COMMUNITY USE OF SCHOOL FACILITIES

DEFINITION: "School facilities" are buildings and grounds, parking lots, playing fields and fixed equipment owned by the RSU, as per the Sheepscot Valley RSU Reorganization Plan.

It is the Board's desire that the local taxpayers who provide the school should be able to obtain maximum use of the facilities, to the extent consistent with the primary educational function of the school. It is intended that community uses for educational, recreational, social, civic, philanthropic and like purposes be approved by the administration, in accordance with this policy, the implementing regulations, and a fee schedule approved annually by this Board.

The Superintendent is responsible for developing administrative regulations which provide for timely applications; uses which do not interfere with educational or extracurricular programs of the public school students; preference to local, not-for-profit organizations; and the acceptance of appropriate responsibility and liability.

To the extent that they are consistent with current law the pre-existing policies, procedures, and fees for community use of school facilities in each community shall remain in effect until the RSU designs a system-wide policy and procedure(s).

Until that time, if a community member feels unfairly disadvantaged by the differences in those pre-existing policies and procedures they may make a request to the RSU Board of Directors for an exception.
