LEAD- DEADWOOD HIGH SCHOOL ACTIVITY APPROVAL SLIP

In order to allow parents/guardians to be informed of school policies in regard to school approved trips via district owned buses, the following acknowledgment form must be signed by the parent/guardian and then returned to the high school office before any student will be allowed to board the bus. Any student making a school approved trip must ride to and from the activity on the bus provided by Lead-Deadwood Public Schools and NOT to ride in any other vehicle unless other arrangements have been made in advance. Each bus will have a chaperone. The activity sponsor will attempt to notify you if your child does not report on the bus provided by the school. Lead-Deadwood Public Schools will provide transportation to and from the loading place of the bus and it is your responsibility to provide transportation to your home. We suggest you check on approximate departure and return time.

Dear Parents, Teachers, Building Occupants and Employees,

In the past, asbestos was used extensively in building materials because of its insulating, sound absorbing and fire-retardant capabilities. Virtually any building constructed before the late 1970s contained some asbestos. Intact and undisturbed asbestos material generally do not pose a health risk. Asbestos materials, however, can become hazardous when, due to damage or deterioration over time, they release fibers. If the fibers are inhaled, they can lead to health problems such as cancer or asbestosis.

In 1986, The U.S. Congress passed the Asbestos Hazard Emergency Response Act, (AHERA), which requires schools to be inspected to identify any asbestos containing building materials, (ACBM). Suspected ACBM are located, sampled and rated according to condition and potential hazard.

The law further requires an asbestos management plan to be in place. The Lead-Deadwood School District developed a plan in 1988 as required, which will be continually updated. The plan has several ongoing requirements, which includes this annual notification, plan availability for review and the status of all asbestos related activities.

Our school buildings here a Lead-Deadwood School District are free of ACBM with the exception of the floor tile and some pipe insulation. This material is well covered and will not pose a health hazard unless disturbed. We will continue to monitor this area as required and ensure that no building materials used in future construction contain asbestos.

It is the intention of the Lead-Deadwood School District to comply with all Federal and State Regulations controlling asbestos and to take whatever steps are necessary to ensure students and employees a healthy and safe environment in which to learn and work. You are welcome to review a copy of the Asbestos Management Plan.

Bill Snow is our designated asbestos program coordinator. All inquiries regarding the asbestos plan or asbestos related issues should be directed to him.

I have read and am aware of the asbestos information of the Lead-Deadwood School District.

Lead-Deadwood School District Tablet PC Protection Agreement

The Lead-Deadwood School District recognizes that with the implementation of the Classroom Connection Initiative there is a need to protect the investment by the District and the Faculty / Student / Parent. The laptop user agreement outlines the various areas of program management including use, care, warranty, accidental damage protection, intentional damage and insurance.

THEFT, LOSS OR FIRE: Participants in the Classroom Connections program must provide assurance for the well being of the machine. Students must provide assurance to the district that the machine is adequately insured while in their possession in one of the following ways: providing proof of home-owners or renters insurance that would cover the theft, loss, or fire/flood damage of the system; purchasing optional protection coverage from the Lead-Deadwood School District; or declining all protection options assuming full fiscal responsibility for the computer. Lead-Deadwood School District will make available an annual protection payment for coverage of theft, loss or damage by fire in the amount of \$25.00 or \$50.00 maximum per family. The \$25.00 payment is non-refundable. This protection coverage has a \$250.00 additional charge per occurrence. This annual coverage begins upon receipt of the payment and ends when the laptop and all components are checked in and approved by the tech department at the conclusion of the school year or enrollment.

ADDITIONAL INFORMATION: In cases of theft, vandalism or other criminal acts, a police report, or in the case of fire, a fire report **MUST be filed by the faculty, student or parent** for the protection coverage to take place. A copy of the police/fire report must be provided to the principal's office. The \$250.00 additional charge is the responsibility of the faculty/student/parent and must be paid before the laptop can be repaired or replaced.

