Have a great year, and remember that what you contribute to your own education will help to determine the level of success you have.

The CHS Administration

This handbook has been set forth to reflect board policy and district operating procedures at the time it was adopted and approved by the Board of Education. It should be noted, however, that policy and procedures change from time to time to reflect the changing needs of USD #268. Therefore, the accuracy of this handbook may suffer due to the length of time from its initial adoption. Every attempt will be made to keep patrons, students and staff aware of these changes. In all cases, board adopted policy changes and revised operating procedures take precedence. If in doubt, please ask.

Reviewed and updated June 8, 2021

ATTENDANCE

Attendance Policy

The attendance policy of U.S.D. #268 reflects the shared responsibility between parents and the school district in requiring and maintaining regular attendance. The policy further stresses the importance of consistent attendance with regard to successful academic performance.

The compulsory attendance law (K.S.A.72-3121) makes it mandatory that any child who has reached the age of seven years and is under the age of **eighteen** years, unless exempted by law, be enrolled in and attending school. Students who are absent because of suspension or expulsion from school, are exempted from these compulsory attendance provisions. The building principal will report students who are truant from school to the appropriate authorities. Those authorities may be DCF and/or the District Attorney's office. This determination will be made solely by the building principal. Students are considered truant when any one of the following occur: three (3) consecutive unexcused absences, five (5) unexcused absences in one semester, or seven (7) unexcused absences in a school year. For the purposes of this policy, an unexcused absence is counted toward truancy when a student is inexcusably absent for all or a significant part of a school day.

A. Notification

Parents/Guardians should notify the office by calling 542-3113 prior to or on the day of the absence. Parents are encouraged to call before 8:30 a.m. A student absence will be labeled as unexcused until parents have contacted the school. A voicemail service at extension 1351 is available during non-school hours. A note may be sent with the student on the day of the student's return.

B. Documentation of Absences

Documentation of all absences with the building administration is required. This documentation will help prevent truancy referrals to either DCF or the Sedgwick County District Attorney's Office. This determination is made solely by the principal.

C. Limited Absences / Unlimited Absences / Unexcused Absences

1. **Limited Absences** are excused absences supported by a telephone call, note or letter from a parent/guardian that would not otherwise be deemed unlimited or excused absences. If a student has exceeded **4 Limited Absences and/or Unexcused**

Absences in a class period, the student will lose credit in that class. The student must continue to attend the class and do all work assigned in the class.

The student can regain their credit status in the class through their attendance outside of the regular school day, including Saturday School, Friday school, or other assignments. This process will allow them to make up the time they have missed over the maximum 4 absences. The official record of absences will be recorded in PowerSchool.

2. **Unlimited Absences** are absences that do not count toward the Limited Absences;
 - Personal illness and professional appointments: Excessive absences from a class are sometimes associated with chronic or recurring illness such as migraine headaches, asthma, etc. In order to anticipate questions from the attendance administrator for CHS, it is advised to have these circumstances documented annually with a doctor's signature and on file with the attendance administrator. Documentation of appointments should be turned in to the office within 48 hours of the absence to be considered valid. Contact the assistant principal regarding documentation questions.
 - Absences that are documented due to appearance in court or involvement with another governmental agency.
 - Participation in a district-approved or school-sponsored activity.
 - Absences due to a serious family emergency. Examples would include such events as attendance at a funeral of a family member or a serious family illness. The illness would be such as that of a parent or could be related to the transportation of parents and siblings to a medical appointment that is documented.
 - Absences due to an out-of-school suspension assigned by administration of the high school.
 - Obligatory religious observances
 - Absences pre-arranged by parents and approved by the principal.
 - Seniors will be allowed a total of 4 days for college/career educational visits. In order for the absence to be documented as a college/career visit, the proper steps need to be followed. An online request form is to be filled out and the visit set up by the counselor.
 - Juniors will be allowed a total of 3 days for college/career visits. An online request form is to be filled out and the visit set up by the counselor.
3. **Unexcused absences** are absences not excused by administration as an unlimited or limited absence, such as those not supported by a phone call, note or letter from a parent, doctor or dentist, etc. Absences not reported within 48 hours will be considered unexcused and Saturday School hours will therefore be assigned. All unexcused class absences will result in one hour of Saturday School per each block/period missed.

