### District Goals

La Grande School District prides itself in educating all of its students in order that they may develop the academic skills that will enable them to be productive citizens and prepared to meet the challenges of life in the twenty-first century. Our schools are making great effort to improve in reading, writing, and math. We are finding opportunities to challenge and enhance student learning with various enrichment programs. We are working to address the the trauma and social emotional needs of our students. We strive for school to be a safe and inviting environment for all students so they can learn at high levels.

### State Goals

The Oregon Department of Education is working in partnership with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.
