## **What is NLRSD doing to ensure the health and safety of students, parents and staff during curbside pickup?**

For safety purposes, the Centers for Disease Control and Prevention (CDC)'s recommendation for social distancing must be adhered to in order to protect the NLRSD community and staff.

In order to maintain and honor CDC-recommended social distancing, individuals who drive through the curbside pickup **should not leave their vehicles.**

Those who wait in line for curbside pickup must also practice social distancing and **stay at least six feet apart** from the next individual in line.

During curbside pickup, we ask for patience as our staff members try to accommodate the needs of our children as quickly as possible while complying with CDC's social distancing recommendation.

## **How will changes be communicated to parents?**

Parents will be notified of any curbside pickup changes that occur. The communication methods may include, but are not limited to, calls, text alerts, emails, and updates through district and school websites and social media platforms.
