English Language Arts

The district will manage the assessment process so that students seeking competency-based credit can demonstrate competency/proficiency in English Language Arts. Students may demonstrate competence in the following ways:

1. The student may recover one (1) English Language Arts credit following a failed or incomplete English Language Arts course if the student meets standard on a state assessment in English Language Arts;
2. The student may recover one (1) English Language Arts credit following a failed or incomplete English Language Arts course if the student meets standard on an end-of-course exam for an English Language Arts course (where an end-of-course exam is available), or
3. The student may recover one (1) English Language Arts credit following a failed or incomplete English Language Arts course if the student meets standard on another approved state alternative that meets the graduation requirement.
4. The student may obtain one (1) English Language Arts credit for passing a district created assessment that is aligned to state learning standards, such as a portfolio of student work. Students do not need to have attempted and failed a course before being eligible for this option.

Additionally, the student may demonstrate competency/proficiency in an English Language Arts subject and be awarded credit if the student achieves a C or higher grade in the next-higher level course in that English Language Arts subject or a closely related subject.
