in the place of the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components. Promotion or retention of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

Students who either refuse to sit for a Statewide assessment or attempt to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following Statewide assessment, as applicable. The Superintendent or designee may waive this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

4.55D - STUDENT PROMOTION AND RETENTION

Promotion and retention is based on an evaluation of academic, physical, social and emotional growth. The primary reasons for considering retention are: (a) failure to master the current grades' student learning expectations as set forth by state standards, (b) indifference or lack of effort on the part of a capable student, (c) physical or social immaturity, and (d) frequent or long absences. Retention is usually considered as a more positive alternative during kindergarten, first and second grades. Parents can assume that their child will be promoted unless the alternative of retention has been discussed during the school year.

The promotion of a student will be determined by the teacher and the administration who will consider grades and attendance. If, in a teacher's opinion, a student is in danger of being retained, the committee of teachers of the student's grade level will meet and decide whether or not the child will be recommended for retention, recommended for summer school, or promoted.

4.56.1—EXTRACURRICULAR ACTIVITIES-ELEMENTARY

Definitions

"Extracurricular activities" are defined as: any school sponsored program where students from one or more schools meet, work, perform, practice under supervision outside of regular class time, or are competing for the purpose of receiving an award, rating, recognition, or criticism, or qualification for additional competition. Examples include, but are not limited to, inter/intrascholastic athletics, cheerleading, band, choral, math, or science competitions, field trips, and club activities.

"Field Trips" are when individual students or groups of students are invited to programs or events when there is no competition and the students are not interacting with each other for the purpose of planning, qualifying, or arranging for future programs or for the purpose of receiving recognition.

“Interscholastic Activities” means athletic or non-athletic/academic activities where students compete on a school vs. school basis.

“Intrascholastic Activities” means athletic or non-athletic/academic activities where students compete with students from within the same school.

Extracurricular Eligibility

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student’s educational experience. At the same time, the Board believes that a student’s participation in extracurricular activities cannot come at the expense of his/her classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one per week per extracurricular activity (tournaments or other similar events excepted with approval of the principal). All students are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

A student may lose his/her eligibility to participate in extracurricular activities when, in the opinion of the school’s administration, the student’s participation in such an activity may adversely jeopardize his/her academic achievement. Students may also be denied permission to participate in extracurricular activities as a consequence of disciplinary action taken by the administration for inappropriate behavior.

Any student who refuses to sit for a Statewide assessment or attempts to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity. The student shall remain ineligible to participate until the student takes the same or a following statewide assessment, as applicable. The superintendent or designee may waive this paragraph's provisions when the student’s failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

A student who enrolls in the district and meets the definition of “eligible child” in Policy 4.2—ENTRANCE REQUIREMENTS shall be eligible to try out for an extracurricular activity regardless of the date the student enrolls in the District so long as the student meets all other eligibility requirements and the extracurricular activity is still ongoing.

No student shall be required to pay for individual or group instruction in order to participate in an extracurricular activity.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

4.56.1D EXTRACURRICULAR ACTIVITIES

Any student will be considered eligible for grade and/or age appropriate activities pending approval of the principal and other school staff. Several programs are presently offered which have no direct affiliation with the school. These include scouting, 4-H, and peewee athletics.

4.56.2—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS

Home-schooled student means a student legally enrolled in an Arkansas home school and who meets or has met the criteria for being a home-schooled student, as established by A.C.A. § 6-15-503.

Interscholastic activity means an activity between schools subject to rules of the Arkansas Activities Association that is outside the regular curriculum of the school district, such as an athletic activity, fine arts program, or a special interest group or club.

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.

Home-schooled students whose parents or guardians are legal residents of the school district will be permitted to pursue participation in an interscholastic activity in the student's resident school zone as permitted by this policy.

Home-schooled students whose parent or legal guardian are not residents of the school district will be permitted to pursue participation in an interscholastic activity in the District if the superintendent of the student's resident district and the superintendent of the District both agree in writing to allow the student to participate in interscholastic activities at the District.

