Ruth Reeven, Superintendent  
Gilboa-Conesville Central School District  
132 Wyckoff Road  
Gilboa, NY 12076

Dear Superintendent Reeven:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review Plan (APPR) meets the criteria outlined in Education Law §3012-c and Subpart 30-2 of the Commissioner's Regulations and has been approved for the 2012-2013 school year. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR. If any material changes are made to your approved APPR plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-c, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the student growth subcomponent and any other measures of teacher and principal effectiveness and/or if the teacher or principal scores or ratings show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

A handwritten signature in black ink that reads "John B. King, Jr." in a cursive style.

John B. King, Jr.

NOTES: If your district/BOCES has provided for value-added measures (15 points vs. 20 points scale and categorization of your district/BOCES's grade configurations) in your APPR and no value-added measures are approved by the Board of Regents for a grade/subject and/or grade configuration for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly. Conversely, if your district/BOCES has not provided for value-added measures in your district/BOCES's APPR submission and value-added measures are approved for the 2012-13 school year, your district/BOCES will be required to revise and resubmit its APPR accordingly.

Only documents that are incorporated by reference in your APPR have been reviewed and are considered as part of your APPR; therefore, any supplemental documents such as memorandums of agreement or understanding that were uploaded with your APPR but are not incorporated by reference in your APPR have not been reviewed. However, the Department reserves the right to review the uploaded attachments at any time for consistency with your APPR form and/or to ensure compliance with applicable laws and regulations; and as a result of such review, the Department may reject your APPR plan and/or require corrective action.

## Disclaimers

The Department will review the contents of each school district's or BOCES' APPR plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law section 3012-c and subpart 30-2 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in a district's or BOCES' plan.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the school district or BOCES are for informational purposes only for the teachers and principals reviewed under this APPR plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department reserves the right to request further information from the school district or BOCES, as necessary, as part of its review.

If the Department reasonably believes through investigation or otherwise that statements made in this APPR plan are not true or accurate, it reserves the right to reject this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

## 2. Growth on State Assessments or Comparable Measures (Teachers)

Created Tuesday, September 25, 2012  
Updated Tuesday, December 18, 2012

### Page 1

#### STATE-PROVIDED MEASURES OF STUDENT GROWTH

(25 points with an approved value-added measure)

For teachers in grades 4 - 8 Common Branch, ELA, and Math, NYSED will provide a value-added growth score. That score will incorporate students' academic history compared to similarly academically achieving students and will use special considerations for students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

While most teachers of 4-8 Common Branch, ELA and Math will have state-provided measures, some may teach other courses in addition where there is no state-provided measure. Teachers with 50 – 100% of students covered by State-provided growth measures will receive a growth score from the State for the full Growth subcomponent score of their evaluation. Teachers with 0 – 49% of students covered by State-provided growth measures must have SLOs for the Growth subcomponent of their evaluation and one SLO must use the State-provided measure if applicable for any courses. (See guidance for more detail on teachers with State-provided measures AND SLOs.)

Please note that if the Board of Regents does not approve a value-added measure for these grades/subjects for 2012-13, the State-provided growth measure will be used for 20 points in this subcomponent. NYSED will provide a HEDI subcomponent rating category and score from 0 to 20 points.

#### 2.1) Assurances

Please check the boxes below:

2.1) Assurances   Assure that the value-added growth score provided by NYSED will be used, where applicable.	Checked
2.1) Assurances   Assure that the State-provided growth measure will be used if a value-added measure has not been approved for 2012-13.	Checked

#### STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for teachers in the following grades and subjects. (Please note that for teachers with more than one grade and subject, SLOs must cover the courses taught with the largest number of students, combining sections with common assessments, until a majority of students are covered.)

**For core subjects: grades 6-8 Science and Social Studies, high school English Language Arts, Math, Science, and Social Studies courses associated in 2010-11 with Regents exams or, in the future, with other State assessments, the following must be used as the evidence of student learning within the SLO:**

State assessments (or Regents or Regent equivalents), *required if one exists*

If no State assessment or Regents exam exists:

District-determined assessments from list of State-approved 3rd party assessments; or

District, regional or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

**For other grades/subjects: district-determined assessments from options below may be used as evidence of student learning within the SLO:**

State assessments, *required if one exists*

List of State-approved 3rd party assessments

District, regional, or BOCES-developed assessments provided that it is rigorous and comparable across classrooms

School- or BOCES-wide, group or team results based on State assessments

**Please note:** If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 2.2 through 2.9, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, common branch teachers also teach 6th grade science and/or social studies and therefore would have State-provided growth measures, not SLOs; the district or BOCES does not have certain grades; the district does not offer a specific subject; etc.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

## 2.2) Grades K-3 ELA

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	ELA	Assessment
K	State-approved 3rd party assessment	i-ready Diagnostic Assessment
1	State-approved 3rd party assessment	i-ready Diagnostic Assessment
2	State-approved 3rd party assessment	i-ready Diagnostic Assessment
	ELA	Assessment
3	State assessment	3rd Grade State Assessment

For K-3 ELA: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in	K-2 individual student targets are set based on the i-Ready diagnostic pre/post scale scores. The targets are

set by the teachers and approved by the Principal. HEDI scoring for each teacher is based on target percentage of students that reached their individual targeted goal as set in SLO's. Growth score for third grade is based on a Gilboa-Conesville developed third grade ELA pre assessment that correlates to the NYS third grade ELA assessment which is used as the post assessment. HEDI scoring for each teacher is based on target percentage of students that reached their individual targeted goal as set in SLO's.

Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	Highly effective will be established by 85%-100% of students meeting growth target on the assessment
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	Effective will be established by 65%-84% of students meeting growth target on the assessment
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	Developing will be established by 50% -64% of students meeting growth target on the assessment
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	Ineffective will be established by 0-49% of students meeting growth target on the assessment

### 2.3) Grades K-3 Math

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where applicable.

	Math	Assessment
K	State-approved 3rd party assessment	i-ready Diagnostic Assessment
1	State-approved 3rd party assessment	i-ready Diagnostic Assessment
2	State-approved 3rd party assessment	i-ready Diagnostic Assessment
	Math	Assessment
3	State assessment	3rd Grade State Assessment

For Grades K-3 Math: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.

K-2 individual student targets are set based on the i-Ready diagnostic pre/post scale scores. The targets are set by the teachers and approved by the Principal. HEDI scoring for each teacher is based on target percentage of students that reached their individual targeted goal as set in SLO's. Growth score for third grade is based on a Gilboa-Conesville developed third grade Math pre assessment that correlates to the NYS third grade Math assessment which is used as the post assessment. HEDI scoring for each teacher is based on target percentage of students that reached their individual targeted goal as set in SLO's.

Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	Highly effective will be established by 85%-100% of students meeting growth target on the assessment
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	Effective will be established by 65%-84% of students meeting growth target on the assessment
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	Developing will be established by 50% -64% of students meeting growth target on the assessment
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	Ineffective will be established by 0-49% of students meeting growth target on the assessment

## 2.4) Grades 6-8 Science

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where available.

	Science	Assessment
6	Not applicable	Common branch
7	District, regional or BOCES-developed assessment	Gilboa-Conesville developed grade 7 science assessment

  

	Science	Assessment
8	State assessment	8th Grade State Science Assessment

For Grades 6-8 Science: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	For 7th grade individual student targets are set based on the Gilboa-Conesville developed grade 7 Science pre /post assessment. The targets are set by the teachers and approved by the Principal. HEDI scoring for each teacher is based on target percentage of students that reached their individual targeted goal as set in SLO's. Growth score for 8th grade is based on a Gilboa-Conesville developed 8th grade Science pre assessment that correlates to the NYS 8th grade Science assessment which is used as the post assessment. HEDI scoring for each teacher is based on target percentage of students that reached their individual targeted goal as set in SLO's.
Highly Effective (18 - 20 points) Results are well-above state average for similar students (or District goals if no state test).	Highly effective will be established by 85%-100% of students reaching the growth target.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	Effective will be established by 65%-84% of students reaching the growth target.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	Developing will be established by 50%-64% of students reaching the growth target.
Ineffective (0 - 2 points) Results are well-below state average for similar students (or District goals if no state test).	Ineffective will be established by 0%-49% of students reaching the growth target.