INTENTIONAL DAMAGE: Faculty / students / parents are responsible for full payment of intentional damages to laptops. Warranty, Accidental Damage Protection, or School District Laptop Protection **DOES NOT** cover intentional damage of the laptops. Faculty / students / parents will have **full financial responsibility** for intentional damage.

NEGLIGENCE/ABUSE: Students are responsible for the general care of the computer they have been issued by the school. Computers that are broken or fail to work properly must be taken to the technology Help Desk. Computer damage due to negligence or repeated breakage, and deemed not to be covered by the accidental coverage plan, will be subject to service fees for repair. Students identified as negligent or abusive will be required to check-in and check-out daily a tablet until the fee is paid and may have use of district provided technology revoked. The fees for repairs are as follows.

Broken Screen	\$590
Broken or lost Stylus	\$45
Broken or lost Stylus Tether	\$7
Broken System Board	\$980
Broken or lost Charger	\$30
Broken or lost Battery	\$75

Many laptop items become broken or have failure due to wear and tear. It will be the determination of the technology department to determine whether the failure was due to normal wear and tear or neglect.

Technology AUP

**Lead-Deadwood School District 40-1
District Technology Acceptable Use Agreement**

Lead-Deadwood School District believes technology use is an essential skill for lifelong learning. The goal in providing computer and Internet access to staff and students is to promote educational excellence by facilitating resource sharing, innovation, and communication. All users are required to sign this agreement before they may access district resources, and all students must also have their parent/guardian sign the following guidelines for account privileges. By signing this agreement, parents/guardians give their permission for their child to access these services.

The Lead-Deadwood School District will make every reasonable effort to give access to educationally appropriate resources, including Internet sites. However, it may not be technologically possible to limit Internet access to only those sites that have been authorized for the purpose of instruction, and research related to the curriculum.

The use of electronic networks is a privilege, not a right. General school rules for behavior and communications apply. Users are responsible for possession of any and all materials and for all actions with the use of the account. Violation of district policy through the use of technology will result in disciplinary action in accordance with district policy. When applicable, law enforcement agencies may become involved. Examples of inappropriate use include, but are not limited to:

- Accessing, uploading, downloading, distributing, viewing or possessing any offensive files that may be pornographic, obscene or contain sexually explicit material or language.
- Harassing, insulting, or attacking others.
- Damaging or modifying computers, computer systems, or computer networks.
- Violating copyright laws.
- Using others' access information such as usernames and passwords or trespassing in others' folders, work, or files.
- Forgery of electronic communications.
- Intentionally wasting resources.
- Employing the network for commercial purposes, financial gain, or fraud.

The Lead-Deadwood School District makes no warranties of any kind, expressed or implied, for the Internet access it is providing. The District will not be responsible for any unauthorized financial obligations resulting from the use of this account.

I have read this agreement and agree to adhere to the principles and procedures detailed within.

Dear Parents:

The school district does not provide any type of health or accident insurance for injuries incurred by your child at school.

As a service to students and their families, our school is making available a student accident insurance plan for your child at a very nominal cost. The district offers this program because of trends in rising family health and dental insurance costs, increased deductibles, co-payments, or lack of health or dental insurance coverage.

REASONS TO PURCHASE THIS COVERAGE:

1. Deductible and co-pays in your health plan. Many health plans have increased the amount of out-of-pocket expenses.
2. No insurance.

This plan will provide benefits for medical expenses incurred because of an accident. If you have other insurance, benefits can be applied to your deductible or co-pays.

If you have no other insurance, this will become your primary accident plan.

PURCHASE COVERAGE ON-LINE (with Visa or MasterCard) at www.1stAgency.com and then follow directions at "Find Your School."

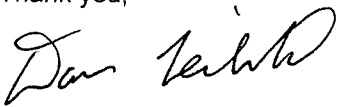

OR

PRINT BROCHURE PDF FROM SCHOOL DISTRICT PAGE at www.1stAgency.com and pay with check or money order.

All questions regarding this coverage should be directed to First Agency at (269) 381-6630, or toll free at (800) 243-6298.

Please sign and return the information below if you already have adequate insurance.

Thank you,
