

"Through the Eyes of My Child"

MSD19 Elementary Curriculum Night

Hosted by the Academic Services Dept.

Do you ever wonder what is going on inside your child's classroom? Do you wish you had better tools to help your child at home with schoolwork?

All caregivers are invited to attend! Learn what students at MSD19 experience in math and ELA—and so much more! We will be featuring mini sessions on OG, Number Corner, instructional coaching, and many other aspects of the PreK-5 curriculum!

Child care will be provided for children ages PreK to grade 5.

September 22, 2022
