

CHILD FIND

Do You Know A Child With A Disability?

"EDUCATION IS OUR CHIEF CONCERN"

Did you know the Valley Local School District has a responsibility to evaluate and serve students who may need special education and related services?

If you have or know of a resident who may have a child ages **3-21** with a disability or impairment, please contact the Student Services Director at 740-259-6609 or lisa.harley@valleyls.org.

The child does not have to be an enrolled student to get services. Call or email for more information.

Valley Local School District
