

Lebanon Elementary School
“Meet the Teacher” Drive-Thru Event
Monday, August 17, 2020
5:30-6:30

Students and parents of Lebanon Elementary School, the faculty and staff are so excited and ready to kick off the 2020-21 school year! Due to restrictions stemming from COVID-19, we are unable to have you all come into the building to meet your teachers and other staff members before school officially kicks-off on August 24th. But we just had to figure out a way to meet you all anyway!

On Monday, August 17, 2020, at 5:30-6:30, directly following the Virtual Open House, we are inviting you all to drive through the rear parking lot to meet us all! Teachers will be lined around the fence with a banner or poster stating which grade level or department that they represent. Make sure to slow down and wave to the awesome faculty and staff members for the '20-21 school year. We will be elated to greet you.

This type of drive-thru event ensures that all of our students are practicing social distancing. As I have observed some parades that came through my neighborhood, the students were so excited that many of them ran to the sidewalk and gathered in bunches to see their teachers. As always, safety will be our number one priority, and practicing social distancing is a must, if we intend to kill this virus and keep our families safe!

Teachers and staff members will be positioned on school grounds (6ft apart) with our signs waving to our students. Parents should follow the path to ensure the safety of everyone involved. Students should remain inside cars as parents slowly progress along the route. Students can lean out of the windows, while on school grounds to yell and wave, but should remain inside the car. Students should be properly buckled in before leaving school grounds. Cars should slowly progress, not stopping or speeding. Teachers and staff members will be along the drive-thru route to greet our families.

If EVERYONE will follow these guidelines, it will keep everyone safe and ensure that we all have a great time!! While we are hopeful that we will get back to school soon, we are all excited to see our students and families at our “Meet the Teacher” Drive-Thru event on Monday afternoon!!!
