_____

Please indicate any additional information you wish the school to know:_____

The usual procedure followed at school for asthma is:
1. Allow student to use prescribed asthma medication with assistance given as needed.[1]
2. Encourage relaxation with slow deep breathing, sipping warm fluids.
3. Stay with student and monitor for symptoms
   If symptoms decrease after 15 minutes, return to class.
   If symptoms remain the same after 15 minutes, parent will be contacted for directions.
   If symptoms increase in severity, will call 911, CPR will be started if needed, parents called.
