Lockland Local School District Learning Plan 2020-2021 Academic Year

Families in Lockland Local Schools will have multiple options to choose from during the 2020-2021 school year. As circumstances change in relation to COVID-19 and local / state health department guidance, families and students may as a result participate in any / all of these options throughout the course of the school year, as needed.

Remote Learning from home - Students will be issued a district owned laptop to access grade level and content appropriate curriculum that will be loaded into the Google Classroom on Monday of each week. ***This option represents a LOW health risk as it relates to COVID-19 exposure but a relatively MODERATE educational impact risk as a result of not being on campus with teachers each day.***

- This option will require students to exercise a great deal of self-discipline, planning, time management strategies, focus and consistency in a less structured setting than the classroom typically provides.
- Grade level / content area work and learning expectations for students selecting the remote learning option are the same as for students that select on-site learning. Students will engage in the same assignments, activities and learning regardless of the option selected.
- Instruction, activities, assessment and collaboration will occur digitally via the Google Classroom for all classes.
- Attendance will be taken daily in each class.
- Grades issued will be A-F and the work / learning will be the same as it will be for students on-site.
- Students will be expected to login and submit evidence of work and participation daily
- Students will be able to reach their teacher via email each day, however the response time may lag due to the fact that teachers will be teaching students on-site as well. For that reason, the following can be used for a timelier response:
 - Grades K-3 can email: k-3remotelearning@locklandschools.org
 - Grades 4-8 can email 4-8remotelearning@locklandschools.org
 - Grades 9-12 can email: 9-12remotelearning@locklandschools.org
- Students will be provided with one week of meals each week and will be picked up on campus once per week
- Students will be eligible for extra-curricular activities pending eligibility and attendance requirements.

On-site learning in the classroom - Students will attend class five days per week with this option.

This option represents a MODERATE health risk as it relates to COVID-19 exposure and a LOW educational impact risk as a result of being on campus with teachers each day.

- Per the Health and Safety Guidance issued by Governor DeWine and in collaboration with the Ohio Department of Health and the Ohio Department of Education, the following expectations are included with our on-site learning plan:
 - Assess for Symptoms
 - Wash and sanitize hands
 - Clean and sanitize the school environment
 - Practice social distancing
 - Implementation of a face covering policy
- Students and staff will be asked to check their temperature prior to coming to school each day. If a temperature is higher than 100 degrees or the symptoms of COVID-19 are present, students and staff should NOT report

Proudly Serving the Communities of Lockland and Arlington Heights

- If a student or staff member begins to show symptoms or has a temperature exceeding 100 degrees during the school day, they will be separated from others, given a face covering and monitored by a staff member in an area separate from the health aide office
- Hand sanitizer stations will be present at each entrance to the building and within all rooms within the school
- Classrooms, common areas and high frequency touch areas will be sanitized at least once per day. Doors will remain open as permitted by fire code to avoid excess touching of handles. Restrooms will be sanitized throughout the course of the school day.
- All classrooms will have alcohol cleaning wipes for use throughout the day to sanitize surface areas
- Social distancing practices will be adhered to as feasible throughout the school day. When individuals cannot be separated by six feet of distance they will adhere to a minimum of three feet of distancing.
- All staff will be required to wear a face covering except when working alone in a private office or room. Other exceptions include: when it is unsafe or would significantly interfere with the learning process. At these time, a face shield will be utilized.
- All students in grades K-12 must wear a face mask on campus unless they are unable do to an exemption as documented in the executive order issued by the Governor of Ohio.
- Transitions throughout the building will be minimalized. Students will be grouped with the same students for the duration of the school day and will be attending a limited number of classrooms daily. Teachers will switch rooms versus students transitioning on a bell schedule.
- Teacher areas will be designated in all classrooms to ensure distancing from others at all times. Students will not be permitted within the designated teacher areas.
- Instruction will be planned / delivered by teachers and accessed by students via Chromebooks and the Google Classroom. This will ensure that students on-site and those participating in Remote Learning receive the same access to instruction and content each week.
- Student lunches will be eaten in the cafeteria. The cafeteria will be utilized at 50% capacity per the fire code.
- Collections of shared items for student use will be eliminated in the classroom setting.

Blended learning – This option will be utilized based on specific circumstances for certain students and will NOT be an available option to all students in grades K-12.

This option represents a MODERATE health risk as it relates to COVID-19 exposure and a MODERATE educational impact risk as a result of being on campus with teachers each day.

During the 2020-2021 SY, specific SENIORS may engage with blended learning as agreed upon MUTUALLY by the school district and family. Students participating in blended learning will attend class five days per week for a pre-determined and clearly defined portion of the day to attend a minimum of one English and one Math course AND will complete other classes needed for graduation or athletic eligibility remotely. The descriptions noted above for the on-site and remote learning options are both applicable to this option.

Remote Learning / Blended Learning Model Specifications per House Bill 164

Description of how educational needs will be determined and documented:

- Students will be assessed digitally within the tools embedded in Google Classroom in each class. Diagnostic, formative and summative assessments will be administered to all students in order to determine student needs, mastery of content taught and to drive instructional planning decisions.