## 2.5) Grades 6-8 Social Studies

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. State assessments must be used where available.

	Social Studies	Assessment
6	Not applicable	Common branch
7	District, regional or BOCES-developed assessment	Gilboa-Conesville developed 7th grade Social Studies Assessment
8	District, regional or BOCES-developed assessment	Gilboa-Conesville developed 8th grade Social Studies Assessment

For Grades 6-8 Social Studies: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	For 7th and 8th grade individual student targets are set based on the Gilboa-Conesville developed grade 7 Social Studies pre /post assessment. The targets are set by the teachers and approved by the Principal. HEDI scoring for each teacher is based on target percentage of students that reached their individual targeted goal as set in SLO's.
Highly Effective (18 - 20 points) Results are well-above District goals for similar students.	Highly effective will be established by 85%-100% of students reaching the growth target.
Effective (9 - 17 points) Results meet District goals for similar students.	Effective will be established by 65%-84% of students reaching the growth target.

Ineffective (0 - 2 points) Results are well-below District goals for similar students.	Ineffective will be established by 0%-49% of students reaching the growth target.

## 2.6) High School Social Studies Regents Courses

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessments must be used where available.

Note: Additional high school social studies courses may be listed below in the "All Other Courses" section of this form.

		Assessment
Global 1	District, regional, or BOCES-developed assessment	Gilboa-Conesville developed 9th grade Global 1 assessment
	Social Studies Regents Courses	Assessment
Global 2	Regents assessment	Regents assessment
American History	Regents assessment	Regents assessment

For High School Social Studies Regents Courses: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.

For Global 1 individual student targets are set based on the Gilboa-Conesville developed 9th grade Global 1 pre/post assessment. For Global 2 and American History, individual student targets are based on the Gilboa-Conesville developed Global 2 and American History pre assessments with the post assessments being the Global 2 Regents and American History Regents. The targets are set by the teachers and approved by the Principal. HEDI scoring for the teacher is based on target percentage of students that reached their individual targeted goal as set in the SLO.

Highly Effective (18 - 20 points) Results are well-above District goals for similar students.

Highly effective will be established by 85%-100% of students reaching the growth target.

Effective (9 - 17 points) Results meet District goals for similar students.

Effective will be established by 65%-84% of students reaching the growth target.

Developing (3 - 8 points) Results are below District goals for similar students.

Developing will be established by 50%-64% of students reaching the growth target.

Ineffective (0 - 2 points) Results are well-below District goals for similar students.

Ineffective will be established by 0%-49% of students reaching the growth target.

## 2.7) High School Science Regents Courses

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessments must be used where available.

Note: Additional high school science courses may be listed below in the "All Other Courses" section of this form.

	Science Regents Courses	Assessment
Living Environment	Regents Assessment	Regents assessment
Earth Science	Regents Assessment	Regents assessment
Chemistry	Regents Assessment	Regents assessment
Physics	Regents Assessment	Regents assessment

For High School Science Regents Courses: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.

In all high school Science courses individual student targets are based on the Gilboa-Conesville developed Science pre assessments with the post assessments being the NYS Science regents. HEDI scoring for each teacher is based on target percentage of students that reached their individual targeted goals. The targets are set by the teachers and approved by the Principal.

Highly Effective (18 - 20 points) Results are well-above District goals for similar students.

Highly effective will be established by 85%-100% of students reaching the growth target.

Effective (9 - 17 points) Results meet District goals for similar students.	Effective will be established by 65%-84% of students reaching the growth target.
Developing (3 - 8 points) Results are below District goals for similar students.	Developing will be established by 50%-64% of students reaching the growth target.
Ineffective (0 - 2 points) Results are well-below District goals for similar students.	Ineffective will be established by 0%-49% of students reaching the growth target.

## 2.8) High School Math Regents Courses

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessment must be used where available.

Note: Additional high school math courses may be listed below in the "All Other Courses" section of this form.

	Math Regents Courses	Assessment
Algebra 1	Regents assessment	Not applicable
Geometry	Regents assessment	Regents assessment
Algebra 2	Regents assessment	Regents assessment

For High School Math Regents Courses: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	In all high school Math regents courses individual student targets are based on the Gilboa-Conesville developed Math pre assessments with the post assessments being the NYS Math regents in all subject areas. HEDI scoring for each teacher is based on target percentage of students that reached their individual targeted goals. The targets are set by the teachers and approved by the Principal.
Highly Effective (18 - 20 points) Results are well-above District goals for similar students.	Highly effective will be established by 85%-100% of students reaching the growth target.
Effective (9 - 17 points) Results meet District goals for similar students.	Effective will be established by 65%-84% of students reaching the growth target.
Developing (3 - 8 points) Results are below District goals for similar students.	Developing will be established by 50%-64% of students reaching the growth target.
Ineffective (0 - 2 points) Results are well-below District goals for similar students.	Ineffective will be established by 0%-49% of students reaching the growth target.

## 2.9) High School English Language Arts

Using the drop-down boxes below, please first select the assessment that will be used for SLOs for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment. Regents assessment must be used where available. Be sure to select the English Regents assessment in at least one grade in Task 2.9 (9, 10, and/or 11).

Note: Additional high school English courses may be listed below in the "All Other Courses" section of this form.

	High School English Courses	Assessment
Grade 9 ELA	District, regional or BOCES-developed assessment	Gilboa-Conesville developed 9th grade ELA
Grade 10 ELA	District, regional or BOCES-developed assessment	Gilboa-Conesville developed 10th grade ELA
Grade 11 ELA	Regents assessment	NYS ELA Regents

For High School English Language Arts: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	For ELA grade 9 and grade 10 individual student targets are set based on the Gilboa-Conesville developed 9th grade ELA and 10th grade ELA pre/post assessments. The targets are set by the teachers and approved by the Principal. HEDI scoring for the teacher is based on target percentage of students that reached their individual targeted goal as set in the SLO. For 11th grade ELA the pre assessment is a Gilboa-Conesville developed 11th grade ELA pre assessment and the post assessment is the NYS ELA Regents.
Highly Effective (18 - 20 points) Results are well-above District goals for similar students.	Highly effective will be established by 85%-100% of students reaching the growth target.
Effective (9 - 17 points) Results meet District goals for similar students.	Effective will be established by 65%-84% of students reaching the growth target.
Developing (3 - 8 points) Results are below District goals for similar students.	Developing will be established by 50%-64% of students reaching the growth target.
Ineffective (0 - 2 points) Results are well-below District goals for similar students.	Ineffective will be established by 0%-49% of students reaching the growth target.

## 2.10) All Other Courses

Fill in, as applicable, for all other teachers in additional grades/subjects that have Student Learning Objectives. If you need additional space, duplicate this form and upload (below) as an attachment to your APPR plan. You may combine into one line any groups of teachers for whom the answers in the boxes are the same including, for example, "all other teachers not named above" .