Although not guaranteed participation in an interscholastic activity, home-school students who meet the provisions of this policy, AAA Rules, and applicable Arkansas statutes shall have an equal opportunity to try out and participate in an interscholastic activities without discrimination. The District shall provide a reasonable alternative to any prerequisite for eligibility to participate in an interscholastic activity that the home-schooled student is unable to meet because of his or her enrollment in a home school.

No student shall be required to pay for individual or group instruction in order to participate in an interscholastic activity.

To be eligible to try out and participate in interscholastic activities, the student or the parent of a student shall mail or hand deliver the student's request to participate to the student's school's principal before the signup, tryout or participation deadline established for traditional students. Additionally, the student shall demonstrate academic eligibility by obtaining a minimum test score of the 30th percentile or better in the previous 12 months on the Stanford Achievement Test Series, Tenth Edition; another nationally recognized norm-referenced test; or a minimum score on a test approved by the State Board of Education.

A student who meets the requirements for eligibility to participate in an interscholastic activity is required to register for no more than one course in the District's school where the student is intending to participate in an interscholastic activity.

The student shall regularly attend the class in which the student is registered beginning no later than the eleventh (11th) day of the semester in which the student's interscholastic activity participation is desired. The student must attend the practices for the interscholastic activity to the same extent as is required of traditional students.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

A home-schooled student who has met the tryout criteria; and who has been selected to participate in the interscholastic activity shall meet the following criteria that also apply to traditional students enrolled in the school:

- standards of behavior and codes of conduct;
- attend the practices for the interscholastic activity to the same extent as is required of traditional students;
- required drug testing;
- permission slips, waivers, physical exams; and
- participation or activity fees.

A home-schooled student who is not a resident of the District may begin participating in interscholastic activities:

- a. Immediately upon being approved for participation for all interscholastic activities other than athletic activities; and
- b. One (1) calendar year after being approved to participate in interscholastic activities that are athletic activities unless the approval is prior to July 1 of the school year the student would have been enrolled in seventh (7th) grade if the student were enrolled in public school.

A home-schooled student who is not a resident of the District and is prohibited under this policy from participating in an interscholastic activity that is an athletic activity for one (1) calendar year may immediately participate in rehearsals, tryouts, practices, auditions, classes, or other endeavors associated with the interscholastic activity.

Students who participate in extracurricular or athletic activities under this policy will be transported to and from the interscholastic activities on the same basis as other students are transported.

A student who withdraws from an Arkansas Activities Association member school to be home-schooled shall not participate in an interscholastic activity in the resident school district for a minimum of three hundred sixty-five days after the student withdraws from the member school.

4.57—IMMUNIZATIONS

Definitions

"In process" means the student has received at least one dose of the required immunizations and is waiting the minimum time interval to receive the additional dose(s).

"Serologic testing" refers to a medical procedure used to determine an individual's immunity to Hepatitis B, Measles, Mumps, Rubella and Varicella.

General Requirements

Unless otherwise provided by law or this policy, no student shall be admitted to attend classes in the District who has not been age appropriately immunized against:

- Poliomyelitis;
- Diphtheria;
- Tetanus;
- Pertussis;
- Red (rubeola) measles;
- Rubella;
- Mumps;
- Hepatitis A;
- Hepatitis B;
- Meningococcal disease;
- Varicella (chickenpox); and
- Any other immunization required by the Arkansas Department of Health (ADH).

The District administration has the responsibility to evaluate the immunization status of District students. The District shall maintain a list of all students who are not fully age appropriately immunized or who have an exemption provided by ADH to the immunization requirements based on medical, religious, or philosophical grounds. Students who are not fully age appropriately immunized when seeking admittance shall be referred to a medical authority for consultation.

