## Fall 2020

Oakwood CUSD#76

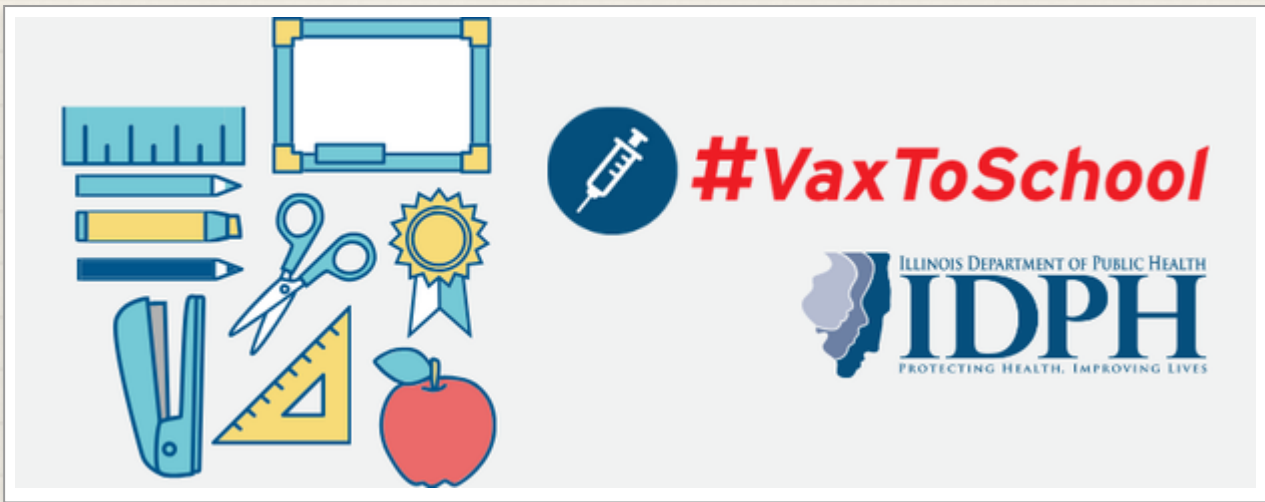

3 easy steps to stay safe in school

**Please review the self certification SYMPTOM LIST EVERY MORNING before getting your child ready for school!**

If you answer **YES** to any of the questions, please keep them home from school. We know this will be very challenging since the symptom list is very long, however this is what the IDPH guidelines state. We will keep you informed with any changes.

Remember, there's more than just school supplies on the list to get ready for back to school!

## What does your child need this school year?

Frequently asked questions:

My child had a physical last year, is it still good?

\*\*\*The exam date of the school physical must be within **1YEAR of the start date of the 2020/21 school year (Aug.26,2020).**

When do I have to have the physical/immunization turned in by?

\*\*\* The sooner the better, the state mandated cut off date is **OCTOBER 15**. Students will be excluded from school after this date until the fulfillment is made.

Do I have to provide a mask for my student?

\*\*\* Yes, it is an expectation that ALL STUDENTS and STAFF wear face coverings at all times while in the buildings. Please provide cloth face coverings for your students. Washable ones are best so you can do so as needed. We recommend at least 2 or 3 per child.

The district will provide masks if a student does not have one when arriving at school.

### Requirements by grade level

Kindergarten students require:

- **School physical** & immunization record
- **Required immunizations:** 4th dose Dtap, 3rd dose inactivated polio, 2nd dose MMR, 2nd dose varicella.