Course(s) or Subject(s)	Option	Assessment
all Spanish classes	District, Regional or BOCES-developed	Gilboa-Conesville regionally developed Spanish assessment
All other courses not named above	District, Regional or BOCES-developed	Gilboa-Conesville developed grade and course pre and post assessments

For all other courses, as applicable: describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to teachers based on SLO results consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 2.11, below.	In this category none of our other courses have a NYS assessment. All other courses have a pre and post assessment that are based on the Gilboa-Conesville developed or regionally developed and district approved pre and post tests. HEDI scores for each teacher is based on target percentage of students that reached their individual goals as set in the SLO's. The targets are set by the teachers and approved by the Principal.
Highly Effective (18 - 20 points) Results are well-above District goals for similar students.	Highly effective will be established by 85%-100% of students reaching the growth target.
Effective (9 - 17 points) Results meet District goals for similar students.	Effective will be established by 65%-84% of students reaching the growth target.
Developing (3 - 8 points) Results are below District goals for similar students.	Developing will be established by 50%-64% of students reaching the growth target.
Ineffective (0 - 2 points) Results are well-below District goals for similar students.	Ineffective will be established by 0%-49% of students reaching the growth target.

## 2.11) HEDI Tables or Graphics

For questions 2.2 through 2.10 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

[assets/survey-uploads/5364/181589-TXEttx9bQW/GCCS HEDI Scoring APPR.docx](#)

## 2.12) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: student prior academic history, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

*None-Everybody is doing the same*

## 2.13) Teachers with more than one growth measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI rating and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Common branch teacher with state-provided value-added measures for both ELA and Math in 4th grades; Middle school math teacher with both 7th and 8th

grade math courses.)

If educators have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points which Districts must weight proportionately based on the number of students in each SLO.

## 2.14) Assurances

Please check all of the boxes below:

2.14) Assurances   Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
2.14) Assurances   Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked
2.14) Assurances   Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
2.14) Assurances   Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
2.14) Assurances   Assure that district will develop SLOs according to the rules established by SED (see: <a href="http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html">http://usny.nysed.gov/rttt/teachers-leaders/slo/home.html</a> ).	Checked
2.14) Assurances   Assure that past academic performance and/or baseline academic data of students will be taken into account when developing an SLO.	Checked
2.14) Assurances   Assure that the process for assigning points for SLOs for the Growth Subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators in ways that improve student learning and instruction.	Checked
2.14) Assurances   Assure that it is possible for an educator to earn each point, including 0, for SLOs in the Growth subcomponent scoring range.	Checked
2.14) Assurances   Assure that processes are in place to monitor SLOs to ensure rigor and comparability across classrooms.	Checked

### 3. Local Measures (Teachers)

#### Page 1

#### Locally Selected Measures of Student Achievement or Growth

"Comparable across classrooms" means that the same locally-selected measures of student achievement or growth must be used across all classrooms in the same grade/subject in the district or BOCES.

Please note: If your district or BOCES does not have grade/subject-specific teachers for one or more of the rows in questions 3.1 through 3.11, choose "Not applicable" from the drop-down box and type N/A in the assessment box. This would be appropriate if, for example, the district does not have certain grades, the district does not offer a specific subject, etc.

Locally selected measures for common branch teachers: This form calls for locally selected measures in both ELA and math in grades typically served by common branch teachers. Districts may select local measures for common branch teachers that involve subjects other than ELA and math. Whatever local measure is selected for common branch teachers, please enter it under ELA and/or math and describe the assessment used, including the subject. Use N/A for other lines in that grade level that are served by common branch teachers. Describe the HEDI criteria for the measure in the same section where you identified the locally selected measure and assessment.

.Please note: Only one locally-selected measure is required for teachers in the same grade/subject across the district, but some districts may prefer to have more than one measure for all teachers within a grade/subject. Also note: Districts may use more than one locally-selected measure for **different** groups of teachers **within a grade/subject** if the district/BOCES verifies comparability based on Standards of Educational and Psychological Testing. This APPR form only provides space for one measure for teachers in the same grade/subject across the district. Therefore, if more than one locally-selected measure is used for all teachers in any grades or subject, districts must complete additional copies of this form and upload as attachments for review.

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

#### LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR TEACHERS IN GRADES FOR WHICH THERE IS AN APPROVED VALUE-ADDED MEASURE (15 points)

**Growth or achievement measure(s) from these options.**

*One or more of the following types of local measures of student growth or achievement may be used for the evaluation of teachers.*

*The options in the drop-down menus below are abbreviated from the following list:*

Measures based on:

- 1) The change in percentage of a teacher’s students who achieve a specific level of performance as determined locally, on such assessments/examinations compared to those students’ level of performance on such assessments/examinations in the previous school year (e.g., a three percentage point increase in students earning the proficient level (three) or better performance level on the 7th grade math State assessment compared to those same students’ performance levels on the 6th grade math State assessment, or an increase in the percentage of a teacher’s students earning the advanced performance level (four) on the 4th grade ELA or math State assessments compared to those students’ performance levels on the 3rd grade ELA or math State assessments)
  
- 2) Teacher specific growth score computed by the Department based on the percent of the teacher’s students earning a State determined level of growth. The methodology to translate such growth into the State-established sub-component scoring ranges shall be determined locally
  
- 3) Teacher specific achievement or growth score computed in a manner determined locally based on a measure of student performance on the State assessments, Regents examinations and/or Department approved alternative examinations other than the measure described in subclause 1) or 2) of this clause
  
- 4) Student growth or achievement computed in a manner determined locally based on a State-approved 3rd party assessment
  
- 5) Student growth or achievement computed in a manner determined locally based on a district, regional or BOCES-developed assessment that is rigorous and comparable across classrooms
  
- 6) A school-wide measure of either student growth or achievement based on either:
  - (i) A State-provided student growth score covering all students in the school that took the State assessment in ELA or Math in Grades 4-8; or
  - (ii) A school-wide measure of student growth or achievement computed in a manner determined locally based on a State, State-approved 3rd party, or district, regional or BOCES developed assessment that is rigorous and comparable across classrooms.

### 3.1) Grades 4-8 ELA

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

	Locally-Selected Measure from List of Approved Measures	Assessment
4	4) State-approved 3rd party assessments	i-Ready Diagnostic
5	4) State-approved 3rd party assessments	i-Ready Diagnostic
6	4) State-approved 3rd party assessments	i-Ready Diagnostic
7	4) State-approved 3rd party assessments	i-Ready Diagnostic
8	4) State-approved 3rd party assessments	i-Ready Diagnostic

For Grades 4-8 ELA: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.3, below.	ELA 4th through 8th grades local measure is based on the i-Ready Diagnostic pre and post growth scores. The i-Ready Diagnostic pre test established a baseline level for individual student growth. HEDI scores will be determined based on the end of the year i-Ready Diagnostic individual student growth level. The targets are set by the teachers and approved by the Principal.
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers who are considered highly effective will have 85-100% of students meet or exceed i-Ready Diagnostic Scale Score increases to achieve individually specified levels of growth.
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers who are considered effective will have 65-84% of students meet or exceed i-Ready Diagnostic Scale Score increases to achieve individually specified levels of growth.
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers who are considered developing will have 50-64% of students meet or exceed i-Ready Diagnostic Scale Score increases to achieve individually specified levels of growth.
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers who are considered ineffective will have 0-49% of students meet or exceed i-Ready Diagnostic Scale Score increases to achieve individually specified levels of growth.

### 3.2) Grades 4-8 Math

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers who are considered ineffective will have 0-49% of students meet individual achievement goals

### 3.11) High School English Language Arts

Using the drop-down boxes below, select the assessment that will be used for the locally-selected measure for the grade/subject listed. Then name the specific assessment, listing the full name of the assessment.

Note: Additional high school English courses may be listed below in the "All Other Courses" section of this form.

