AUGUST 2020 Community Update

**August 10<sup>th</sup>, 2020 –**

## **NEW CONSTRUCTION UPDATE –**

Progress is continuing!

You can see the south side of the NEW GYM and the metal exterior; plus, the various HVAC equipment to support the new KITCHEN, CAFETERIA and COMMONS AREA!

This is the roof area above the connection point of the current breezeway and the new CAFETERIA and COMMONS AREA.

The drain system is remarkable – there are vertical drains spaced throughout the roof. All drains meet and run to the main drain on the east side of the campus.

The white area at the bottom is the ROOF access (in a mechanical room placed in COMMONS AREA).

AUGUST 2020 Community Update

This is wonderful view point facing south. You can see the existing gym to the right and the new gym to the left; plus, the exterior of the LOCKER ROOMS.

The large open area to the right of the LOCKER ROOMS will be the NEW Weight-Training room!

This the EAST wall of the NEW gym.  
The wall is near full completion and  
will be “Waterproofed” very soon.

AUGUST 2020 Community Update

This is the main entry/exit of the KITCHEN to the COMMONS AREA - you can see the two (2) smaller doors on either side - those are the DOUBLE serving areas for the FOOD SERVICE process. Two (2) doors will greatly increase the amount of time to progress through the serving lines.

This is the new location for the refrigerator and freezer - indoors!

The NEW loading dock will make for easy delivery for products!

AUGUST 2020 Community Update

The above picture displays the overall magnitude of the new CAFETERIA/COMMONS AREA! It will seat eighteen (18) to twenty (20) tables – providing 216 to 240 seats! Allowing for three (3) LUNCH SHIFTS instead of the former five (5) LUNCH SHIFTS!

This is a southeast facing view point of the NEW GYM!

*Striving for Excellence in Everything*

AUGUST 2020 Community Update

## ***RENOVATION UPDATE –***

The teachers were able to begin organizing their classrooms and areas on Monday 8/10/20. All RENOVATED areas are complete, except the former Library-Media center – which will now be classrooms AND the new Library-Media Center (the former cafeteria).

Both areas have outstanding Sheetrock/Dry Wall work to be completed prior to being fully complete. The staff responsible for those areas WILL be able to begin preparations in those areas.

## **AUGUST 2020 SUMMARY**

Overall, the project is behind by about 23 days. This is primarily due to the weather. As the interior block walls continue, the water-proofing and sealing of those walls will take place. Upon completion of this, the exterior brick will be installed.

School will begin on Tuesday, September 8<sup>th</sup>, 2020.
