

# "The Big Sleepover"

## Understand It!

Answer the following questions after reading:

I invited my friend Ethan to a sleep over at my house. We were watching a movie and my Mom left to go pick up my sister at dance class. I thought, since my Mom was gone we could bring a two liter bottle of soda upstairs. She wouldn't mind would she? I got it in the room and I tripped on a pillow. It felt like super slow motion and that's when I knew I was **doomed**. The whole bottle flooded out. It **doused** the pillows, the couch, and my mom's new chair!!! I ran as fast as I could to get two wet rags. Ethan and I **frantically** scrubbed as hard as we could. The garage door opened. I told Ethan to **distract** her while I cleaned even more. Wait what would I do with the pillows? I told Ethan to keep my mom out of the house and I would throw the pillows out the back window. I **chucked** the pillows out the window. I planned to **sneak** out back and throw them in the trash later. I could hear Ethan and my mom coming into the house. He needed to **stall** her longer so I could clean the carpet. I thought up something quick, maybe I could use the wet rags? I scrubbed as hard as I could. I tossed the rags out the window just as my mom came in the room.