	Locally-Selected Measure from List of Approved Measures	Assessment
Grade 9 ELA	5) District, regional, or BOCES–developed assessments	Gilboa-Conesville developed Grade 9 ELA assessment
Grade 10 ELA	5) District, regional, or BOCES–developed assessments	Gilboa-Conesville developed grade 10 ELA assessment
Grade 11 ELA	3) Teacher specific achievement or growth score computed locally	NYS ELA Regents

For High School English Language Arts: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	For all high school ELA courses a Gilboa-Conesville developed pre assessment will be used as a baseline. For ELA grade 9 and grade 10 the post assessment will be a Gilboa-Conesville developed ELA grade 9 and ELA grade 10 assessment. The HEDI score will be determined based on individual student achievement scores. For ELA grade 11 the post assessment will be based on the NYS ELA Regents exams. The HEDI score will be determined based on individual student achievement scores. The targets are set by the teachers and approved by the Principal.
Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers who are considered highly effective will have 85-100% of students meet individual achievement goals
Effective (9 - 17 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers who are considered effective will have 65-84% of students meet individual achievement goals
Developing (3 - 8 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers who are considered developing will have 50-64% of students meet individual achievement goals
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers who are considered ineffective will have 0-49% of students meet individual achievement goals

### 3.12) All Other Courses

Fill in for additional grades/subjects, as applicable. If you need additional space, complete additional copies of this form and upload (below) as attachments.

Course(s) or Subject(s)	Locally-Selected Measure from List of Approved Measures	Assessment
Spanish 8	5) District/regional/BOCES-developed	Gilboa-Conesville developed grade 8 Spanish assessment
Spanish 9	5) District/regional/BOCES-developed	Gilboa-Conesville developed grade 9 Spanish assessment
Spanish 10	5) District/regional/BOCES-developed	Gilboa-Conesville developed grade 10 Spanish assessment
Spanish 11	5) District/regional/BOCES-developed	Gilboa-Conesville developed grade 11 Spanish assessment
All other courses	5) District/regional/BOCES-developed	Gilboa-Conesville developed Assessments

For all additional courses, as applicable: describe the district-adopted expectations for the level of growth or achievement needed for a teacher to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a teacher to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the general process for assigning HEDI categories for these grades/subjects in this subcomponent. If needed, you may upload a table or graphic at 3.13, below.	For all other course, the local measure is based on achievement comparing raw scores on pre and post tests that were either developed regionally though ONC BOCES or collaboratively by departments. The HEDI score will be determined based on individual student achievement scores. The targets are set by the teachers and approved by the Principal.
Highly Effective (18 - 20 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Teachers who are considered highly effective will have 85-100% of students meet individual achievement goals

### 3.13) HEDI Tables or Graphics

For questions 3.4 through 3.12 above, if you are using tables or other graphics to explain your general process for assigning HEDI categories, please combine all such tables or graphics into a single file, labeling each so it is clear which grades/subjects it applies to, and upload that file here.

*assets/survey-uploads/5139/181644-y92vNseFa4/GCCS HEDI Scoring APPR.docx*

### 3.14) Locally Developed Controls

Describe any adjustments, controls, or other special considerations that will be used in setting targets for local measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

None

### 3.15) Teachers with More Than One Locally Selected Measure

Describe the district's process for combining multiple locally selected measures, each scored from 0-15 or 0-20 points as applicable, into a single subcomponent HEDI category and score. Examples may include: 4th grade teacher with locally-selected measures for both ELA and Math; High School teacher with more than 1 SLO.

*Individual teacher scores will be calculated based on the average of student scores in each course. Then the combined averages of multiple courses will be averaged to obtain the final local HEDI score. Conventional rounding rules will apply except where it moves the teachers score to the next HEDI level.*

### 3.16) Assurances

Please check all of the boxes below:

3.16) Assurances   Assure the application of locally-developed controls will be rigorous, fair, and transparent.	Checked
3.16) Assurances   Assure that use of locally-developed controls will not have a disparate impact on underrepresented students in accordance with any applicable civil rights laws.	Checked
3.16) Assurances   Assure that enrolled students in accordance with teacher of record policies are included and may not be excluded.	Checked
3.16) Assurances   Assure that procedures for ensuring data accuracy and integrity are being utilized.	Checked
3.16) Assurances   Assure that the process for assigning points for locally selected measures will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
3.16) Assurances   Assure that it is possible for an educator to earn each point, including 0, for the locally-selected measures subcomponent.	Checked
3.16) Assurances   Assure that locally-selected measures are rigorous and comparable across all classrooms in the same grade/subject in the district.	Checked
3.16) Assurances   If more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, certify that the measures are comparable based on the Standards of Educational and Psychological Testing.	Checked
3.16) Assurances   Assure that all locally-selected measures for a teacher are different than any measures used for the State assessment or other comparable measures subcomponent.	Checked

## 4. Other Measures of Effectiveness (Teachers)

Created Tuesday, September 25, 2012

### Page 1

#### 4.1) Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on NYS Teaching Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is required for districts that have chosen an observation-only rubric (CLASS or NYSTCE) from the State-approved list.

(Note: Any district may use multiple rubrics, as long as the same rubric(s) is used for all classroom teachers in a grade/subject across the district.)

*NYSUT Teacher Practice Rubric*

*Not Applicable*

#### 4.2) Points Within Other Measures

State the number of points (if any) that will be assigned to each of the following measures, making sure that the points total 60. If you are not using a particular measure, enter 0.

This APPR form only provides one space for assigning points within other measures for teachers. If your district/BOCES prefers to assign points differently for different groups of teachers, enter the points assignment for one group of teachers below. For the other group(s) of teachers, fill out copies of this form and upload as an attachment for review.

Is the following points assignment applicable to all teachers?

*Yes*

If you checked "no" above, fill in the group of teachers covered (e.g., "probationary teachers"):

*(No response)*

Multiple (at least two) classroom observations by principal or other trained administrator, at least one of which must be unannounced [at least 31 points]	31
One or more observation(s) by trained independent evaluators	0
Observations by trained in-school peer teachers	0
Feedback from students using State-approved survey tool	0
Feedback from parents/caregivers using State-approved survey tool	0
Structured reviews of lesson plans, student portfolios and other teacher artifacts	29

If the above points assignment is not for "all teachers," fill out an additional copy of "Form 4.2: Points Within Other Measures" for each group of teachers, combine them into a single file, and upload as an attachment for review. Click here for a downloadable copy of Form 4.2. (MS Word )

(No response)

### 4.3) Survey Tools (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

(No response)

If the district plans to use one or more of the following surveys of P-12 students from the menu of State-approved surveys, please check all that apply. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu. Note: As the State-approved survey lists are updated, this form will be updated with additional approved survey tools.

[SurveyTools.0] Tripod Early Elementary Student Perception Survey K-2	(No response)
[SurveyTools.1] Tripod Elementary Student Perception Survey 3-5	(No response)
[SurveyTools.2] Tripod Secondary Student Perception Survey	(No response)
[SurveyTools.3] District Variance	(No response)

### 4.4) Assurances

Please check all of the boxes below:

4.4) Assurances   Assure that all NYS Teaching Standards not addressed in classroom observations are assessed at least once a year.	Checked
4.4) Assurances   Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction.	Checked
4.4) Assurances   Assure that it is possible for an educator to earn each point, including 0, for the "other measures" subcomponent.	Checked
4.4) Assurances   Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the district.	Checked

### 4.5) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the teacher practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

*GCCS will use the configurations on pages 30-32 of the NYSUT TED Workbook (attached) to calculate the 60 points for the NYSUT Teacher Rubric. All 60 points will be assigned based on the NYSUT Rubric, using multiple observations and through evidence to demonstrate competence. Individual teacher scores will be calculated following the directions on pages 30-32 of the TED system in the TED workbook. Conventional rounding rules will apply except where it moves the teacher's score to the next HEDI level.*

*The NYSUT Rubric has a total of 97 indicators in the seven standards as indicated below:*

*Standard 1= 10*

*Standard 2= 18*

*Standard 3= 17*

Standard 4= 12  
 Standard 5= 13  
 Standard 6= 18  
 Standard 7= 9

These 97 points (indicators) will be converted using the attached conversion sheet: based on a 1-4 score.

