

### **8.38—CLASSIFIED PERSONNEL VACATIONS**

240 day contracted employees are credited with 10 days of vacation at the beginning of each fiscal year. This is based on the assumption that a full contract year will be worked. If an employee fails to finish the contract year due to resignation or termination, the employee's final check will be reduced at the rate of .833 days per month, or major portion of a month, for any days used but not earned.

Instructional Employees may not generally take vacation during instructional time. All vacation time must be approved, in advance to the extent practicable, by the superintendent or designee. If vacation is requested, but not approved, and the employee is absent from work in spite of the vacation denial, disciplinary action will be taken against the employee, which may include termination or nonrenewal.
