

Dear Discovery Parents and Guardians,

We are so excited to welcome you to the 2020-2021 school year! We work hard to provide you and your scholar with the best faculty, challenging curriculum, and numerous opportunities for your student to grow. All students are assessed a Supply Fee each year. Depending on grade levels, student supply fees fund the purchase of school classroom materials including: trade books/novels for each student, writing utensils, student agendas, home-to-school connection folders, notebooks, special paper for projects, consumable supplies and student ID badges. Additionally, Discovery fees fund materials for multi-disciplinary arts programs; library services, clubs, and technology that help cover our 1:1 student computer program. This fee will cover the device, IT service to the device, the firewall, the insurance, loaners, software licenses and all other required support. As learning has moved toward online instruction, we strive to best prepare our students for academic success in the classroom and for high achievement on online assessments. Teachers use computer technology for instruction, test preparation, assignments, projects, research, and class assessments. We have found 1:1 Computers for students a necessary asset to the 21st century learning. The student owning the computer with access at home and access 12 months a year produces the most technology-ready students. Please see the fee structure for the KDHSA 2020-2021 school year below.