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

*assets/survey-uploads/5091/181765-eka9yMJ855/Rubric Score to subcomponent composite chart.pdf*

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

<p><b>Highly Effective:</b> Overall performance and results exceed NYS Teaching Standards.</p>	<p>To be considered highly effective in this subcomponent, the teacher must have a score of 59-60 on the HEDI Ratings. This will be broken down as:</p> <ul style="list-style-type: none"> <li>3.5=59</li> <li>3.6=59.3</li> <li>3.7=59.5</li> <li>3.8=59.8</li> <li>3.9=60</li> <li>4.0=60.25 (round to 60)</li> </ul>
<p><b>Effective:</b> Overall performance and results meet NYS Teaching Standards.</p>	<p>To be considered effective in this subcomponent, the teacher must have a score of 57-58 on the HEDI Ratings. #### **Highly**

##### **Effective**

Results are well above state average for similar students (or District goals if no state test).

Results are well above District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results exceed NYS Teaching Standards.

##### **Effective**

Results meet state average for similar students (or District goals if no state test).

Results meet District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results meet NYS Teaching Standards.

##### **Developing**

Results are below state average for similar students (or District goals if no state test).

Results are below District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results need improvement in order to meet NYS Teaching Standards.

##### **Ineffective**

Results are well below state average for similar students (or District goals if no state test).

Results are well below District- or BOCES-adopted expectations for student growth or achievement for grade/subject.

Overall performance and results do not meet NYS Teaching Standards.

For the 2013-2014 school year and beyond, the Commissioner shall review the specific scoring ranges for each of the rating categories annually before the start of each school year and shall recommend any changes to the Board of Regents for consideration.

## 6. Additional Requirements - Teachers

Created Tuesday, September 25, 2012

Updated Tuesday, December 18, 2012

### Page 1

#### 6.1) Assurances -- Improvement Plans

Please check the boxes below:

6.1) Assurances -- Improvement Plans   Assure that teachers who receive a Developing or Ineffective rating will receive a Teacher Improvement Plan (TIP) within 10 school days from the opening of classes in the school year following the performance year	Checked
6.1) Assurances -- Improvement Plans   Assure that TIP plans shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas	Checked

#### 6.2) Attachment: Teacher Improvement Plan Forms

As a required attachment to this APPR plan, upload the TIP forms that are used in the school district or BOCES. For a list of supported file types, go to the Resources folder (above) and click Technical Tips.

*assets/survey-uploads/5265/181809-Df0w3Xx5v6/Gilboa teacher TIP.docx*

#### 6.3) Appeals Process

Pursuant to Education Law section 3012-c, a teacher may only challenge the following in an appeal:

- (1) the substance of the annual professional performance review
- (2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c
- (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

*Gilboa-Conesville Central School  
Teacher Appeals Process*

*Basis*

*The burden of proof to establish a rational basis for the appeal rests with the teacher and he/she may only appeal an overall evaluation for one or more of the following reasons:*

- *The substance of the APPR*
- *Adherence to standards and methodologies required for such review*
- *Adherence to the Commissioner's regulations*
- *The issuance and/or implementation of the terms of an improvement plan in connection with an "Ineffective" or "Developing" determination*

*Procedure for Teachers: Teachers may submit a written rebuttal that will be attached to the APPR in the member's personnel file. Teachers may submit written rebuttals within ten (10) school days of determination of "Effective" and "Highly Effective" if desired, but may not appeal the rating.*

#### *APPR Appeals Process*

##### *1. Right to Appeal*

*Teachers who receive an APPR rating of "Ineffective" or "Developing" may appeal through the APPR Appeals Form. All grounds for appealing a particular performance review must be raised within the same appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived.*

##### *2. Teacher Request for Supporting Documents*

*Within ten (10) school days of receipt of the APPR, a teacher may request, in writing, that the administrator issuing the APPR provide the teacher a copy of any and all documents and written material upon which the APPR was based. All requested documents and written materials will be delivered to the requesting teacher within ten (10) school days of the receipt of the written request.*

##### *3. Filing of Appeal by Teacher*

- *A teacher may file a written appeal of the APPR within ten (10) school days of the receipt of the requested supporting documents. Any appeal shall be filed with the Superintendent.*
- *An appeal of an APPR must be based upon one or more of the aforementioned reasons.*
- *The written appeal document must clearly identify the grounds for appeal, and shall explain, in detail, why the appealing teacher believes the APPR should be modified.*
- *The authoring administrator will conference with the teacher within five (5) school days of him/her filing the appeal. Bargaining unit member shall upon request be entitled to an Association representative being present. The conference shall be an informal meeting wherein the authoring administrator and the employee are able to discuss the evaluation and the areas of dispute. The authoring administrator shall have the authority to modify the teacher's APPR accordingly. If the bargaining member is not satisfied with the outcome, he/she may notify the Appeals Panel in writing within two (2) school days of the conclusion of the conference.*

*4. An Appeals Panel consisting of one administrator/consultant (appointed by the GCCS Superintendent) and one teacher (appointed by the teachers' association) shall meet to review the appeal and discuss the merits of the appeal. Members of the panel will be trained as lead evaluators using the NYSUT rubric. The APPR Appeals Panel shall convene to consider an appeal within ten (10) school days of the filing of the appeal.*

*5. The Appeals Panel shall issue a written opinion on the merits of the appeal not later than 10 school days from the date the appeals hearing ends. The written opinion shall be addressed to the GCCS Superintendent and a copy shall be provided to the teacher filing the appeal. In the event the Appeals Panel fails to reach consensus, both opinions shall be documented in writing.*

*6. If the Appeals Panel, by written opinion, unanimously dismisses the appeal, the teacher's performance evaluation shall remain unchanged and the appeals process shall end.*

*7. If the Appeals Panel, by written opinion, unanimously sustains the appeal, they will issue an appropriate remedy.*

*8. If the Appeals Panel offers a split opinion, the appeal shall be forwarded to the GCCS Superintendent to review the appeal for final determination. It is understood that the GCCS Superintendent shall not engage personally in any appeal in which he/she has served as an evaluator or lead evaluator of the teacher filing the appeal. In those instances, the GCCS Superintendent shall designate an appropriately trained administrator to serve as the appeals officer and the decision of the designated appeals officer shall be final and binding. If the GCCS Superintendent or designee denies or dismisses the appeal, the teacher's APPR shall remain unchanged and the appeals process shall end. If the appeal is sustained, he/she will issue an appropriate remedy. A final written decision on the merits of the appeal shall be rendered by the GCCS Superintendent or designee no later than thirty (30) school days from the date upon which the teacher filed his/her appeal.*

*9. In the case where a designee has been assigned in place of the GCCS Superintendent, the final written decision on the merits of the*

*appeal shall be issued by the GCCS Superintendent no later than five (5) school days from the Appeals Panel's/Superintendent's designee submission of their written opinion.*

*10. The Appeal Panel shall be flexible and determined on a case by case basis. The Appeals Panel shall meet outside of the teacher's regular work day and no member of the Panel shall receive additional compensation.*

## 6.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

*The District will ensure that all evaluators are properly trained and certified to complete an individual performance review. Evaluator training will be conducted by properly credentialed personnel and is an ongoing process. Re-certification will take place on an annual basis. Inter-rater reliability will be part of the re-certification training conducted by our network team which is through ONC BOCES. Evaluator training will replicate the recommended SED model, certification process per education law 3012-C regulations. The training will include the 9 elements Both the evaluators and lead evaluators will be attending training at the regional or state level, provided by the ONC BOCES network team, NYSUT approved trainers and or by other professionals in the field prior to being certified and prior to any observations. The Gilboa Conesville CS Board of education will certify that all evaluators and lead evaluators have attended appropriate training.*

# 7. Growth on State Assessments or Comparable Measures (Principals)

Created Tuesday, September 25, 2012  
Updated Tuesday, December 18, 2012

## Page 1

### 7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH (25 points with an approved Value-Added Measure)

For principals in buildings with Grades 4-8 ELA, Math and/or High School courses with State or Regents assessments, (or principals of programs with any of these assessments), NYSED will provide value-added measures. NYSED will also provide a HEDI subcomponent rating category and score from 0 to 25 points.

