

# *HIGH SCHOOL SCHOLARS BOWL*

## **WHAT:**

This is an activity available to all high school students, 9<sup>th</sup>-12<sup>th</sup> grades. Students are asked a variety of challenging questions and are awarded points for answering correctly (think Jeopardy!). In competition students will be asked questions over Language Arts, Social Studies, Math & Technology, Science, Fine Arts, and Foreign Language, Current Events. There is no cost to students wanting to participate.

## **WHEN:**

EHS attends several varsity and junior varsity competitions throughout the school year. Practices will begin in late September, and typically take place before school in my room, from 7:30-7:50. We will run through a couple practice rounds of questions and students can buzz in and try to give the correct answer. Our first competition will be at Beloit in late October and the Regional Tournament will be February 4, 2021. If the team qualifies, the State Tournament will be held February 13, 2021. Additionally, EHS will host a varsity meet in late November/early December. Most competitions will typically take place after school.

Let me know if you're interested in participating in Scholars Bowl during the 2020-2021 school year. Stop by my room, call or email me, we'd be glad to have you join!