D. Check In / Out Procedure

1. Once a student enters the school, or a student gets on a school bus, the student is the school's responsibility. A student who leaves school grounds without the school's permission violates the attendance rule. The student must have permission from the principal and **prior notification** to the school by the parent.
2. When it is necessary to arrive or depart from school other than the beginning or the ending of the school day, the student must sign in/out through the office before going to class or leaving the building.
3. Students leaving the building without checking in or out will be assessed an unexcused absence for the hours missed, and any additional disciplinary action for leaving without permission.
4. Students are required to check into the office after any absence before returning to classes.

E. Make-Up Work

- a. If the student is absent for any reason, the class work missed must be made up. The makeup work can be completion of the assignments missed, additional assignments to replace missed classroom experiences, makeup time scheduled with the teacher or any combination of these options. The classroom policy of **One-Plus-One** is used.
Example:
Absent Monday-Tuesday, assignments are due on Friday of the same week (the 3rd day). If the student were to be gone again on the final due date (in this case Friday), the prior assignments are due the day they return (in this case Monday).
- b. If a student knows in advance that he/she will be absent, the student should notify the principal and the teachers in advance and pick up assignments before the absence.
- c. Any absence due to an authorized school activity or Doctor or Dentist appointment requires assignments due prior to the absence. However, a teacher may allow assignments to be handed in later if prearranged. Check with your teacher before the absence, not after. Assignments and make-up work may be denied and loss of credit may result.
- d. Make-up work is strictly the responsibility of the student. It should also be understood that students who are absent are responsible for make-up work.
- e. Make-up work missed due to school activities is due at the discretion of the teacher.
- f. Teachers have the authority to grade students for classroom participation; therefore, students may receive a failing grade (F) in classes where they have repeated unexcused absences.

G. Tardiness

Students will be counted tardy if they are not in class according to classroom procedures when the final bell rings. If a student is detained by a teacher or the office, it is the student's responsibility to obtain a pass to class. Students that are 15 minutes or more late to class will be considered absent.

- The first tardy will be considered a warning.
- 2nd – 6th tardy: 30 minute detention after school
- 7th – 10th tardy: 1 hour of Saturday School for each tardy
- 11th + tardies: In School Suspension for each tardy

Student Withdrawal from School

When it is necessary for a student to withdraw from school, he/she should inform the office of his/her intention. The student will be given a withdrawal form that must be signed by all of the student's teachers, the librarian, and counselor. All fees must be paid, all school-owned items returned, and all work completed. A scheduled meeting with the student, parent and principal will complete the withdrawal process.

Truancy

Truancy is defined as any three consecutive unexcused absences, any five unexcused absences in a semester or seven unexcused absences in a school year, whichever comes first. The building principal or designee shall report students who are inexcusably absent from school to the appropriate authority.

STUDENT GUIDELINES/BEHAVIOR

Accidents and Illness at School

A student who becomes ill or injured at school should ask to see the nurse. Parents will be contacted if it is necessary, he/she may not leave without checking out through the office. Students not ill enough to leave school will remain in their classrooms. Those students waiting for parents or rides may wait in the office area. No student will be allowed to leave without parental permission.

Appearance

Students are expected to be dressed appropriately when attending school. The staff, student council, and Board of Education have provided input on dress code provisions. The Board of Education expects everyone to support and enforce this policy. Students, parents and school staff are responsible for appearance that promotes safe, modest, non-disruptive student behavior.

1. Hats, hoods, caps, etc. must be removed prior to entering the building, during school hours, and until exiting the school building. "Ball caps" only are allowable in the building for other extra-curricular events such as ball games, group meetings, etc., with the exception of auditorium functions (concerts, plays, performances, etc.) Similar functions held outside of the auditorium (sports specials, etc.) will carry the same expectations. **Hats are NOT ALLOWED on activity/athletic trips** unless the situation is deemed acceptable by the coach or sponsor, with administrative approval.
2. Clothing that is inconsistent with the goals and purposes of CHS and is prohibited includes items that:
 - a. Advocate or encourage violence.
 - b. Promote the use of or make references to alcohol, drugs, tobacco products, or which use sexual innuendos.
 - c. Contain abusive, rude/profane/obscene or indecent language, pictures, or symbols.