In order for a principal to receive a State-provided value-added measure, at least 30% of the students in the principal's school or program must take the applicable State or Regents assessments. This will include most schools in the State.

Value-Added measures will apply to schools or principals with the following grade configurations in this district (please list, e.g., K-5, PK-6, 6-8, 6-12, 9-12):

### 7.3) STUDENT LEARNING OBJECTIVES AS COMPARABLE GROWTH MEASURES (20 points)

Student Learning Objectives will be the other comparable growth measures for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, Math, and/or High School courses with State or Regents assessments. SLOs will be developed using the assessment covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. District-determined assessments from the options below may be used as evidence of student learning within the SLO:

State assessments, *required if one exists*

District, regional, or BOCES-developed assessments that are rigorous and comparable across classrooms

List of State-approved 3rd party assessments

First, list the school or program type this SLO applies to. Then, using the drop-down boxes below, please select the assessment that will be used for SLOs for the school/program listed. Finally, name the specific assessment listing the full name of the assessment. Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. For example, a regionally-developed 7th grade Social Studies assessment would be written as follows: [INSERT SPECIFIC NAME OF REGION]-developed 7th grade Social Studies assessment.

***Please remember that State assessments must be used with SLOs if applicable to the school or program type.***

School or Program Type	SLO with Assessment Option	Name of the Assessment

Describe the district-adopted expectations for the level of performance required for each HEDI rating category and the process for assigning points to principals based on SLO results, consistent with regulations and assurances in the Comparable Growth Measures subcomponent. Include any district-determined expectations for student performance.

Use this box, if needed, to describe the process for assigning HEDI categories in this subcomponent. If needed, you may upload a table or graphic below.	Based on students enrollment, the principal will be covered by the state provided growth score.
Highly Effective (18 - 20 points) Results are well above state average for similar students (or District goals if no state test).	Overall performance and results exceed standards.
Effective (9 - 17 points) Results meet state average for similar students (or District goals if no state test).	Overall performance and results meet standards.
Developing (3 - 8 points) Results are below state average for similar students (or District goals if no state test).	Overall performance and results need improvement in order to meet standards.
Ineffective (0 - 2 points) Results are well below state average for similar students (or District goals if no state test).	Overall performance and results do not meet standards.

If you are using tables or other graphics to explain your process for assigning HEDI categories, please clearly label them, combine them into a single file, and upload that file here.

## 7.4) Special Considerations for Comparable Growth Measures

Describe any adjustments, controls, or other special considerations that will be used in setting targets for Comparable Growth Measures, the rationale for including such factors, and the processes that will be used to mitigate potentially problematic incentives associated with the controls or adjustments.

Note: The only allowable controls or adjustments for Comparable Growth Measures are those used in State Growth measures, which include: prior student achievement results, students with disabilities, English language learners, students in poverty, and, in the future, any other student-, classroom-, and school-level characteristics approved by the Board of Regents.

(No response)

### 7.5) Principals with More Than One Growth Measure

If educators have more than one state-provided growth or value-added measure, those measures will be combined into one HEDI category and score for the growth subcomponent according to a formula determined by the Commissioner. (Examples: Principals of K-8 schools with growth measures for ELA and Math grades 4-8.)

If Principals have more than one SLO for comparable growth (or a State-provided growth measure and an SLO for comparable growth), the measures will each earn a score from 0-20 points and Districts will weight each in proportion to the number of students covered by the SLO to reach a combined score for this subcomponent.

### 7.6) Assurances -- Comparable Growth Measures

Please check all of the boxes below:

7.6) Assurances -- Comparable Growth Measures   Assure the application of locally developed controls will be rigorous, fair, and transparent and only those used for State Growth will be used for Comparable Growth Measures.	Checked
7.6) Assurances -- Comparable Growth Measures   Assure that use of locally developed controls will not have a disparate impact on underrepresented students in accordance with applicable civil rights laws.	Checked

# 8. Local Measures (Principals)

Created Tuesday, September 25, 2012

Updated Friday, December 21, 2012

## Page 1

### Locally-Selected Measures of Student Achievement or Growth

Locally comparable means that the same locally-selected measures of student achievement or growth must be used for all principals in the same or similar programs or grade configurations across the district or BOCES.

Please note: only one locally-selected measure is required for principals in the same or similar programs or grade configurations, but some districts may prefer to have more than one measure for principals in the same or similar programs or grade configurations. This APPR form therefore provides space for multiple locally-selected measures for each principal in the same or similar program or grade configuration across the district. Therefore, if more than one locally-selected measure is used for all principals in the same or similar program or grade configuration, districts must complete additional copies of this form and upload as attachments for review.

Also note: districts may use more than one locally-selected measure for **different** groups of principals **within the same or similar programs or grade configurations** if the district/BOCES prove comparability based on Standards of Educational and Psychological Testing. If a district is choosing different measures for different groups of principals within the same or similar programs or grade configurations, they must complete additional copies of this form and upload as attachments for review.

#### 8.1) LOCALLY SELECTED MEASURES OF STUDENT ACHIEVEMENT FOR PRINCIPALS WITH AN APPROVED VALUE-ADDED MEASURE (15 points)

In the table below, list all of the grade configurations used in your district or BOCES (e.g., K-5, 6-8, 9-12). Then for each grade configuration, select a local measure from the menu.

*Note: Districts and BOCES may select one or more types of growth or achievement measures for each grade configuration. If you are using more than one type of local measure for the evaluation of principals in a given grade configuration, list that grade configuration multiple times. If more space is needed, duplicate this portion of the form and upload additional pages (below) as an attachment.*

*The options in the drop-down menus below are abbreviated from the following list:*

- (a) student achievement levels on State assessments in ELA and/or Math in Grades 4-8 (e.g., percentage of students in the school whose performance levels on State assessments are proficient or advanced)
- (b) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students in each specific performance level (e.g., Level 1, Level 2)
- (c) student growth or achievement on State assessments in ELA and/or Math in Grades 4-8 for students with disabilities and English Language Learners in Grades 4-8

- (d) student performance on any or all of the district-wide locally selected measures approved for use in teacher evaluations
- (e) four, five and/or six-year high school graduation and/or dropout rates for principals employed in a school with high school grades
- (f) percentage of students who earn a Regents diploma with advanced designation and/or honors for principals employed in a school with high school grades
- (g) percentage of a cohort of students that achieve specified scores on Regents examinations and/or Department approved alternative examinations (including, but not limited to, Advanced Placement examinations, International Baccalaureate examinations, SAT II, etc.), for principals employed in a school with high school grades (e.g., the percentage of students in the 2009 cohort that scored at least a 3 on an Advanced Placement examination since entry into the ninth grade)
- (h) students' progress toward graduation in the school using strong predictive indicators, including but not limited to 9th and/or 10th grade credit accumulation and/or the percentage of students that pass 9th and/or 10th grade subjects most commonly associated with graduation and/or students' progress in passing the number of required Regents examinations for graduation, for principals employed in a school with high school grades

Describe the district-adopted expectations for the level of growth or achievement needed for a principal to earn each of the four HEDI rating categories and the process for assigning points within rating categories that ensures it is possible for a principal to earn any of the points in a scoring range, consistent with regulations and assurances.

