

## **SCHOOL DISTRICT SCREENING PROTOCOL**

In an effort to prevent the spread of communicable diseases, especially during a pandemic or public health crisis, the district may implement the following protocol to control and restrict access to school property, activities and events:

The district encourages parents, legal guardians, and all school employees to self-screen at home. If a student or employee has a temperature of 99.5 degrees Fahrenheit or higher, the student or employee should remain at home until the individual has been free of fever for forty-eight (48) hours.

The district may also screen any individual who enters a school facility which screening process may include taking temperatures, asking health-related questions, and isolating those that have symptoms of a communicable disease.

The district will adhere to guidelines set by local, state and federal health and safety guidelines when feasible.