Sleeveless garments for girls must extend to the end of the shoulders and fit closely under the arms. Sleeveless garments for boys are not allowed nor is sagging (undergarments showing) allowed by any student.
 - f. Jeans or pants with holes/rips that expose skin above knuckle length.
 - g. Pajama pants and slippers.
3. Students may be asked by a staff member to change their clothing when dress or appearance interferes with safety, performance or course goals in a particular class.
4. Chains, oversized pants, straps, trench coats, long outer garments, sweat bands, studded collars and bracelets and other items that impact safety and learning at CHS are not permitted. Light jackets are allowed, although some class activities may require students to remove jackets for safety reasons.
5. The presence of any apparel, jewelry, accessory, or manner of grooming which, by virtue of its color, arrangement, trademark, symbol, or any other attribute that implies membership or affiliation with gangs is prohibited.

Final Note: Students shall adhere to the above standards at all activities of the school in which they participate or are expected to attend. There may be items of apparel that are not specifically covered in the dress code, but may, in the opinion of the administration, be improper attire. When you are representing the school on school-sponsored activities, you are asked to adhere to the policy as a minimum and dress as neatly as possible.

Backpacks

Backpacks may be brought to school but must be stored in student lockers and not be taken into classrooms or the library. Only thin protective bags designed for a laptop are allowed to be carried throughout the building. Laptop bags are not intended to be backpacks and vice versa.

Cafeteria Procedures

Cheney High School maintains a CLOSED lunch period.

1. The cafeteria will serve breakfast and lunch to students and teachers every day of school.
2. Lunch and breakfast are served to students at a minimal cost and according to state guidelines. Some students may qualify for free or reduced meals. Applications for free and reduced meals are available in the main office and are required to be completed and reviewed annually. **Meals at school are free for all students, per the USDA, for the 2021-22 school year.**
3. Separately-priced food items are available to purchase in addition to the regular lunch.

Care of Building, Equipment, Textbooks, and Electronic Devices

Your parents and other taxpayers of USD #268 use every means available to provide you with the best building and equipment possible. It is your responsibility to take care of your school and school property which includes your electronic device.

Textbooks and laptops are the property of the school district. They belong to students only on a temporary basis. Textbooks should never be marked in with either pencil or pen. Laptops (and related accessories) are expected to be turned in fully functional and without damage. Failure to comply with this policy will result in fines that will need to be paid prior to checkout.

It is a violation of school policy to mark, carve or otherwise mutilate any school property. Students and parents may be held liable for destruction of district-owned property. Fines will be assessed accordingly for lost or damaged items.

Classroom Behavior

Teachers have a preference on how they wish to conduct any given class. It is the responsibility of each and every student to become familiar with the requests of each teacher and act accordingly.

Students are expected to be prepared for each class prior to the start of class. Students who attend class to learn shall not have their rights of educational opportunity denied by those who do not wish to receive the benefits of an education. In order to accomplish this, the students and the teacher will work together to maximize the use of each class period.

Those students who cannot, or will not exhibit proper behavior, shall be removed from the class and not be allowed to interfere with the educational opportunity of the remainder of the class. When a student has been removed from a class, the school administration will determine what action is to be taken.

Discipline Philosophy

There are multiple interventions that are used to address student discipline.

1) Administrative conferences:

The building administrator meets with the student to develop positive behaviors. The conference may include parents, guardians, and/or faculty, as well as the student.

2) Detention:

One of the first steps for punishment of a minor infraction will be detention before and/or after school. Failure to comply will be considered an act of insubordination and will result in harsher forms of discipline. Detentions refer to an attempt by a teacher to aid the student in completion of work, or a first step procedure to resolve a disciplinary issue. Failure to comply with the teacher's request will be considered an act of insubordination. The procedure is as follows:

A. 1st no show:

- I. Principal will record the infraction in the student's file.
- II. Student receives one disciplinary point.
- III. Student receives one hour of Saturday School assigned by the administration.

B. Saturday School / Friday School no show:

- I. Principal will record the infraction in the student's file.
- II. Students receives 1 disciplinary point.
- III. Student will be responsible for serving double the time originally assigned.

C. 2nd Saturday School no show:

- I. ISS (or consequence will be at the discretion of the administration)
- II. 2 disciplinary points
- III. Re-Admittance pending a Parent-Student-Administrative conference.