*Note: when completing the HEDI boxes below, it is not acceptable to just repeat the text descriptions from the regulations and/or assurances listed to the left of each box.*

Use this box, if needed, to describe the process for assigning HEDI categories. If needed, you may upload a table or graphic below.	All the student scores will be averaged and that number will be the local HEDI score for the Principal. The Principal will set the target for achievement approved by the Superintendent. HEDI points will be assigned based on percentage of students who will meet or exceed the achievement target.
Highly Effective (14 - 15 points) Results are well above District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Overall performance and results exceed standards
Effective (8- 13 points) Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Overall performance and results meet standards
Developing (3 - 7 points) Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Overall performance and results need improvement to meet standards
Ineffective (0 - 2 points) Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.	Overall performance and results do not meet standards

- (i) student learning objectives (only allowable for principals in programs/buildings without a Value-Added measure for the State Growth subcomponent). Used with one of the following assessments: State, State-approved 3rd party, or a District, regional, or BOCES-developed assessment that is rigorous and comparable across classrooms*

Districts or BOCES that intend to use a district, regional, or BOCES-developed assessment must include the name, grade, and subject of the assessment. #### 9.1) Principal Practice Rubric

Select the choice of principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards. If your district has been granted a variance by NYSED through the variance process, select "district variance" from the menu.

The "Second Rubric" space is optional. A district may use multiple rubrics, as long as the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district.

*Marshall's Principal Evaluation Rubric*

#### 9.2) Points Within Other Measures

State the number of points that will be assigned to each of the following measures, making sure that the points total 60. If you are not assigning any points to the "ambitious and measurable goals" measure, enter 0.

Some districts may prefer to assign points differently for different groups of principals. This APPR form only provides one space for assigning points within other measures for principals. If your district/BOCES prefers to assign points differently for different groups of principals, enter the points assignment for one group of principals below. For the other group(s) of principals, fill out copies of this form and upload as an attachment for review.

Is the following points assignment for all principals?

*Yes*

If you checked "no" above, fill in the group of principals covered:

Broad assessment of principal leadership and management actions based on the practice rubric by the supervisor, a trained administrator or a trained independent evaluator. This must incorporate multiple school visits by supervisor, trained administrator, or trained independent evaluator, at least one of which must be from a supervisor, and at least one of which must be unannounced. [At least 31 points]	60
Any remaining points shall be assigned based on results of one or more ambitious and measurable goals set collaboratively with principals and their superintendents or district superintendents.	0

### 9.3) Assurances -- Goals

Please check the boxes below (if applicable):

9.3) Assurances -- Goals   Assure that if any points are assigned to goals, at least one goal will address the principal's contribution to improving teacher effectiveness based on one or more of the following: improved retention of high performing teachers; correlation of student growth scores to teachers granted vs. denied tenure; or improvements in proficiency rating of the principal on specific teacher effectiveness standards in the principal practice rubric.	Checked
9.3) Assurances -- Goals   Assure that any other goals, if applicable, shall address quantifiable and verifiable improvements in academic results or the school's learning environment (e.g. student or teacher attendance).	(No response)

### 9.4) Sources of Evidence (if applicable)

If you indicated above that one or more points will be assigned to the "ambitious and measurable goals" measure, identify at least two of the following sources of evidence that will be utilized as part of assessing every principal's goal(s):

9.4) Sources of Evidence (if applicable)   Structured feedback from teachers using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable)   Structured feedback from students using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable)   Structured feedback from families using a State-approved tool	(No response)
9.4) Sources of Evidence (if applicable)   School visits by other trained evaluators	(No response)
9.4) Sources of Evidence (if applicable)   Review of school documents, records, and/or State accountability processes (all count as one source)	(No response)

### 9.5) Survey Tool(s) (if applicable)

If you indicated above that 1 or more points will be assigned to feedback using a State-approved survey tool, please check the box below:

## 9.6) Assurances

Please check all of the boxes below:

9.6) Assurances   Assure that all ISLLC 2008 Leadership Standards are assessed at least one time per year.	Checked
9.6) Assurances   Assure that the process for assigning points for the "other measures" subcomponent will use the narrative HEDI descriptions described in the regulations to effectively differentiate principals' performance in ways that improve student learning and instruction	Checked
9.6) Assurances   Assure that it is possible for a principal to earn each point, including 0, for the "other measures" subcomponent.	Checked
9.6) Assurances   Assure that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the district or BOCES.	Checked

## 9.7) Process for Assigning Points and Determining HEDI Ratings

Describe the process for assigning points and determining HEDI ratings using the principal practice rubric and/or any additional instruments used in the district. Include, if applicable, the process for combining results of multiple "other measures" into a single result for this subcomponent.

*The principal will be evaluated on a 0-60 score. There are 6 domains on the Kim Marshall rubric and each domain has 10 indicators. Each indicator can have a 1-4 rating. Each domain will be added up and divided by 4 to get a rating for each domain. All domains will be added up to obtain a score out of a possible 60 points.*

If you are using tables or other graphics to explain your process for assigning points and determining HEDI ratings, please clearly label them, combine them into a single file, and upload that file here.

*(No response)*

Describe the level of performance required for each of the HEDI rating categories, consistent with the narrative descriptions in the regulations for the "other measures" subcomponent. Also describe how the points available within each HEDI category will be assigned.

Highly Effective: Overall performance and results exceed standards.	The principal will be considered highly effective if she scores 55-60 points using the combined points from the Marshall rubric.
Effective: Overall performance and results meet standards.	The principal will be considered effective if she scores 50-54 points using the combined points from the Marshall rubric.
Developing: Overall performance and results need improvement in order to meet standards.	The principal will be considered developing if she scores 45-49 points using the the combined points from the Marshall rubric.
Ineffective: Overall performance and results do not meet standards.	The principal will be considered ineffective if she scores 0-44 points using the combined points from the Marshall rubric.

Please provide the locally-negotiated 60 point scoring bands.

Highly Effective	55-60
Effective	50-54
Developing	45-49

## 9.8) School Visits

Enter the minimum number of school visits that will be done by each of the following evaluators, making sure that the number of visits "by supervisor" is at least 1 and the total number of visits is at least 2, for both probationary and tenured principals. If your APPR plan does not include visits by a trained administrator or independent evaluator, enter 0 in those boxes.

Results meet state average for similar students (or District goals if no state test).

Results meet District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results meet ISLLC leadership standards.

##### **Developing**

Results are below state average for similar students (or District goals if no state test).

Results are below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results need improvement in order to meet ISLLC leadership standards.

##### **Ineffective**

Results are well below state average for similar students (or District goals if no state test).

Results are well below District- or BOCES-adopted expectations for growth or achievement for grade/subject.

Overall performance and results do not meet ISLLC leadership standards.

For the 2013-2014 school year and beyond, the Commissioner shall review the specific scoring ranges for each of the rating categories annually before the start of each school year and shall recommend any changes to the Board of Regents for consideration.