The only types of proof of immunization the District will accept are immunization records provided by a:

- A. Licensed physician;
- B. Health department;
- C. Military service;
- D. Official record from another educational institution in Arkansas; or
- E. An immunization record printed off the statewide immunization registry with the Official Seal of the State of Arkansas..

The proof of immunization must include the vaccine type and dates of vaccine administration. Documents stating "up-to-date", "complete", "adequate", and the like will not be accepted as proof of immunization. No self or parental history of varicella disease will be accepted as a history of varicella disease must be documented by a licensed physician, advanced practice nurse, doctor of osteopathy, or physician assistant. Valid proof of immunization and of immunity based on serological testing shall be entered into the student's record.

In order to continue attending classes in the District, the student must have submitted:

- 1) Proof of immunization showing the student to be fully age appropriately vaccinated;

- 2) Written documentation by a public health nurse or private physician of proof the student is in process of being age appropriately immunized, which includes a schedule of the student's next immunization;
- 3) A copy of a letter from ADH indicating immunity based on serologic testing; and/or
- 4) A copy of the letter from ADH exempting the student from the immunization requirements for the current school year, or a copy of the application for an exemption for the current school year if the exemption letter has not yet arrived.

Students whose immunization records or serology results are lost or unavailable are required to receive all age appropriate vaccinations or submit number 4 above.

Temporary Admittance

While students who are not fully age appropriately immunized or have not yet submitted an immunization waiver may be enrolled to attend school, such students shall be allowed to attend school on a temporary basis only. Students admitted on a temporary basis may be admitted for a maximum of thirty (30) days (or until October 1st of the current school year for the tetanus, diphtheria, pertussis, and meningococcal vaccinations required at ages eleven (11) and sixteen (16) respectively if October 1st is later in the current school year than the thirty (30) days following the student's admittance). No student shall be withdrawn and readmitted in order to extend the thirty (30) day period. Students may be allowed to continue attending beyond the thirty (30) day period if the student submits a copy of either number 2 or number 4 above.

Students who are in process shall be required to adhere to the submitted schedule. Failure of the student to submit written documentation from a public health nurse or private physician demonstrating the student received the vaccinations set forth in the schedule may lead to the revocation of the student's temporary admittance; such students shall be excluded from school until the documentation is provided.

The District will not accept copies of applications requesting an exemption for the current school year that are older than two (2) weeks based on the date on the application. Students who submit a copy of an application to receive an exemption from the immunization requirements for the current year to gain temporary admittance have thirty (30) days from the admission date to submit either a letter from ADH granting the exemption or documentation demonstrating the student is in process and a copy of the immunization schedule. Failure to submit the necessary documentation by the close of the thirty (30) days will result in the student being excluded until the documentation is submitted.

Exclusion from School

In the event of an outbreak, students who are not fully age appropriately immunized, are in process, or are exempt from the immunization requirements may be required to be excluded from school in order to protect the student. ADH shall determine if it is necessary for students to be excluded in the event of an outbreak. Students may be excluded for no fewer than twenty-one (21) days or even longer depending on the outbreak. No student excluded due to an outbreak shall be allowed to return to school until the District receives approval from ADH.

Students who are excluded from school are not eligible to receive homebound instruction unless the excluded student had a pre-existing IEP or 504 Plan and the IEP/504 team determines homebound instruction to be in the best interest of the student. To the extent possible, the student's teacher(s) shall place in the principal's office a copy of the student's assignments:

- for the remainder of the week by the end of the initial school day of the student's exclusion; and
- by the end of each school's calendar week for the upcoming week until the student returns to school.

It is the responsibility of the student or the student's parent/legal guardian to make sure that the student's assignments are collected.

Students excluded from school shall have five (5) school days from the day the student returns to school to submit any homework and to make up any examinations. State mandated assessments are not included in "examinations" and the District has no control over administering state mandated make-up assessments outside of the state's schedule. Students shall receive a grade of zero for any assignment or examination not completed or submitted on time.

