

MOHAVE VALLEY SCHOOL DISTRICT #16

Creating school communities in which all students can learn, no exceptions!

7/31/2020

Parents & Guardians,

With Distance Learning starting on August 5th, so does our MVESD lunch program. Both lunch and breakfast will be provided at both curbside at all of our schools between 8am and 10am and we will also be running a few of our busses on selective routes to drop off lunch and breakfast at various satellite locations. The route times and locations are attached for your reference.

This Federal program, unlike the summer program, only provides food for those children who are registered to attend MVESD schools. Please remember the first time you pick up food, all children participating in the program must be present. A waiver will then be filled out, at the location of your choice, allowing for the collection of food on subsequent visits without having to have everyone there in person. You will have to present your waiver and food will be provided for all those who qualify to participate.

MVESD is still able to give lunch for the current day and breakfast for the following day at both our schools and satellite stop locations.

MVESD looks forward to a great school year and providing our students with the nutrition necessary in order to learn and thrive!

If you should have any questions, please contact your child's school.

Respectfully,

A handwritten signature in black ink, appearing to read 'Cole Young', is written over a circular stamp or seal.

Cole Young