4) Saturday School:

Saturday School has been established to deal with disciplinary issues without infringing on classroom time, and attendance issues.

- a. Saturday School will be held each Saturday from 8:00 a.m. until 12:00 noon.

Plagiarism:

The act of plagiarism violates our expectation that students exhibit ethical behavior as expressed in their academic work. According to Webster's New International Dictionary of The English Language, to plagiarize is:

“To steal or purloin and pass off as one's own ideas, words, artistic productions of another; to use without due credit the ideas, expressions or productions of another.”

- If a student has any concerns or questions about how to cite material for a particular assignment, the student has a responsibility to consult his/her teacher.
- Plagiarism is cheating. It is academically dishonest as well as an ethical offense. It violates the school's mission and expectations for students.

- The best way for young people to learn is to struggle with ideas within their own brain, developing their own unique genius with practice, practice and more practice! Plagiarism bypasses this essential practice mode, thus acting as an Academic Burglar.

theft of personal property of student, staff, or school property

In the event a student agrees to enter into and complete a drug education or rehabilitation program, the cost of such program will be borne by the student and his or her parents. Drug and alcohol counseling and rehabilitation programs are available for students of the district. This includes, but is not limited to cell phones, headsets, game systems, iPods, MP3 players, and other communication devices that have a potential to be disruptive to the educational process or used inappropriately. Items intended to look like or simulate such devices are also prohibited. Devices used during the school day without permission from school staff are in violation of this policy and will be confiscated.

Fire and Tornado Drills

These drills will be conducted in accordance with state law.

Inclement Weather

When weather conditions exist that would make it hazardous for students to get to school safely, students and parents should listen to the area radio and television stations for school closing: (TV: KSN, KAKE, KWCH; Radio: FM 95.1, 97.9, 98.3, 101.3)

Notifications will also be sent through Apptegy.

Interrogations & Investigations

The administration and others designated may conduct investigations and question students about infractions of school rules or the school conduct code. Notification and involvement of law enforcement officials may be requested if the situation warrants their involvement.

Library Use

The CHS Library Media Center (LMC) serves students and staff by providing equipment and materials in a variety of formats for reference and research, by supporting the curriculum including Accelerated Reader, and by promoting recreational reading. Students checking out books may do so for three weeks at a time – renewable once. A maximum of three books may be checked out at any given time. A 5-cent fine per school day per book will be charged for books that are late. Students may not check out books if their fine exceeds \$1.00. Any damage to a book may result in a repair or replacement fine. Unless accompanied by a teacher, all students are to have a pass to use the library.

Lockers

Each student is assigned a locker for the storage of books and supplies. It is the student's

responsibility to see that their locker is kept locked and in order at all times. Do not share a locker, tamper with another locker, or give your combination to another person.

Locks for PE lockers are given to students for a reason – use them! Items left out and unattended are at risk of being stolen. Thefts in unlocked lockers will not be investigated. All lockers are the property of the Cheney Public Schools and are subject to inspection by authorized school personnel.

Medication in the School

Students are not allowed to have medicine or supplements in their possession in the school.

Any medication, prescription or non-prescription (over the counter), brought to school must be in its original container. Prescription medication containers must also have a prescription label with the child's name, medication name, dosage, route of administration, and frequency. Prescription medication must also be accompanied by a doctor's note detailing administration instructions and parent signature. ***Note:** Students at CMS/CHS are allowed to carry their own inhalers if the appropriate form is on file in the office. This form requires a physician and parent signature and is part of the enrollment paperwork. The form can also be obtained from the school office.

The medication must be in its original container. ***Note:** The school office does provide Tylenol and Ibuprofen to students upon request if the appropriate paperwork is on file in the office. This form is part of the enrollment paperwork and can be obtained from the school office. Students are strictly prohibited from sharing/receiving drugs (prescription or over-the-counter) with other students. This is why all medicine is to be distributed through the office. Any violation of this policy will be referred to the administration for disciplinary action.

Outside Food and Drink

The snack and beverage machines in the commons area are available for student use throughout the day. Clear water bottles only are allowed in the halls and classrooms. Pop and food items are allowed in the classrooms only under special circumstances and with the approval of the classroom teacher. Profits from vending machines are used to finance CHS Student Council activities.

