

Class of 2021 Senior Portraits

**Attention Class of 2021, it is your time to shine!
Use this information to make plans now to look your best in your
Senior portraits.**

Senior pictures (formal and cap & gown) for face-to-face scholars will be taken at school on August 25th and August 26th.

You will be informed of your appointed day for your photo session in English class on the first day of school.

Virtual scholars will have their senior photos taken on September 28th and will receive the details for their appointment time and procedures in an email after school starts.

All female scholars will need to bring their own tube top to wear under their drape for the formal poses.

All scholars should avoid hair updos as they will not work with the graduation cap.

Social distancing guidelines will be followed at all times during this process. Drapes, caps, gowns and equipment will be cleaned between each scholar to keep everyone as safe as possible.

It is imperative you come to school prepared to have your photos taken on your appointed day/time.

We cannot guarantee any make up day at a later date.
