

Facilities

1. Each school and/or district reopening plan which include changes or additions to facilities must comply with the requirements of the 2020 New York State Uniform Fire Prevention and Building Code (BC) and the State Energy Conservation Code and submit all changes to OFP.
 - RSCSD buildings meet all Building Code requirements, State Energy Conservation Codes and NYS Uniform Fire Prevention without changes to classrooms and buildings due to COVID 19.

2. Each school and/or district reopening plan must ensure compliance with the 2020 Building Condition Survey and Visual Inspection, where applicable.
 - RSCSD complies and will be conducting the visual inspection this year as required by March 30, 2021.

3. Each school and/or district reopening plan must provide provisions to conduct the Lead-In-Water Testing as required by NYS DOH regulation 67-4.
 - RSCSD is completing Lead-in-Water testing in the 2020-21 school year and this testing is being conducted by Pace Analytical.

4. Each school and/or district reopening plan must ensure all existing and new Alcohol-based Hand-Rub Dispensers which are installed in any locations are in accordance with FCNYS 2020 Section 5705.5.
 - All installed hand sanitizer dispensers meet FCNYS 2020 section 5705.5.

5. Each school and/or district reopening plan which includes the installation of dividers in classrooms, libraries, cafeterias, auditoriums, gymnasiums, doors, and other points of congregation will ensure the submission of detailed floor plans to OFP for review.
 - RSCSD is not considering installing dividers. Should dividers be necessary, a submission will be made for OFP review.

6. Each school and/or district reopening plan must ensure that all new building construction and temporary quarter projects will be submitted to OFP for a full code review.
 - There are no new building construction or temporary quarters projects taking place. There will be no projects being considered in the 2020-21 and 2021-22 school years.

7. Each school and/or district reopening plan which includes new facilities for leasing must provide a plan to consult with OFP for a preliminary evaluation.
 - There is no consideration of leasing new facilities for the RSCSD.

8. Each school and/or district reopening plan which includes the temporary or permanent use of Tents must provide plans adhering to the BCNYS.
 - RSCSD has no intent on utilizing temporary or permanent Tents.

9. Each school and/or district reopening plan must ensure that the existing or altered number of toilet and sink fixtures meet the minimum standards of the BCNYS.

- RSCSD will not be altering the number of toilet and sink fixtures. RSCSD's existing fixtures meet the minimum standards of the BCNYS.

10. Each school and/or district reopening plan must ensure that each building provides one drinking fountain per one hundred occupants or provide a written plan for a reasonable alternate source of drinking water.

- RSCSD exceeds the requirement of one drinking fountain per one hundred occupants. RSCSD will be utilizing the 7 bottle filling stations on the drinking fountains throughout the District, while disconnecting the fountain portion.
- In addition, 9 water coolers are available for bottle filling in locations throughout the District.

11. Each school and/or district reopening plan must provide written plans on how to maintain adequate, code required ventilation (natural or mechanical) as designed.

- RSCSD's current, approved plans for ventilation meet NYSED, OFP, and Ahsrae standards for classroom and office ventilation.

12. Each school and/or district reopening plan must ensure that all project submissions only dedicated to "COVID-19 Reopening" will be labeled as such.

- All plans discussed that will be dedicated to COVID-19 will be submitted with labeling "COVID-19 Reopening."

13. Each school and/or district reopening plan which includes the use of plastic separators must comply with the 2020 BCNYS Section 2606.

- All dividers have been examined under the lens of BCNYS Section 2606 and comply.
