August 10, 2020

Dear Parents / Guardians,

We understand that you chose the virtual learning option for your student, but it is necessary for students to come on campus before the start of the school year. To ensure a successful virtual learning experience, this orientation is mandatory for all virtual students.

Enclosed is enrollment paperwork for the 2020-2021 school year. We ask that all paperwork be completed and brought with you to orientation.

At orientation, students will receive a Chromebook / charger, art supplies, and a tutorial on the learning management system they will use for virtual learning. For families in need of internet, we will discuss options and arrange for devices.

Meals will be available to all virtual students. More information will be provided at orientation.

Monday, August 17	Tuesday, August 18
5th Grade – 8:30-10:30	7th Grade – 8:30-10:30
6th Grade – 12:30-2:30	8th Grade – 12:30-2:30

Orientation is a drop-in. Please come to the middle school during the times listed above for your grade level. Once you arrive, it will take approximately 30 minutes to pick up materials and be trained.

Due to safety concerns, we ask that only one parent or guardian accompany the student to orientation. It is also necessary to limit additional children to Highland school-aged students.

We look forward to seeing you and your student next week.

Paulette Crouthers
Highland Middle School Principal
