Dear Parents:

The mission of Crossett High School is to meet students where they are educationally and to support them as they grow in their knowledge of math and literacy skills. This will be accomplished through a partnership with teachers, parents, and the community, the integration of best practices in the daily teaching act, and a constant focus on the learner and his/her needs. To support this belief, the faculty and staff of Crossett High School, CHS parents, alumni, and supporting community must work as knowledgeable partners.

At Crossett High School, we believe:

- ❖ A child's education is a responsibility shared by school and family.
- ❖ Parents, school and community must work collaboratively in a knowledgeable, caring, and committed partnership.
- ❖ Family members must play a supportive, positive role in providing for student success.

The CHS Parental Involvement Plan has been developed with input from parents, teachers, and administrators. Crossett High School recognizes the importance of communication between home and the school and that it should be regular, two-way, and meaningful. Therefore, our school provides numerous means for parents and school to communicate, such as: e-mail, school bulletin, school website, school messenger, HAC, "The Eagle Summit" (CHS monthly newsletter), telephone calls, and parent/teacher conferences.

Parents are also encouraged to help volunteer at the school. CHS provides various chances for parents/guardians to be a part of their child's high school years. The opportunities include, but are not limited to, tutoring, mentoring, field trips, booster clubs, various school clubs and organizations, dances, homecoming, band and choir concerts, art shows, theatrical productions, classroom activities and athletic events. We also provide a parent center, located in the CHS library, which offers a variety of parenting resources. Parents may access the library parent center during regular school hours (8:00 am – 3:15 pm) throughout the year.

It is our goal at Crossett High School to provide an ongoing relationship between our parents and our school. Please feel free to contact me in order to access information or to answer any questions you may have about parental involvement and CHS.

Sincerely,

Jacque Hennington, CHS Parent Facilitator