Energy Drinks/Sports Drinks

There is a noted difference between energy drinks and sports drinks. **Energy drinks** are considered a supplement and are not regulated by the Federal Drug Administration (FDA). Most contain high levels of sugar and caffeine. Excessive caffeine can cause negative effects such as rapid heart rate, shaking, restlessness, gastrointestinal upset, headache, and possible fainting. It can increase chances for dehydration and reduce performance. **Sports drinks** are used primarily before, during, and after athletic practices or competitions to provide fluids and certain nutrients lost in sweating and exercise. The caffeine content in sports drinks is regulated by the FDA due to their classification as a "food". Sports drinks are allowed, however, energy drinks are not to be brought to school or to school activities.

Parking Lot

Students are not to be in the parking lot without authorization from an administrator during school hours.

- Students going to/from the tech build are to refrain from cutting through the designated parking spaces.

PE classes and students out for athletics will be given a padlock. The student will be responsible for the lock and locking their lockers. The school will not assume responsibility for the loss of personal items; however, a lost and found box will be maintained in the office.

Physically Disabled Students

Physically disabled students, including those temporarily disabled by illness, operation or accident authenticated by a physician's order, may be eligible for alternative educational services or accommodations in their regular program which allows for meaningful participation in the program.

Persons with disruptive intent who create a threat to the safety of pupils, school personnel, or school property, or who would attempt to interfere with the educational process by participating in disturbances and disorders will be handled by Board policy.

Search & Seizure

In regards to school safety concerning weapons, drugs or any illegal contraband or activity, the district administration has the legal right to search a student, his/her locker, and/or vehicle parked on school grounds if reasonable suspicion is warranted. The additional use of trained canines will be used if deemed necessary. Refusal to comply with requests of searches will result in disciplinary action relevant to the specific request for the search.

Student Code of Conduct

Development of good discipline is one of the most important goals in education. Discipline is the development of self-control, character, and proper consideration for other people. In the event that a student is absent from regular classes for more than three consecutive days or the principal has been notified that a student has a communicable disease, the principal shall determine whether a release shall be obtained from the student's physician before the student re-enters school.

Decisions regarding the type of education and care setting for a student with a severe communicable disease shall be based on the behavior, neurological development, and physical condition of the student and the expected type of interaction with others in that setting. These decisions are best made using the team approach including the student's physician, public health personnel, the student's parent or guardian, and personnel associated with the proposed care or educational setting.

In each case involving a student with a severe communicable disease, the board shall reserve the right to make a final decision regarding the placement of the student after taking into account the recommendations of the health assessment team, the risks and benefits to both the infected student and to the others in the proposed educational setting.

Emergency Safety Interventions

USD #268 is committed to limiting the use of Emergency Safety Interventions, such as seclusion, and restraint, with all students. All employees are encouraged to utilize other behavioral management tools, including prevention techniques, de-escalation techniques, and positive behavioral intervention strategies.

"Emergency Safety Intervention" (see K.A.R. 91-42-1) is the use of seclusion or physical restraint when a student presents an immediate danger to self or others. Violent action that is destructive of property may necessitate the use of an emergency safety intervention.

"Seclusion" requires all three of the following conditions to be met:

- 1) the student is placed in an enclosed area by school personnel
- 2) the student is purposefully isolated from adults and peers; and
- 3) the student is prevented from leaving, or reasonably believes that the student will be

prevented from leaving the enclosed area.

“Chemical Restraint” refers to the use of medication to control a student’s violent physical behavior or restrict a student’s freedom of movement.

“Mechanical Restraint” refers to any device or object used to limit a student’s movement.

“Physical Restraint” refers to using bodily force substantially limiting a student’s movement.

“Physical Escort” is the temporary touching or holding the hand, wrist, arm, shoulder, or back of a student who is acting out for the purpose of inducing the student to walk to a safe location.

“Time-Out” refers to a behavioral intervention in which a student is temporarily removed from a learning activity without being confined.

Prohibited Types of Restraint

All staff members are prohibited from engaging in the following actions with all students:

Using face down (prone) physical restraint;

Using face-up (supine) physical restraint;

Using physical restraint that obstructs the student’s airway;

Using physical restraint that impacts a student’s primary mode of communication;

Using chemical restraint, except as prescribed by a licensed healthcare professional for treatment of a medical or psychiatric condition; and

Use of mechanical restraint, except

Protective or stabilizing devices required by law or used in accordance with an order from a licensed healthcare professional;

Any device used by law enforcement officers to carry out their duties

Seatbelts and other safety equipment used to secure students during transportation.

