Unusual Pets  
Klarissa.S

Lots of people have or know someone with an Unusual pet. Like some people have pigs. One person I survey knows someone with a pig they said the pig was nice and eats muck. Another person knows someone with a lizard it eats leaves and its nice. Someone named Caleb he has a crow it eats mice and all sorts of bugs. But he claims it is nice. You have heard all these thing but this one is my favorite it is a koala. It is nice and eats lots of fruit. This might be your favorite one though it is a sugar glider. It eats veggies and is very nice.

Dress Code  
BY: Emily N.

My feature article is about the dress code, about shirts that show your shoulder. Some of the Questions I asked in my survey is, "do you like that you have to cover your shoulders"? The second one is that is it hard to find shirts that cover your shoulder in your sizes? The third one is it hard to style shirts that cover your shoulders? The fourth one is that girls with long arms is it hard for you to find shirts that cover your shoulders? The last Question I asked is what other dress codes don't you like? Some people said "no" for the first question and said "because shoulders aren't distracting". For the second question is some people said "yes because most girls shirts don't cover your shoulders". For the third one is the same as the second. For the third is "yes because it's just sometimes hard to style some outfits". For the last Question some people said that the fingertips rule because some people have long arms. They almost go to some people's knees, they don't make shorts that long for girls in big enough sizes for some girls. How boys don't get dress coded for their pants past their butt, but we get dress coded because our shoulders distract the boys. They can't concentrate because of our shoulders. They should get sent home it's not our fault that we have "distracting shoulders" that's what boys think but we don't have distracting shoulders.

Why 6th graders should and shouldn't play sports

By tristan

6th graders shouldn't play sports because 7th and 8th graders need to have their own sports. Also schools don't want to have to do 3 separate sports teams. schools also want 6th graders to look forward to sports. Others think that 6th graders should play sports because 6th graders should get a chance. Some people say that 6th graders don't get extra sports options. Schools say it will also build 6th grade character. if 6th graders do play sports they should only focus on one sport for their age. So that's why 6th graders should and shouldn't play sports.

What do people do after school?  
By: Charlie O.

I surveyed the 8<sup>th</sup> graders to find out what they do after school. Most of them do other things like play with their dog or go on their phone or work. Some of them play games and sleep. What I do after school? Well I play games and sleep. If I don't sleep or play games I will watch YouTube. Sometimes not all the time I will do homework. I'll walk up town and hangout with my friends maybe ding dong ditch or do something that we always do.

Excuses, Excuses, Excuses.  
By: Caleigh D

Is it really worth it? What if you get caught? What are the consequences? Are you sure your reason is that bad? What if I told you it could even lose you trustworthiness? Think about these questions for a minute or two. They could just help you understand how bad it really is to lie.

So, you're grabbing your math textbook- or was it history? And you hear the minute bell go off. Worst. Nightmare. Ever. Especially if you are on your third tardy. Even worse, your class is on the other side of the school. As you are shuffling down the hall, the possibilities are endless for how you can come up with an excuse. Dropped your books? No. too common. Tripped? Can't. already been used. The teacher would see through your lie.

Now you're only a few yards away when- *ring!* The last bell rings. It's too late. You see the door shut as you run to it. The dread is going to cost you. After all, you are risking detention! If your teacher asks where you were tell the truth. Maybe they'll understand.

When I surveyed some kids at our school, most of them said it was okay to lie sometimes, like a white lie. But, do you think it's okay to lie about a reason? Because you were late, an excuse isn't really necessary, is it? If you get caught, there could be even worse consequences.
