

SPECIAL NOTICE

PESTICIDES

Michigan Pesticide Control Act 171, Regulation 637 as amended, requires the District to publish notice that Shepherd Public School’s pest management program includes the application of pesticides. The application of pesticides will only be performed by certified or registered applicators. If a pesticide is applied, the room in which it is applied will be unoccupied by students for not less than four (4) hours, as required by the regulations. You have the right to be informed prior to any pesticide application made to the school grounds and/or buildings. In certain emergencies, pesticides may be applied without prior notice, but you will be provided notice following any such application. If you need prior notification, please complete the information below and submit to:
