

Pine Crest Schedules

In our mission to have a successful remote learning experience, administration understands the barriers that working parents are now facing.

At this time, we have the following update to outline expectations for students during home-based learning. Our school day hours are 8:00 a.m.-2:15 p.m. We ask that students log in daily before noon for attendance purposes; however, students may log in and complete work at any time throughout the day/evening. Students will have the flexibility to view materials and videos and complete assignments beyond the school day. All daily assignments will be due by midnight unless otherwise stated by the teacher. Teachers will be available to assist students during the scheduled class times during the school day and will also be available to answer questions via email between the hours of 7:30-3:00. Please see the Daily Grade Level Schedule for Kindergarten through 5th grade for more information on times of subject specific instruction. Students are encouraged to log in and participate in scheduled live videos conducted by teachers.

Special education students will receive an individualized schedule to ensure that IEP minutes are fulfilled. Students in WRS and/or instructional classes may have specified log in times.