### 11.3) Appeals Process

Pursuant to Education Law section 3012-c, a principal may only challenge the following in an appeal:

- (1) the substance of the annual professional performance review
- (2) the school district's or BOCES' adherence to the standards and methodologies required for such reviews, pursuant to Education Law section 3012-c
- (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as well as the school district's or BOCES' issuance and/or implementation of the terms of the teacher or principal improvement plan, as required under Education Law section 3012-c

Describe the procedure for ensuring that appeals of annual performance evaluations will be handled in a timely and expeditious way:

*1. Appeals of principal evaluations must be made formally in writing within 10 business days of receipt of the completed evaluation. A principal may only appeal a rating of developing or ineffective on his/her overall rating. The appeal must include a detailed written description of the specific areas of disagreement over his/her performance review, or the issuance and/or implementation of the terms of his/her improvement plan and any additional documents or materials relevant to the appeal. The burden of proof in an appeal remains with the principal. The performance review and or improvement plan being challenged must also be submitted with the appeal. Any information not submitted at the time the appeal is filed shall not be considered.*

2. Appeals may be made for the following reasons:

- a. Failure of the school district to adhere to the standards and methodologies required for such reviews, pursuant to education law 3012-c.
  - b. Failure of the school to adhere to the Commissioner's regulations, as applicable to such reviews.
  - c. Failure of the school district to comply with any applicable locally negotiated procedures applicable to annual professional performance reviews or improvement plans.
  - d. Failure of the school district's issuance and or implementation of the terms of the principal improvement plan under education law 3012-c.
  - e. the substance of the annual professional performance review.
3. A superintendent from another ONC BOCES component district which is mutually agreed upon by the principal and superintendent will be selected to hear the appeal and render a decision.
4. After reviewing the original evaluation/principal improvement plan and principal appeal, the superintendent selected to hear the appeal shall convene an informal hearing within 10 business days of receipt of the written appeal to allow all parties to be heard on the matter.
5. A final written decision on the merits of the appeal shall be rendered by the superintendent no later than 30 business days from the date upon which the principal filed his/her appeal.
6. the superintendent's decision shall set forth the reason and factual basis for each determination on each of the specific issues raised in the principal's appeal.
7. If the appeal is sustained, the reviewer may set aside a rating if it has been affected by substantial error or defect or order a new evaluation if the procedures have been violated.
8. A copy of the decision shall be provided to the principal and the evaluator.
9. All principal evaluation appealed decisions shall be final. This shall not be considered a waiver of any other rights under any statutory or regulatory provisions.

#### 11.4) Training and Certification of Lead Evaluators and Evaluators

Describe the process by which evaluators will be trained and the process for how the district will certify and re-certify lead evaluators. Describe the process for ensuring inter-rater reliability. Describe the duration and nature of such training.

*The District will ensure that the Superintendent is properly trained and certified to complete an individual performance review. Evaluator training will be conducted by properly credentialed personnel and is an ongoing process. Re-certification will take place on an annual basis. Inter-rater reliability will be part of the re-certification training conducted by Kim Marshall. Evaluator training will replicate the recommended SED model, certification process per education law 3012-C regulations. The training will include all requirements. Both the evaluator who is also the lead evaluator and the Principal will be attending Kim Marshall training annually and prior to being certified and prior to any observations. The Gilboa Conesville CS Board of education will certify that the evaluator/ lead evaluator and Principal has attended appropriate training.*

**DISTRICT CERTIFICATION FORM: Please download this form, sign and upload to APPR form**

By signing this document, the school district or BOCES certifies that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that all provisions of the APPR that are subject to collective negotiations have been resolved pursuant to the provisions of Article 14 of the Civil Service Law and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES. By signing this document, the collective bargaining agent(s) of the school district or BOCES, where applicable, certify that this document constitutes the district's or BOCES' complete Annual Professional Performance Review (APPR) Plan, that collective negotiations have been completed on all provisions of the APPR that are subject to collective bargaining, and that such APPR Plan complies with the requirements of Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents and has been adopted by the governing body of the school district or BOCES.

The school district or BOCES and its collective bargaining agent(s), where applicable, also certify that upon information and belief, all statements made herein are true and accurate and that any applicable collective bargaining agreements for teachers and principals are consistent with and/or have been amended and/or modified or otherwise resolved to the extent required by Article 14 of the Civil Service Law, as necessary to require that all classroom teachers and building principals will be evaluated using a comprehensive annual evaluation system that rigorously adheres to Education Law §3012-c and Subpart 30-2 of the Rules of the Board of Regents.

**The school district or BOCES and its collective bargaining agent(s), where applicable, also make the following specific certifications with respect to their APPR Plan:**

- Assure that the evaluation system will be used as a significant factor for employment decisions and teacher and principal development
- Assure that the entire APPR plan will be completed for each teacher or principal as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the classroom teacher or building principal's performance is being measured
- Assure that the district or BOCES will provide the teacher's or principal's score and rating on the locally selected measures subcomponent, if available, and on the other measures of teacher and principal effectiveness subcomponent for a teacher's or principal's annual professional performance review, in writing, no later than the last school day of the school year for which the teacher or principal is being measured
- Assure that the APPR plan will be posted on the district's or BOCES' website by September 10 or within 10 days after it is approved by the Commissioner, whichever is later
- Assure that accurate teacher and student data will be provided to the Commissioner in a format and timeline prescribed by the Commissioner
- Assure that the district or BOCES will report the individual subcomponent scores and the total composite effectiveness score for each classroom teacher and building principal in a manner prescribed by the Commissioner
- Certify that the district provides an opportunity for every classroom teacher and building principal to verify the subjects and/or student rosters assigned to them
- Assure that teachers and principals will receive timely and constructive feedback as part of the evaluation process
- Assure that any training course for lead evaluator certification addresses each of the requirements in the regulations, including specific considerations in evaluating teachers and principals of English Language Learners and students with disabilities
- Assure that educators who receive a Developing or Ineffective rating will receive a TIP or PIP plan, in accordance with the regulations, as soon as practicable but in no case later than 10 school days from the opening of classes in the school year following the performance year
- Assure that all evaluators and lead evaluators will be properly trained and that lead evaluators will be certified and recertified as necessary in accordance with the regulations
- Assure that the district or BOCES has appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal
- Assure that, for teachers, all NYS Teaching Standards are assessed at least once per year, and, for principals, all Leadership Standards are assessed at least once per year
- Assure that it is possible for a teacher or principal to obtain each point in the scoring ranges, including 0 for each subcomponent and that the APPR Plan describes the process for assigning points for each subcomponent
- Assure that locally-selected measures are rigorous and comparable across all classrooms (for teachers, the same locally-selected measure is used across a subject and/or grade level; for principals, the same locally-selected measure must be used for all principals in the same or similar program or grade configuration)

- Assure that, if more than one type of locally-selected measure is used for different groups of teachers within a grade/subject, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that, if more than one type of locally-selected measure is used for principals in the same or similar grade configuration or program, the measures are comparable based on the Standards of Educational and Psychological Testing
- Assure that the process for assigning points for all subcomponents and the composite scores will use the narrative HEDI descriptions described in the regulations to effectively differentiate educators' performance in ways that improve student learning and instruction
- Assure that district or BOCES will develop SLOs according to the rules and/or guidance established by SED and that past academic performance and / or baseline academic data of students is taken into account when developing an SLO
- Assure that Student Growth/Value Added Measure will be used where applicable
- Assure that any material changes to this APPR Plan will be submitted to the Commissioner for approval as soon as practicable and/or in a timeframe prescribed by the Commissioner
- Assure that this APPR Plan applies to all classroom teachers and building principals as defined in the regulation and SED guidance
- Assure that the district or BOCES will provide the Department with any information necessary to conduct annual monitoring pursuant to the regulations
- If this APPR Plan is being submitted subsequent to July 1, 2012, assure that this was the result of unresolved collective bargaining negotiations
