

Thank you for checking in!

My name is Paul Tikalsky and I am the Technology Coordinator here. 2017-2018 marks the beginning of my third year here and BCHS.

I am a graduate of the University of Montana Dillon and a long time Dillon resident. I very much enjoy working with the parents, students and staff. I welcome any and all suggestions in regard to technology as it relates to our school. I am also very willing to listen to ideas around our new website which you have obviously found if you're reading this.

I can be contacted here at the school by phone 683-2361 or by email ptikalsky@bchsmt.com

Thank you for reading and I look forward to hearing from you!

GO BEAVES!
