

A DAY IN THE LIFE OF A PANTHER

Lockland Elementary - IN-PERSON LEARNING

 Our **PANTHER** will wake up and a parent will conduct a wellness check including temperature. If our **PANTHER** does NOT have a temperature of over 100°F, is NOT experiencing any other symptoms of COVID, and no one in the household has tested positive for COVID, they will leave home with their mask on and water bottle.

 Once at school, our **PANTHER** will enter through Door 13 beginning at 8 am and go to the cafeteria to pick up food. (All items will be grab-n-go). He/she can sit in the cafeteria socially distanced to eat and then report to class when dismissed.

 Upon arrival, our **PANTHER** will utilize our hand washing protocol by using the hand sanitizer station posted outside of the classroom door.

 In the classroom, our **PANTHER** will sit in their assigned seat with their mask on to begin their day of learning. They will strive to maintain maximum physical distance from their peers throughout the day and will limit the sharing of supplies whenever possible. In the classroom, our **PANTHER** will also participate in small group and/or 1:1 learning situations, independent and small group learning stations, and socially distanced learning spaces while following safety protocols, wearing a mask, and our staff utilizing appropriate disinfecting procedures throughout their day.

 If our **PANTHER** needs to use the restroom during class, the teacher will allow one student at a time to go.

 During lunch, our **PANTHER** will wash or sanitize their hands and will be able to grab his/her lunch from one of the appropriately spaced out serving areas and head to their assigned seat located in either the cafeteria or multi-purpose room.

 Once in their assigned seat, our **PANTHER** will remain seated and will be able to remove their mask to eat. He/she will be facing forward and remain in their seat until dismissed.

 Before getting up from their seat, our **PANTHER** will put his/her mask back on and exit the eating area while maintaining an appropriate distance from other students.

 Upon dismissal of the school day, our **PANTHER** will maintain an appropriate distance from students and staff, making sure not to congregate and gather in common areas. Our **PANTHER** will leave his mask on until off campus.

 Our **PANTHER** enjoyed another great day at LES!

A DAY IN THE LIFE OF A PANTHER

Lockland Elementary-REMOTE LEARNING

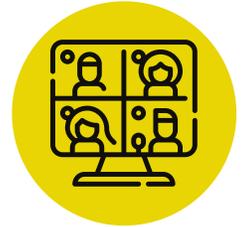

Our **PANTHER** will wake up, eat breakfast, and get ready to begin their day of learning.

Our **PANTHER'S** daily schedule could be similar to the schedule of their peers at school.

Our **PANTHER** will log-in each day at scheduled times to receive daily instruction from a Lockland Elementary School teacher which will include both teacher-led and student managed activities, as well as peer engagement.

Our **PANTHER'S** teacher(s) will engage with them daily to ensure active student involvement as well as provide instruction, refinement of concepts, intervention, and feedback.

Our **PANTHER'S** learning will follow the same curricular guidelines as in a traditional classroom and have the same assessment expectations and grading criteria as their peers at school.

Don't forget, our **PANTHER** will be taught by a Lockland teacher who will support them in their learning, grade submitted work, and monitor their progress. However, parents and guardians provide vital support for our younger students in an online learning environment.