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on the use of emergency safety interventions. The intensity of the training provided will depend upon the employee’s position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than classified staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position. Each school building shall maintain documentation regarding the training that was provided and a list of participants.

The principal or designee shall provide written notification to the student’s parents any time that ESI is used with a student. Such notification must be provided within two (2) school days. In addition, each building shall maintain documentation any time ESI is used with a student. Such documentation should include the following:

-Date and Time of Intervention

-Type of Intervention

-Length of time the intervention was used

-School personnel who participated in or supervised the intervention.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent on at least a bi-annual basis. At least once per school year, each building principal shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances. District administration shall also report ESI data to the state department of education as required.

USD #268 encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before addressing it with the Board of Education. In the event an issue is resolved informally, the administrator will provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the BOE and

provide a copy to the state department of education. If the issues are not resolved, the parents may submit a formal written complaint to the BOE by providing a copy of the complaint to the clerk of the BOE and the Superintendent. Upon receipt of a formal written complaint, the Board President shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a BOE member, school administrator, or Board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings and recommended course of action to the BOE in executive session. Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt a report containing written findings of fact and, if necessary, appropriate corrective action. A copy of the report adopted by the Board shall be provided to the parents, the school, and the State Board of Education.

Foreign Exchange Students

USD #268 will allow foreign exchange students to enroll at a rate of (1) per 75 students based on the preceding year's official headcount.

Example: 75+ = 1 student, 150+ = 2 students, 225+ = 3 students

Foreign exchange students from organizations approved each year by the KSHSAA shall be admitted to the district on a tuition-free basis. Other foreign students who meet the residency requirements may be allowed to enroll in the district under the rules established by the board.

Immunization Requirements

Students' immunization records are monitored by the nurse for compliance with state requirements. Every student enrolled in a school in Kansas who has not already done so is required upon admission to school to present evidence of compliance with the Kansas School Immunization Law as amended. Immunizations required for school entry can be found at <http://www.kdheks.gov/immunize/schoolinfo.htm>. As an alternative to the inoculation certification a pupil shall present:

1. Certification from a licensed physician stating the physical condition of the child to be such that the tests, or
2. inoculations would seriously endanger the life of the child, or a written statement signed by one parent, or
3. guardian that the child is an adherent of a religious denomination whose teachings are opposed to such inoculations, or
4. a guardian that such inoculations are in process of being received and will be completed within 90 days after admission to school.

Non-compliance with the provisions of the K.S.A. 72-5209 as amended will result in the child being excluded from school until compliance of the law has occurred.

The building principal will notify the parent or guardian in writing of the date the child will be excluded from school. The notice shall:

- (1) Indicate the reason for exclusion from school attendance;
- (2) State the pupil shall continue to be excluded until the pupil has complied with the law; and
- (3) Inform the parent or guardian that a hearing shall be afforded them upon request. On the third consecutive day of absence due to exclusion, the student will be reported to the juvenile court as a truant.

Legal Custody

Parents are to provide the school principal with court orders and legal separation agreements pertaining to the custody of children. That responsibility includes providing a mailing address and contact information for joint custodial parents. This will aid the school in corresponding with parents in regards to progress reports, grades, newsletters, and other pertinent information.

Non-Resident Students

Non-resident students are those who do not meet the definition of a resident student. Non-resident students may only be allowed to attend with board approval. Any student who is currently suspended or expelled from another district will not be admitted.

Public Building Non-Use of Tobacco Products

In accordance with the state law, use of tobacco products is prohibited in any school building used for regular pupil attendance.

Intent: To comply with state law and to offer a smoke free environment to students, patrons and staff. Buildings noted by the Board of Education: CHS building including vocational-technology education building, and gymnasium/music complex.

Resident Student Defined

A child is eligible to attend Cheney USD #268 school (1) if the child lives in the district with a resident of the district and the resident is a parent or a person acting as a parent or (2) if the child lives in the district as a result of placement therein by a district court or by DCF. The term "parent" is defined as including stepparents and foster parents. The term "person acting as a parent" means legal guardian or a person, other than a parent who has legal custody of the child or is by law liable to maintain, care for, or support the child, or is contributing the major portion of the cost of support of the child.

