## Chromebooks

Each Chromebook has mobile management software that allows a teacher or administrator to view the Chromebook's screen, control Chrome browser, and lock/disable the Chromebook. The District has full rights to monitor and control all of the sites visited on school-issued Chromebooks. The acceptable use policy and student handbook apply 24/7 on school-issued devices regardless of their location/network. Only school-issued Google accounts will be able to log in to the Chromebooks.

## GoGuardian Teacher

GoGuardian Teacher is software that allows teachers to:

- Monitor what's on the screen of a school device during a Classroom Session. Students will see a blue schoolhouse on the side of their screen (at all times). This is a feature to let the students know we can see their screens. This icon can be moved around the screen by the student if necessary. Students will also see a notice when they join a teacher's session.
- Open a tab or close a tab on a student's Chromebook.
- Lock or unlock the screen on a student's Chromebook.
