

York Preparatory Academy Home Use Technology Agreement

As we have worked with parents and families this summer we have noted that some students do not have adequate access to technology in the home that would allow them to participate in hybrid and e-learning options. In order to help with that we have created the ability for students who do not have adequate technology in the home to check out school owned devices.

- I) Terms For The Home Use Of A School Device
 - A) All previous school fees in a student's account must be current in order to check out a device.
 - B) Devices are primarily for the use of students who have no adequate technology access and are on a first come/first serve basis.
 - C) There is a non-refundable \$35 fee to cover the device against accidental damage, etc.
 - D) Devices must be returned no later than the end of the school year. Any device that is claimed to be stolen will require a copy of the police report be given to the school.
 - E) When the school is in Yellow Phase, students will need to bring the device back and forth from home to school for use at school. When school operations return to normal or should the school issue a call for the return of devices, all devices will need to be returned to the school.
 - F) Students and parents are responsible for the charging cord and block and will be charged \$35 to replace a lost or damaged charger.
 - G) The device remains the property of York Preparatory Academy. Any device not returned will be reported as stolen to local law enforcement.
 - H) The device is to remain free from stickers, drawings, etc. The barcode and "property of" labels are to remain intact and on the device.

II) Acceptable Use of School Devices

- A) The use of a school device, whether at home or school, is subject to the school's acceptable use policy as found in the student handbook.
- B) The devices are monitored both at school and at home by school personnel. This includes history, searches, and other activity. Use of the devices to access content deemed inappropriate by the school may result in the return of the device to the school. In such a case all fees paid are non-refundable.
- C) Attempts to un-install or by-pass monitoring software or to otherwise mask activity on the device are considered inappropriate use and may result in the return of the device and forfeiture of fees paid.

III) Signature Acknowledging Policies

By signing below I certify that I have read, understand, and agree to all policies and terms contained in the Home Use Technology Agreement. I also commit to follow all terms contained in the York Preparatory Academy acceptable use policy.