School Day and Building Hours

Classes are in session from 8:10 a.m. to 3:20 p.m. Students are required to be in school during the entire day. Students should not report prior to 7:30 a.m. Upon reporting to school or arriving by bus the student cannot leave school grounds without permission. No student should be in the building after 4:00 p.m. unless supervised by a staff member. All entry doors to the building will be locked at 4:00 p.m.

School Health

A school nurse is employed by USD#268 and provides care for the elementary, middle and high school. They are headquartered in the elementary school and can be reached by radio or cell when not in the building. In addition to performing health nurse duties, the nurse will be available by appointment for consultation with parents, students, and teachers.

- **ACCIDENTS AND ILLNESS AT SCHOOL** It is our goal to have students remain in school as much as possible, but feel that a truly sick child will not benefit from the classroom experience, while possibly exposing many other students to the illness. **Students who have a fever of 100.4 or above or are otherwise ill will be sent home.** A student may not return to school prior to 11:45 the day following the illness or the day they were sent home. If a child is ill and has missed 3 or more days of school or per nurse's request, a physician note may be required to return to school. See each building attendance policy for requirements.

A student who becomes ill or injured at school should ask to see the nurse. Parents will be contacted if it is necessary. **No student will be allowed to leave without parental permission and must check out through the office.** Those students waiting for parents or rides may wait in the office area. Students not ill enough to leave school will remain in their

classrooms. All decisions about leaving school will be made in the office.

Students with the following health condition(s) shall be excluded from school:

- Oral temperature of 100.4 or higher
 - Vomiting and Diarrhea (exceptions made per nurse's judgment)
 - Rashes suspected of being infectious or contagious will be excluded until an evaluation is made by a physician. May return to school with a written release from a physician.
 - Head lice – excluded until treatment has been initiated and checked by nurse
 - Communicable diseases – until treated per Kansas Department of Health and Environment guidelines
- **INJURIES:** For minor injuries, first aid is administered by the nurse, teacher, principal, secretary, aid; or in some instances by the student themselves.
 - **RESTRICTIONS:** If a child comes to school with a disability that will prevent him/her from participating fully in the daily activities, including outdoor recess or P.E., a note should be brought from the parents and in some instances the physician.
 - **OFFICE VISITS:** If a student makes repeated visits to the nurse's office in one day, the parent will be notified of the student's complaint and nurse's assessment.

Student Health Records

All PreK-12th grade students enrolling in the district for the first time shall provide required proof of identity. Under K.S.A 72-53, 106 schools are required to accept

1. A certified copy of the student's birth certificate;
2. A court order placing the child in DCF custody;
3. A certified transcript or other student records transferred from another school (grades two-twelve); or
4. Other documentary evidence which the board deems to be satisfactory.

If the school has not received proof of identity within 30 days after the child enrolls, the school must report the lack of identification to a law enforcement agency.

School Health Screenings

The nurse will oversee hearing and vision screenings for the 9th and 11th graders as well as a vision assessment for those students enrolled in Driver's Education.

Student Insurance

The school district will not provide blanket insurance for all students. Third-party supplemental insurance is available for purchase.

Video Cameras

The district may, and will, use video cameras to monitor student activity. Video cameras may be used to monitor students in or around any district facility. Video footage shall be considered a student record for administrative use.

Visitors

Visitors are welcome in the building as long as the following procedure is followed:

1. All visitors must enter and check in at the main office.
2. Visitors (with the exception of parents and/or guardians) are not allowed to

visit a student during school hours. (Exceptions may be granted by the principal. Example: Military or Clergy)

3. Visitors may only visit a teacher on their planning time and must be approved in advance.

Lunch visitors are limited to immediate family (parents/siblings) and are allowed to eat lunch with their child(ren) during the assigned lunch period only. Other guests may be allowed to visit with administrative approval. The following procedures must also be followed:

1. All lunch visitors must check in at the main office.
2. Food may only be brought in for immediate family members.
3. Students must return to class on time.

NOTE: School administration reserves the right to deny visitors' requests whenever necessary.
