SVA is an alternative to classroom instruction consistent with the school district's course of study and is not an alternative curriculum. SVA allows students to pursue their educational opportunities outside the classroom, yet within the framework of the educational requirements of Soulsbyville School.

SVA has clear requirements for attendance, assessment, and grading practices that will create accountability and consistency in your child's education. SVA provides open communication with your child's homeroom teacher and a variety of supports to ensure that your child succeeds and thrives in the home environment.

Keep your connection to our Falcon Family, while having the options and flexibility your family needs!
