

Nothing is more important than the **SAFETY AND HEALTH** of our students, staff and community.

Dear Cardinal Family - The following guidelines have been developed and implemented out of care and concern for your child and for the school environment. We appreciate your cooperation.

To view our comprehensive back-to-school plan, visit: www.cleora.net

FACE COVERINGS

Face coverings are recommended and welcome to be worn. Some situations or scenarios may REQUIRE face coverings to be worn for short periods. Students and staff must have one available at all times.

SOCIAL DISTANCING

We are confident that proper social distancing can be achieved in most areas. Please remind your child the importance of social distancing from other students.

VISITORS POLICY

Visitors or volunteers will not be allowed in the classrooms or hallways. We ask parents to enter the main entrance and push the bell to notify the secretary.

SCHEDULE CONSIDERATIONS

Students will have their daily breaks, passing periods, and recess altered to help with social distancing.

HEALTH SCREENINGS

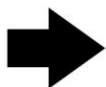

Parents are expected to screen their child(ren) each day before sending them to school. Feel free to use the screening form on our website.

ATTENDANCE

Please keep your child home if they fail to meet screening measures. Please have a plan in place to immediately pick up your child should they become ill or show signs/symptoms.

OUTSIDE ACTIVITY

Your child will continue to receive PE, recess, and other outside learning opportunities to promote frequent fresh air.

DISRUPTION

Unfortunately, we do anticipate some disruption and closure. Our promise is to be open as much as we possibly can. We know our families and students need us here.
