

## PowerSchool tutorial for parents

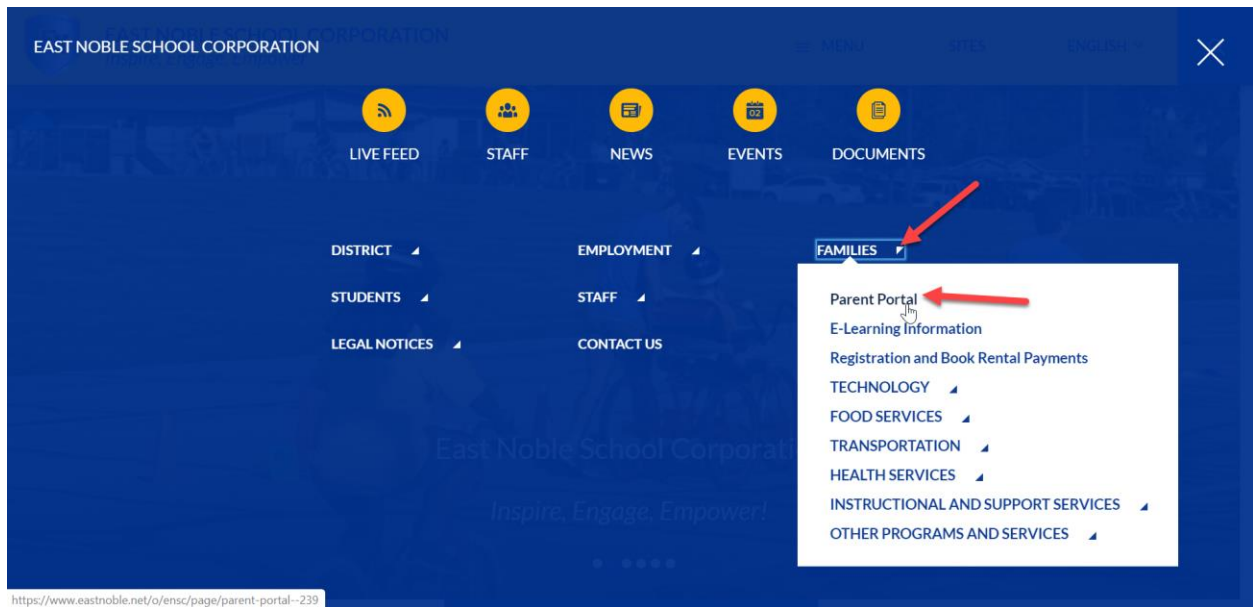

### Introduction

PowerSchool is the student information system used by the East Noble School District. It is a web-based application that allows parents to log into a secure account from home, school or work; access real-time assignments, grades and attendance; request reports; email teachers; and more.

### Parent Access to PowerSchool

PowerSchool can be accessed through the school websites or via an app on your phone. To access them through the web you will need to go to an East Noble website. [www.eastnoble.net](http://www.eastnoble.net) from any East Noble school site select the "Menu" and then "Families" and "Parent Portal" from the drop-down menu.

## PARENT PORTAL

https://powerschool.eastnoble.net/public/

### Create a Parent Single Sign-on Account

To make access to your children's information easier, PowerSchool now offers a single sign-on option that allows parents to create one account from which to access information for each child in the family.

Parents of new students will receive a separate Access ID and Access Password for each child from the school(s). If you have forgotten the Access ID or Password for your child, please contact the school office.

Once you have your child's Access ID and Password you are ready to set up a PowerSchool account. Whether you are familiar with PowerSchool or new, follow instructions below to create a single sign-on account.

**1. Click Create an Account.**

**2. Enter information to create your account. (See sample info entered below.)**

**3. For each child enter Name, Access ID, Password and select a relationship.**

Student Name	Access ID	Access Password	Relationship
1. Meredith	Smith123	••••	Mother, natural/adoptive
2. John	Smith480	••••	Mother, natural/adoptive
3.			- Choose
4.			- Choose

## The PowerSchool Environment

PowerSchool opens to the **Grades and Attendance** page. It is a quick lookup page which shows classes, teachers, grades and attendance which pull from the teacher gradebooks for the current term. Once grades start to appear under the terms, you may double-click the grade to see class assignments.

If you click on a grade in the column you will then be able to see all the assignments and grades for individually grades.

Other pages may be accessed by clicking on the icons in the menu bar at the top of the screen.

**Grades History** shows final term grades that have been stored into student course history.

**Attendance History** gives a breakdown of dates absent and absence reasons.

**Email Notification** allows you to choose what reports you would like emailed to you and how often. This feature is optional, and reports can be quite voluminous. Most of this information can be obtained from the web pages.

**Teacher Comments** allows you to view comments teachers have made relative to the class. You may also find comments in the Grades and Attendance area relative to the term.

**School Bulletin** allows access to the school bulletin if one is published. Some buildings publish a weekly bulletin to the Somerset Hills School District website instead.

**Class Registration** is for course requests for the coming year. Although at times students are able to make selections on this page, it is current district policy that this is done while in the office of their guidance counselor.

**Account Preferences** is on parent accounts only. It allows parents to update account information and add additional students (if Access ID and Password are obtained from the school).

This will show any notes a teacher has added to the course and scores for individual assignments. If a teacher has added a description or more information about an assignment, it will appear as a blue link.

Class Score Detail

Selected Text  
Sociology- Understanding Society, Prentice Hall, 1990.

Assessment  
Grading is based on a combination of the following:  
40% Daily work  
40% Chapter Tests  
20% Individual and Group Projects

Extra Credit  
Students are given the opportunity to receive extra credit by successfully completing a Chapter Test Review Guide that is distributed on the day before each test. The Review Guide is completed and turned in prior to administering the assessment. The extra credit is then added in to the Chapter Test score.

■ - Collected, ▲ - Late, ■ - Missing, ◆ - Score is exempt from final grade, ■ - Assignment is not included in final grade

1 - This final grade may include assignments that are not yet published by the teacher. It may also be a result of special weighting used by the teacher.

If you click on the assignment link, you will be able to view a description of the assignment.

Assignment Description: Brandt, Alan F

Grades and Attendance | Standards Grades | Analytics

Teacher: Raymond, Jay P  
Course: Sociology  
Assignment name: The Storm That Swept Mexico - Revolution!

Description  
In the history of Mexico, few men have had the conscience and vision of Felipe Angeles, one of the greatest heroes of the revolution of 1910. In this companion video to the public television documentary "The Storm That Swept Mexico," Angeles's role in this turbulent chapter from Mexico's past is depicted.

The Mexican Revolution, the first major political and social revolution of the 20th century, not only changed the course of Mexican history, but also profoundly impacted its relationships with the rest of the world. The Storm That Swept Mexico looks at the complex historical, social, political, economic, and cultural forces that shaped the Revolution, influenced its course, and determined its consequences and legacy.

View the following movie as a supplement to the textbook and complete the Quiz.

Under the "Codes" section, the teacher may mark an assignment with the following indicators: Collected, Late, Missing, Score is Exempt from Final Grade, or Assignment is not included in final grade.
