

Minco Public Schools is dedicated to continue to provide quality education to our students during the Covid-19 crisis. Our plan is to start August 20, 2020. We will strive to make our school a safe environment for our students, staff, and community.

Here are a few reminders:

- If your child is a bus rider, please check your child's temperature and complete the daily screening form regarding Covid-19.
- You may start dropping your children off at 7:40 for breakfast.
- At 7:50 students will enter the classroom.
- Class will begin at 8:05AM.
- Students will be provided school supplies by Minco Public Schools.
- Each student will be supplied a face covering by Minco Public Schools.
- Elementary students will need a backpack and P.E. shoes.
- Each middle school and high school student will need a backpack and trapper keeper.
- Each Student will need to provide a water bottle with their name on it.

Minco Public Schools is offering two types of instruction this school year: (1.) In class face to face instruction and (2.) Virtual/Distance learning for grades K-12. If you are looking at the virtual option, we will have a meeting on Monday, August 17, 2020 at 6:00PM in the high school auditorium.

This is certainly a challenging time in all of our lives, but we will work together to get the job done.

Thank you,

Kevin Sims
Superintendent