Annually by December 1, the District shall create, maintain, and post to the District's website a report that includes the following for each disease requiring an immunization under this policy:

- The number of students in the District that were granted an exemption by the Department of Health from an immunization;
- The percentage of students in the District that were granted an exemption by the Department of Health from an immunization;
- The number of students within the District who have failed to provide to the public school proof of the vaccinations required and have not obtained an exemption from ADH;
- The percentage of students within the District who have failed to provide to the public school proof of the vaccinations required and have not obtained and exemption from ADH; and
- The percentage of a population that must receive an immunization for herd immunity to exist.

4.58—FOOD SHARING AND ITS REMOVAL FROM FOOD SERVICE AREA

Food Sharing Table

The District has no food sharing system for food items other than milk and juice. Students who do not intend to drink milk or juice received as part of a meal may place the milk/juice in a designated ice-filled cooler located at the end of the service line where another student may retrieve it at no charge. Milk and juice may not be taken by another student unless the carton is unopened and was completely covered by ice while in the cooler. A student may not return to the cooler to place for sharing or retrieve an item after the student has left the service line.

At all times, the cooler will be under the supervision of the food service staff. Remaining items should be discarded at the end of the meal period, and no item is to remain in the cooler for longer than four (4) hours.

Removing Food Items from the Food Service Area

No student shall remove school provided food items from the food service area at the end of the meal period, especially milk, juice, and other items requiring temperature controlled environments.

Except for food service workers as required by their job duties, District employees may only remove school provided food items from the food service area when required by a 504 plan or a student's IEP.

4.59—ACADEMIC COURSE ATTENDANCE BY PRIVATE SCHOOL AND HOME SCHOOLED STUDENTS

The District allows private school and home schooled students whose parents, legal guardians, or other responsible adult with whom the student resides are residents of the District to attend academic courses offered by the District. The District will place a list of courses that a private school or home schooled student may request to attend on its website by:

1. June 1 for courses to be offered during the Fall semester; and
2. November 1 for courses to be offered during the Spring semester.

A private school or home schooled student who desires to attend one or more of the available academic courses shall submit a written request to attend the academic course(s) to the superintendent, or designee, no later than:

- a. August 1 for Fall semester courses; or
- b. December 1 for Spring semester courses.

The superintendent, or designee, is authorized to waive the application deadline on a case by case basis.

The District permits a private school or home schooled student to attend a maximum of six (6) courses per semester.

The District may reject a private school or home schooled student's request for attendance if the District's acceptance would:

- Require the addition of staff or classrooms;
- Exceed the capacity of a program, class, grade level, or school building;
- Cost the District more for the student to attend the academic course than the District receives for the student's attendance;
- Cause the District to provide educational services the District does not currently provide at a financial burden to the District; or

· Cause the District to be out of compliance with applicable laws and regulations regarding desegregation.

Requests to attend an academic course will be granted in the order the requests are received. Upon the receipt of a private or home schooled student's request to attend academic course(s), the District will date and time stamp the request for attendance. If a private school or home schooled student is denied attendance based on a lack of capacity and an opening in the requested course occurs prior to the start of the course, the District will use the date and time stamp on the request for attendance to determine the private school or home schooled student who will be notified of an opening in the requested course.

As part of the request to attend academic courses in the District, a private school or home schooled student shall:

- Indicate the course(s) the private school or home schooled student is interested in attending;
- If the course(s) the private school or home schooled student is interested in attending is being offered by the District in both a physical and a digital format, whether the private school or home schooled student intends to attend the physical course or the digital course;
- Submit, along with the student's application, a copy of the student's transcript indicating that the student has received credit for the course(s), or equivalent course(s), that are a prerequisite to the course(s) the student desires to attend at the District;
- Agree to follow the District's discipline policies; and
- Submit immunization documentation required by Policy 4.57—IMMUNIZATIONS.
