

Logging in to Chromebook without a Badge

Once you have followed these instructions, you will be logged in and this puts you in CLEVER which houses all of your software programs and Google Classroom.

1. When you boot up your Chromebook, select the option to “Sign in with a different account”

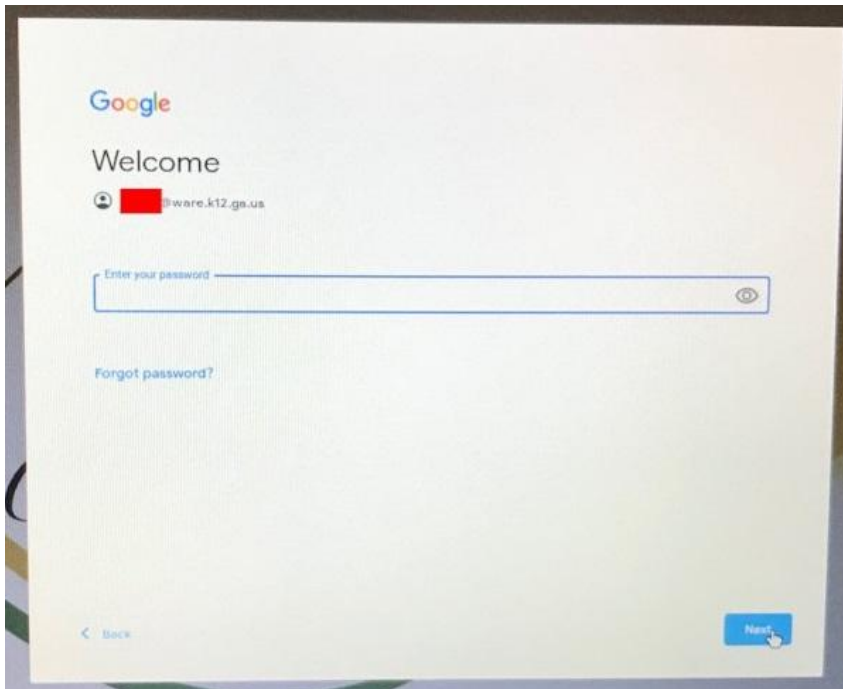

2. Now enter the 5-digit student number and click “Next”

3. Now enter the password, which should be in the pattern of ruskin##### with the 5-digit student number (which is the same as a student's AR #) in place of the #'s.

4. Your Chromebook will boot up and take you to the Clever login page, click on the "Log in with Google" button.

5. And that's it! You're logged in to your Clever dashboard.
